In addition, further notice shall be given by the Paying Agent in such manner as may be required or suggested by regulations or market practice at the applicable time, but no defect in such further notice nor any failure to give all or any portion of such further notice shall in any manner defeat the effectiveness of a call for redemption if notice thereof is given as prescribed herein.

Section 303. Execution, Authentication and Delivery of Bonds. The Bonds shall be executed in the name of the City by the manual or facsimile signatures of the Mayor and the Finance Director of the City and authenticated by the manual signature of the Finance Director or an authorized representative of the Paying Agent, as the case may be, and a facsimile of the seal of the City shall be imprinted on the Bonds. The Bonds shall be delivered to the Litigation Trust for the Benefit of the Settling COP Claimants as described in the Plan of Adjustment. Additional Bonds bearing the manual or facsimile signatures of the Mayor of the City and the Finance Director, and upon which the facsimile of the seal of the City is imprinted may be delivered to the Paying Agent for authentication and delivery in connection with the exchange or transfer of Bonds. The Paying Agent shall indicate on each Bond the date of its authentication.

Section 304. Authentication of the Bonds. (a) No Bond shall be entitled to any benefit under this Order or be valid or obligatory for any purpose unless there appears on such Bond a Certificate of Authentication substantially in the form provided for in Section 307 of this Order, executed by the manual or facsimile signature of the Finance Director or by an authorized signatory of the Paying Agent by manual signature, and such certificate upon any Bond shall be

conclusive evidence, and the only evidence, that such Bond has been duly authenticated and delivered hereunder.

(b) The Paying Agent shall manually execute the Certificate of Authentication on each Bond upon receipt of a written direction of the Authorized Officer of the City to authenticate such Bond.

Section 305. Transfer of Registration and Exchanges on the Bonds. (a) The registration of each Bond is transferable only upon the Bond Registry by the Registered Owner thereof, or by his attorney duly authorized in writing, upon the presentation and surrender thereof at the designated corporate trust office of the Paying Agent together with a written instrument of transfer satisfactory to the Paying Agent, duly executed by the Registered Owner thereof or his attorney duly authorized in writing, and thereupon one or more fully executed and authenticated Bonds in any authorized denominations of like maturity and tenor, in equal aggregate principal amount shall be issued to the transferee in exchange therefor.

(b) Each Bond may be exchanged for one or more Bonds in equal aggregate principal amount of like maturity and tenor in one or more authorized denominations, upon the presentation and surrender thereof at the principal corporate trust office of the Paying Agent together with a written instrument of transfer satisfactory to the Paying Agent, duly executed by the Registered Owner hereof or his attorney duly authorized in writing.

Section 306. Regulations with Respect to Exchanges and Transfers. (a) In all cases in which the privilege of exchanging Bonds or transferring the registration of Bonds is exercised, the City shall execute and the Paying Agent shall authenticate and deliver Bonds in accordance with the provisions of this Order. All Bonds surrendered in any such exchanges or transfers shall be forthwith canceled by the Paying Agent.

(b) For every exchange or transfer of Bonds, the City or the Paying Agent may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer and, except as otherwise provided in this Order, may charge a sum sufficient to pay the costs of preparing each new Bond issued upon such exchange or transfer, which shall be paid by the person requesting such exchange or transfer as a condition precedent to the exercise of the privilege of making such exchange or transfer.

(c) The Paying Agent shall not be required (i) to issue, register the transfer of or exchange any Bond during a period beginning at the opening of business 15 days before the day of the giving of a notice of redemption of Bonds selected for redemption as described in the form of Bonds contained in Section 307 of this Order and ending at the close of business on the day of that giving of notice, or (ii) to register the transfer of or exchange any Bond so selected for redemption in whole or in part, except the unredeemed portion of Bonds being redeemed in part. The City shall give the Paying Agent notice of call for redemption at least 20 days prior to the date notice of redemption is to be given.

Section 307. Form of the Bonds. The Bonds shall be in substantially the following form with such insertions, omissions, substitutions and other variations as shall not be inconsistent with this Order or as approved by an Authorized Officer in the Supplemental Order:

[Form of Bonds]

[Unless this certificate is presented by an authorized representative of The Depository Trust Company, a New York corporation (“DTC”) to the City (as hereinafter defined), or its agent for registration of transfer, exchange, or payment and any certificate issued is registered in the name of Cede & Co. or in such other name as is requested by an authorized representative of DTC (and any payment is made to Cede & Co. or to such other entity as is requested by an authorized representative of DTC), ANY TRANSFER, PLEDGE, OR OTHER USE HEREOF FOR VALUE OR OTHERWISE BY OR TO ANY PERSON IS WRONGFUL inasmuch as the registered owner hereof, Cede & Co., has an interest herein.]

Registered Owner:

Principal Amount: _____ Dollars

The City of Detroit, County of Wayne, State of Michigan (the “City”), acknowledges itself to owe and for value received hereby promises to pay to the Registered Owner specified above, or registered assigns, the Principal Amount specified above, in lawful money of the United States of America, on the Maturity Date specified above, unless prepaid prior thereto as hereinafter provided, with interest thereon at the Interest Rate specified above per annum from the Date of Original Issue specified above until the Maturity Date specified above or until the Principal Amount specified above is paid in full. Interest is payable annually on June 30 in each year commencing on June 30, 20__ (each an “Interest Payment Date”). The interest so payable, and punctually paid or duly provided for, will be paid, as provided in the hereinafter defined Order, to the person in whose name this Bond is registered on the books maintained for such purpose by the hereinafter defined Paying Agent (the “Bond Registry”), on the close of business on the Regular Record Date for such interest payment, which shall be the fifteenth day (whether or not a Business Day) of the calendar month immediately preceding such Interest Payment Date. Any such interest not so punctually paid or duly provided for shall herewith cease to be payable to the Registered Owner on such Regular Record Date, and may be paid to the person in whose name this Bond is registered at the close of business on a Special Record Date for the payment of such defaulted interest to be fixed by the Paying Agent, notice of which shall be given to Registered Owners at least seven days before such Special Record Date, or may be paid at any time in any other lawful manner.

The principal of this Bond is payable in lawful money of the United States of America upon presentation and surrender of this Bond at the designated corporate trust office of _____, _____, _____, as registrar, transfer agent and paying agent under the Order (such bank and any successor as paying agent, the "Paying Agent"). Interest shall be computed on the basis of a 360-day year consisting of twelve 30 day months. For prompt payment of this Bond, both principal and interest, the full faith, credit and resources of the City are hereby irrevocably pledged.

In the event that the City fails to make a principal and interest payment when due (a "Payment Default"), the City shall have 30 days, following written notice of such default (the "Cure Period"), to cure such Payment Default. Failure to cure a Payment Default within the Cure Period will result in application of additional default rate interest at the rate of 2% per annum until such Payment Default is cured.

A copy of the Order is on file and available for inspection at the office of the Finance Director and at the principal corporate trust office of the Paying Agent.

Section 308. Registration. The City and the Paying Agent may treat and consider the Registered Owner of any Bond as the absolute owner of such Bond, whether such Bond shall be overdue or not, for the purpose of receiving payment of, or on account of, the principal (and premium, if any) thereof and interest thereon and for all other purposes whatsoever, and all such payments so made to such Bondowner or upon his order shall be valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid.

Section 309. Mutilated, Destroyed, Stolen or Lost Bonds. (a) Subject to the provisions of Act 354, Public Acts of Michigan, 1972, as amended and any other applicable law, if (i) any mutilated Bond is surrendered to the Paying Agent or the City and the Paying Agent and the City receive evidence to their satisfaction of the destruction, loss or theft of any Bond and (ii) there is delivered to the City and the Paying Agent such security or indemnity as may be required by them to save each of them harmless, then, in the absence of notice to the City or the Paying Agent that such Bond has been acquired by a bona fide purchaser, the City shall execute and the Paying Agent shall authenticate and deliver in exchange for or in lieu of any such mutilated, destroyed, lost or stolen Bond, a new Bond of like tenor and principal amount, bearing a number not contemporaneously outstanding.

(b) If any such mutilated, destroyed, lost or stolen Bond has become or is about to become due and payable, the City in its discretion may, instead of issuing a new Bond, pay such Bond.

(b) If (i) the City and the Paying Agent receive written notice from the Security Depository to the effect that the Security Depository is unable or unwilling to discharge its responsibilities with respect to the Bonds under the book-entry-only system maintained by it or (ii) the Authorized Officer determines that it is in the best interests of the Beneficial Owners that they be able to obtain Bonds in certificated form, then the City may so notify the Security Depository and the Paying Agent, and, in either event, the City and the Paying Agent shall take appropriate steps to provide the Beneficial Owners with Bonds in certificated form to evidence their respective ownership interests in the Bonds. Whenever the Security Depository requests the City and the Paying Agent to do so, the Authorized Officer on behalf of the City and the Paying Agent will cooperate with the Security Depository in taking appropriate action after

reasonable notice to make available Bonds registered in whatever name or names the Beneficial Owners transferring or exchanging Bonds shall designate.

(c) Notwithstanding any other provision of the Order to the contrary, so long as the Bonds are held pursuant to the book-entry-only system maintained by the Security Depository:

(i) all payments with respect to the principal and interest on such Bonds and all notices with respect to such Bonds shall be made and given, respectively, to the Security Depository as provided in the representation letter from the City and the Paying Agent to the Security Depository with respect to such Bonds; and

(ii) all payments with respect to principal of the Bonds and interest on the Bonds shall be made in such manner as shall be prescribed by the Security Depository.

The officer or officers responsible for processing the payroll shall cause a Member's Mandatory Employee Contributions to be deducted from the Member's Compensation on each and every payroll, for each and every payroll period, from the date of his participation in the Retirement System to the date he ceases to be a Member. The contribution shall be deducted from the Members' Compensation, notwithstanding that the minimum compensation provided by law for any Member shall be reduced thereby. Payment of compensation, less said Mandatory Employee Contributions, shall be a complete discharge of all claims and demands whatsoever for the services rendered by the said Member during the period covered by such payment. Member Mandatory Employee Contributions will be used for the purpose of funding the normal cost of the Retirement System.

Sec. 9.4. Member Contributions Picked-Up

- (1) The Employer shall pick up Member Mandatory Employee Contributions required pursuant to Sections 9.3(3) and 9.5 in accordance with Code Section 414(h).
- (2) The picked-up contributions, although designated as employee contributions shall be treated as City contributions for the purpose of determining a Member's tax treatment under the Internal Revenue Code. The City shall pay the contributions picked-up on behalf of a Member from the same source of funds that are used for paying compensation to the Member.
- (3) The Employer shall pick up Member Mandatory Employee Contributions by a reduction in the Member's cash salary or an offset against a future salary increase, or both. The Employer shall designate Mandatory Employee Contributions that are picked-up and paid to the Retirement System as employer contributions and not as employee contributions. No Member who participates in the Retirement System shall have the option of choosing to receive the contributed amounts directly instead of having those amounts paid by the City to the Retirement System.

Sec. 9.5. Fiscal Responsibility: Increased Funding Obligations and Benefit Reductions

- (1) To safeguard the long-term actuarial and financial integrity of the Retirement System, in the event the funding level of Component I of the Retirement System projected over a five year period falls below one hundred percent (100%), the following remedial action shall be required in the order set forth below, beginning with the Plan Year following the Plan Year in which such determination is made and continuing until the funding level is restored to not less than one hundred percent (100%):

- (a) the Trustee may not award the variable pension improvement factor (escalator) described in Section 6.2 to any Retiree;
 - (b) all amounts credited to the Rate Stabilization Fund shall be transferred to the Pension Accumulation Fund for the purposes of funding benefits payable under Component I of the Retirement System; and
 - (c) Member Mandatory Contributions shall be increased from four percent (4%) of Compensation to five percent (5%) of Compensation for the next following five Plan Years.
- (2) In the event the funding level of the Retirement System determined as provided in Section 9.5(1) is projected to fall below eighty percent (80%), the following remedial action shall be required in the order set forth below, beginning with the Plan Year following the Plan Year in which such determination is made and continuing until the funding level is restored to not less than eighty percent (80%):
- (a) the remedial action required in Section 9.5(1) shall be implemented or continued;
 - (b) the Retirement Allowance payable to a Retiree shall not include the variable pension improvement factor (escalator) that was most recently added to the Retiree's Retirement Allowance for a Plan Year;
 - (c) Member Mandatory Employee Contributions shall be increased from five percent (5%) of Compensation to six percent (6%) of Compensation for the next following five Plan Years;
 - (d) the Retirement Allowance payable to a Retiree shall not include the variable pension improvement factor (escalator) that was most recently added to the Retiree's Retirement Allowance for the Plan Year preceding the Plan Year referenced in paragraph (b) above; and
 - (e) the Retirement Allowance accrued by Members for up to a five Plan-Year-period shall be determined as provided in Section 6.1, except that one percent (1%) shall be substituted for one and one-half percent (1.5%) wherever it appears in said Section 6.1.
- In determining whether the eighty percent (80%) funding level under this Section 9.5(2) has been achieved, the Plan's Actuary shall calculate the funding percentage of the Retirement System after taking into account the elimination of the variable pension improvement factor (escalator) pursuant to Section 9.5(1)(a) but prior to taking into account the remedial steps provided in Sections 9.5(1)(b) and (c).
- (3) For purposes of this Section 9.5, the "funding level" shall mean the ratio of the market value of the assets of Component I of the Retirement System to the actuarial accrued liability of Component I of the Retirement System. The actuarial accrued liability shall be calculated by the Plan's Actuary utilizing an interest rate assumption of six and three-quarters percent (6.75%) and other reasonable assumptions as directed by the Board upon the recommendation of the Investment Committee. The market value of assets shall be determined on the basis of a three-year look back period of smoothed investment returns.

ARTICLE 10 – VOLUNTARY EMPLOYEE CONTRIBUTIONS

Sec. 10.1. Voluntary Employee Contributions; Amount; Vesting

Subject to procedures established by the Board, a Member may elect to reduce his Compensation for any Plan Year by a whole percentage equal to three percent (3%), five percent (5%) or seven percent (7%) and have such amount contributed by the Employer to a Voluntary Employee Contribution Account maintained on his behalf under Component I of the Retirement System. Voluntary Employee Contributions shall be made to the Retirement System on an after-tax basis. Amounts credited to a Member's Voluntary Employee Contribution Account shall be one hundred percent (100%) vested at all times.

Sec. 10.2. Changing an Election to Contribute

A Member may change or revoke an election to make Voluntary Employee Contributions to the Retirement System pursuant to this Article 10 in such manner and with such advance notice as the Board shall determine. Notwithstanding the foregoing, a Member shall be permitted to change such election not less frequently than annually.

Sec. 10.3. Individual Member Accounting; Crediting of Earnings

The Board shall maintain a Voluntary Employee Contribution Account on behalf of each Member who elects to make Voluntary Employee Contributions to the Retirement System. Each Plan Year, a Member's Voluntary Employee Contribution Account shall be credited with earnings at a rate equal to the actual net investment rate of return on the assets of the Retirement System for the second fiscal year immediately preceding the fiscal year in which the earnings are credited; in no event, however, shall the earnings rate credited to a Member's Voluntary Employee Contribution Account for any Plan Year be less than zero percent (0%) nor greater than five and one-quarter percent (5.25%).

Sec. 10.4. Distribution of Accumulated Voluntary Employee Contributions

- (1) If a Member ceases to be an Employee other than by reason of death, the Member may elect to receive distribution of the Accumulated Voluntary Employee Contributions made to the Retirement System by such Member. If a Member elects to receive his Accumulated Voluntary Employee Contributions, such amounts shall be paid to the Member in a lump sum payment or in equal monthly installments for a period not to exceed three years, according to such rules and regulations as the Board may adopt from time to time.
- (2) In lieu of receiving distribution of his Accumulated Voluntary Employee Contributions as provided in Section 10.4(1), a Member may elect to have the actuarial equivalent value of his Accumulated Voluntary Employee Contributions added to his Retirement Allowance and paid in the form of an annuity described in Section 8.1.
- (3) If a Member dies while employed by the Employer or following termination of employment but prior to receiving distribution of the Member's Accumulated Voluntary Employee Contributions, the amounts credited to the Member's Accumulated Voluntary Employee Contribution Account at the time of death shall be paid to the Beneficiary nominated in a written designation duly executed by the Member and filed with the Board. In the event there is no such designated Beneficiary surviving, the Member's Accumulated Voluntary Employee Contributions shall be paid to the Member's estate. If a Member who dies without a legal will has not nominated a Beneficiary, the Member's Accumulated Voluntary Employee Contributions at the time of death

may be used to pay burial expenses if the Member leaves no other estate sufficient for such purpose. Such expenses shall not exceed a reasonable amount as determined by the Board.

ARTICLE 11 – LOAN PROGRAM FOR VOLUNTARY EMPLOYEE CONTRIBUTIONS

Sec. 11.1. The Loan Program

A loan program shall be available to Members who have amounts credited to a Voluntary Employee Contributions Account. The Board is authorized to adopt rules and regulations, from time to time, to govern the administration and the operation of the loan program. Copies of the rules shall be made available to eligible Members in the offices of the Retirement System. Any loans granted or renewed under the Retirement System shall be made and administered pursuant to and in compliance with Section 72(p) of the Internal Revenue Code and regulations thereunder.

Sec. 11.2. Eligibility for Loan

Subject to the rules and procedures established by the Board, loans may be made to eligible Members from such Member's Voluntary Employee Contribution Account. An eligible Member is any Member who has participated in the Retirement System for twelve (12) months or more. Former Members, Spouses and Beneficiaries are not eligible to receive any loans from the Retirement System. No Member shall have more than two (2) outstanding loans from the Retirement System (Component I and/or Component II) at any time. A Member who has previously defaulted on a loan shall not be eligible for a loan from the Retirement System.

Sec. 11.3. Amount of Loan

An eligible Member who has satisfied applicable rules and procedures established by the Board may borrow from his Voluntary Employee Contribution Account an amount, which does not exceed the lesser of (i) fifty percent (50%) of the Member's Voluntary Employee Contribution Account balance, and (ii) Ten Thousand Dollars (\$10,000.00), in each case reduced by the excess, if any, of: (1) the Member's highest outstanding loan balance under the Retirement System during the one (1) year period ending on the day before the date on which the loan is made, or (2) the outstanding loan balance under the Retirement System on the date on which the loan is made, whichever is less. The minimum loan amount shall be One Thousand Dollars (\$1,000.00).

Sec. 11.4. Terms and Conditions

In addition to such rules and procedures that are established by the Board, all loans shall comply with the following terms and conditions:

- (a) Each loan application shall be made in writing.
- (b) All loans shall be memorialized by a collateral promissory note for the amount of the loan, including interest, payable to the order of the Retirement System and properly executed by the Member.
- (c) Each loan shall be repaid by substantially equal payroll deductions over a period not to exceed five (5) years, or, where the loan is for the purpose of buying a principal residence, a period not to exceed fifteen (15) years. In no case shall the amount of the payroll deduction be less than Twenty Dollars (\$20.00) for any two-week pay period. A Member receiving a loan will be required to authorize payroll deductions from his compensation in an amount sufficient to repay the loan over its term.

- (d) An amount equal to the principal amount of the loan to a Member (but not more than one half of the Member's vested interest in the Retirement System) will be designated as collateral for guaranteeing the loan.
- (e) Each loan shall bear interest at a rate determined by the Board. The Board shall not discriminate among Members in its determination of interest rates on loans. However, loans initiated at different times may bear different interest rates, where, in the opinion of the Board, the difference in rates is supported by a change in market interest rates or a change in the Retirement System's current assumed rate of return. The loan interest rate shall bear a reasonable relationship to market rates for secured loans of a similar duration and shall bear a reasonable relationship to the costs to the Retirement System of administering the loan. The loan interest rate shall be calculated in a manner that will not negatively affect either the Employer's costs with respect to the Retirement System or the investment return allocated to Members.
- (f) Loan repayments shall be suspended during a period of military service, as permitted by Section 414(u)(4) of the Internal Revenue Code. A Member who has an outstanding loan balance from the Retirement System who is absent from employment with the City, and who has satisfied the requirements of Section 414(u) of the Internal Revenue Code shall not be required to make loan repayments to the Retirement System during said periods of absence.

Sec. 11.5. Loan Balance

A Member's outstanding loan balance shall be considered a directed investment by the Member and interest payments shall be credited to the Member's Voluntary Employee Contribution Account (provided that the interest credited to the Member's Voluntary Employee Contribution Account shall be reduced appropriately to cover the administrative costs of the loan program and avoid negatively affecting the Employer's costs or the Retirement System's investment returns), and shall not be part of the Retirement System's net investment income or part of the Member's Voluntary Employee Contribution Account balance for the purpose of allocation of net investment income under the Retirement System.

Sec. 11.6. Default

In the event a Member defaults on a loan before the loan is repaid in full, the unpaid balance thereof will become due and payable and, to the extent that the outstanding amount is not repaid by the end of the calendar quarter which follows the calendar quarter in which the last payment was received, such amount shall be deemed to have been distributed to the Member for tax purposes, consistent with Section 72(p) of the Internal Revenue Code.

Sec. 11.7. Distribution

No distribution shall be made to a Member, former Member, Spouse or Beneficiary from the Retirement System until all outstanding loan balances and applicable accrued interest have been repaid or offset against amounts distributable to the Member from the Retirement System.

ARTICLE 12 - LIMITATION ON BENEFITS AND CONTRIBUTIONS

Sec. 12.1. Compliance With Code Section 415(b) And Regulations

- (1) Notwithstanding any other provision of this Combined Plan Document, the defined benefit component of the Retirement System shall be administered in compliance with the provisions of Code Section 415(b) and regulations thereunder that are applicable to governmental plans.
- (2) The maximum annual benefit accrued by a Member during a limitation year (which shall be the Plan Year) and the maximum annual benefit payable under the Retirement System to a Member at any time within a Plan Year, when expressed as an annual benefit in the form of a straight life annuity (with no ancillary benefits), shall be equal to \$160,000 (as such amount is adjusted pursuant to Code Section 415(d) for such Plan Year).
- (3) Notwithstanding the foregoing:
 - (a) if the benefit under the Retirement System is payable in any form other than a straight life annuity, the determination as to whether the limitation described in Section 12.1(2) has been satisfied shall be made, in accordance with the regulations prescribed by the Secretary of the Treasury, by adjusting such benefit to the Actuarially Equivalent straight life annuity beginning at the same time, in accordance with Section 12.1(8) or (9);
 - (b) if the benefit under the Retirement System commences before Age sixty-two, the determination of whether the limitation set forth in Section 12.1(2) (the "Dollar Limit") has been satisfied shall be made, in accordance with regulations prescribed by the Secretary of the Treasury, by reducing the Dollar Limit so that the Dollar Limit (as so reduced) is equal to an annual benefit payable in the form of a straight life annuity, commencing when such benefit under the Retirement System commences, which is Actuarially Equivalent to a benefit in the amount of the Dollar Limit commencing at Age sixty-two; provided, however, if the Retirement System has an immediately commencing straight life annuity commencing both at Age sixty-two and the age of benefit commencement, then the Dollar Limit (as so reduced) shall equal the lesser of (i) the amount determined under this Section 12.1(3)(b) without regard to this proviso, or (ii) the Dollar Limit multiplied by a fraction the numerator of which is the annual amount of the immediately commencing straight life annuity under the Retirement System and the denominator of which is the annual amount of the straight life annuity under the Retirement System, commencing at Age sixty-two; and
 - (c) if the benefit under the Retirement System commences after Age sixty-five, the determination of whether the Dollar Limit has been satisfied shall be made, in accordance with regulations prescribed by the Secretary of the Treasury, by increasing the Dollar Limit so that the Dollar Limit (as so increased) is equal to an annual benefit payable in the form of a straight life annuity, commencing when the benefit under the Retirement System commences, which is Actuarially Equivalent to a benefit in the amount of the Dollar Limit commencing at Age 65; provided, however, if the Retirement System has an immediately commencing straight life annuity commencing both at Age sixty-five and the Age of benefit commencement, the Dollar Limit (as so increased) shall equal the lesser of (i) the amount determined under this Section 12.1(3)(c) without regard to this proviso, or (ii) the Dollar Limit multiplied by a fraction the numerator of which is the annual amount of the immediately commencing straight life annuity under the Retirement System and the denominator of which is the annual amount of the immediately

commencing straight life annuity under the Retirement System, commencing at Age sixty-five.

- (4) Notwithstanding the foregoing provisions of this Section 12.1, except as provided in Section 12.1(5), the maximum annual benefit specified in Section 12.1(2) above shall not apply to a particular Retirement System benefit if (a) the annual amount of such Retirement System benefit, together with the aggregate annual amount of any other pensions payable with respect to such Member under all other defined benefit plans maintained by the Employer, does not exceed \$10,000 for the Plan Year or any prior Plan Year and (b) the Member was not at any time a participant in a defined contribution plan maintained by the Employer.
- (5) In the case of a Member who has less than ten years of participation in the Retirement System, the limitation set forth in Section 12.1(2) shall be such limitation (without regard to this Section 12.1(5)), multiplied by a fraction, the numerator of which is the number of years of participation in the Retirement System (or parts thereof) credited to the Member and the denominator of which is ten. In the case of a Member who has less than ten years of Vesting Service, the limitations set forth in Paragraph (b) of Section 12.1(2) and in Section 12.1(4) shall be such limitations (determined without regard to this Section 12.1(5)) multiplied by a fraction, the numerator of which is the number of years of Vesting Service, or parts thereof, credited to the Member and the denominator of which is ten.
- (6) Notwithstanding anything in this Section 12.1 to the contrary, if the annual benefit of a Member who has terminated employment with the Employer is limited pursuant to the limitations set forth in Section 12.1(2), such annual benefit shall be increased in accordance with the cost-of-living adjustments of Code Section 415(d).
- (7) For purposes of determining actuarial equivalence under Paragraph (b) or (c) of Section 12.1(3), the interest rate assumption shall be five percent (5%) and the mortality table used shall be the applicable mortality table specified by the Board.
- (8) The actuarially equivalent straight life annuity for purposes of adjusting any benefit payable in a form to which Code Section 417(e)(3) does not apply, as required by Paragraph (a) of Section 12.1(3), is equal to the greater of (a) the annual amount of the straight life annuity payable under the Retirement System commencing at the same annuity starting date as the form of benefit payable to the Member, or (b) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the form of benefit payable to the Member, computed using the interest rate and mortality assumptions set forth in Section 12.1(7).
- (9) The actuarially equivalent straight life annuity for purposes of adjusting any benefit payable in a form to which Code Section 417(e)(3) applies, as required by Paragraph (a) of Section 12.1(3), is equal to the greatest of (a) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same Actuarial Equivalent present value as the form of benefit payable to the Member, (b) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the form of benefit payable to the Member, computed using a five and one-half percent (5.5%) interest rate assumption and the applicable mortality table specified by the Board, or (c) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the form of benefit payable to the Member, computed using the applicable interest rate and the applicable mortality table, both as specified by the Board, divided by 1.05.

- (10) For purposes of applying the limitations set forth in this Section 12.1, all qualified defined benefit plans (whether or not terminated) ever maintained by the Employer shall be treated as one defined benefit plan.
- (11) For purposes of this Section 12.1, the term “compensation” shall include those items of remuneration specified in Treasury Regulation § 1.415(c)-2(b) and shall exclude those items of remuneration specified in Treasury Regulation § 1.415(c)-2(c), taking into account the timing rules specified in Treasury Regulation § 1.415(c)-2(e), but shall not include any amount in excess of the limitation under Code Section 401(a)(17) in effect for the year. The term “compensation” as defined in the preceding sentence shall include any payments made to a Member by the later of (a) two and one-half months after the date of the Member’s severance from employment with the Employer or (b) the end of the limitation year that includes the date of the Member’s severance from employment with the Employer, provided that, absent a severance from employment, such payments would have been paid to the Member while the Member continued in employment with the Employer and are regular compensation for services performed during the Member’s regular working hours, compensation for services outside the Member’s regular working hours (such as overtime or shift differential pay), commissions, bonuses or other similar compensation.
- (12) This Section 12.1 shall be administered in conformity with the regulations issued by the Secretary of the Treasury interpreting Code Section 415 including, but not limited to, any regulation providing for the “grandfathering” of any benefit accrued prior to the effective date of such regulations or statutory provision.

Sec. 12.2. Compliance with Code Section 415(c) and Regulations

- (1) The “annual addition” with respect to a Member for a limitation year shall in no event exceed the lesser of:
 - (a) \$40,000 (adjusted as provided in Code Section 415(d)); or
 - (b) One hundred percent (100%) of the Member’s compensation, as defined in Code Section 415(c)(3) and regulations issued thereunder, for the limitation year.
- (2) The “annual addition” with respect to a Member for a limitation year means the sum of his Voluntary Employee Contributions
- (3) to the Retirement System, and the employer contributions, employee contributions and forfeitures allocated to his accounts under any other qualified defined contribution plan (whether or not terminated) maintained by the Employer, and the amounts described in Code Sections 415(l)(2) and 419A(d)(2) allocated to his account.
- (4) In the event the “annual addition” to the Retirement System on behalf of a Member would otherwise exceed the amount that may be applied for his benefit under the limitation contained in this Section 12.2, the limitation shall be satisfied by reducing the Member’s Voluntary Employee Contributions to the extent necessary and distributing such amounts to the Member.

ARTICLE 13 - RETIREMENT SYSTEM ADMINISTRATION

Sec. 13.1. Board of Trustees as Retirement System Administrator

- (1) The Retirement Board shall have the power and authority to manage and administer the Retirement System in accordance with the provisions of the Combined Plan Document.

- (3) The Retirement Board and the Retirement System shall not make any payment to active or retired Members or Beneficiaries other than payments that are required by the Retirement System as established by this Combined Plan Document. This prohibition applies to all payments that are not authorized by this Combined Plan Document, whether such payments are those commonly referred to as a "thirteenth check" or payments by any other name.

Sec. 14.1. Board as Trustee of Retirement System Assets

The Board of Trustees shall be the trustee of the funds held under the Retirement System, shall receive and accept all sums of money and other property paid or transferred to it by or at the direction of the City and, subject to the terms of Article 15, shall have the power to hold, invest, reinvest, manage, administer and distribute such money and other property subject to all terms, conditions, limitations, and restrictions imposed on the investment of assets of public employee retirement systems or plans by *Act No. 314 of the Public Acts of 1965, being sections 38.1132 et seq. of the Michigan Compiled Laws*, as amended.

Sec. 14.2. Maintenance of Segregated Funds

All actions and recommendations of the Investment Committee shall be forwarded to the Board for consideration and are subject to Board approval. If the Board (a) fails to approve or disapprove an Investment Management decision that has been recommended by an affirmative vote of the Investment Committee, and such failure continues for forty-five days after the date that the recommendation was made to the Board, or (b) the Board disapproves an Investment Management decision within such forty-five day period but fails to provide to the Investment Committee within such forty-five day period a detailed written response outlining the reasons for such disapproval, then the Investment Committee and the Chief Investment Officer are authorized to implement the decision.

If the Board disapproves an Investment Committee recommendation within such forty-five day period and provides to the Investment Committee within such forty-five day period a detailed written response outlining the reasons for such disapproval, then the Investment Committee shall have forty-five days after the receipt of the Board response to either (a) withdraw the recommended Investment Management decision, or (b) request, in writing, a conference with the Board to be held within ten days, but not sooner than five business days, of the request to discuss the alternative proposal from the Board, unless a later date is agreed to in writing by the Board and the Investment Committee to discuss the disapproval as set forth in the Board's written response. Any such conference shall be conducted with at least three independent Investment Committee members present in person or by phone. Within ten days of the commencement of the conference or twenty days following the Investment Committee's request for a conference if no conference is held, the Investment Committee shall either withdraw the recommended Investment Management decision or provide the Board with a written explanation of the Investment Committee's decision to proceed with the recommended Investment Management decision. After delivery of such written explanation by the Investment Committee, the Investment Committee and the chief investment officer are authorized to implement the decision. Any action taken by the Board or the Investment Committee in violation of the terms of this Article 15 shall constitute an ultra vires act and the Investment Committee or the Board is granted the express right to seek to preliminarily enjoin such violation without the need to show irreparable harm.

Any such investment consultant shall acknowledge in writing its role as investment fiduciary with respect to the Retirement System as defined in the *Public Employee Retirement System Investment Act*, as amended, MCL 38.1132 *et seq.* The Board or the Investment Committee, as appropriate, shall determine the compensation and other terms of employment of any investment consultant hired by it. ARTICLE 16 – MISCELLANEOUS

Sec. 16.1. Nonduplication of Benefits

If any Member is a participant in another defined benefit pension plan, retirement system or annuity plan sponsored by the City (including Component II of this Retirement System) and the Member is or becomes entitled to accrue pension benefits under such plan or retirement system (including Component II of this Retirement System) with respect to any period of service for which he is entitled to accrue a benefit under Component I of this Retirement System, such Member shall not be eligible to accrue or receive payment of a benefit under Component I with respect to such period of service.

Sec. 16.2. Assignments Prohibited

The right of a person to a pension, annuity, the return of Accumulated Voluntary Employee Contributions and/or the return of Accumulated Mandatory Employee Contributions, the Retirement Allowance itself, to any optional form of payment, to any other right accrued or accruing to any person under the provisions of this Retirement System, and the monies in the various funds of the Retirement System shall not be assignable and shall not be subject to execution, garnishment, attachment, the operation of bankruptcy or insolvency law, or any other process of law whatsoever, except as specifically provided in this Combined Plan Document or by an eligible domestic relations order of a lawful court.

Sec. 16.3. Protection Against Fraud

A person who, with intent to deceive, makes any statements or reports required under this Retirement System that are untrue, or who falsifies or permits to be falsified any record or records of this Retirement System, or who otherwise violates, with intent to deceive, any terms or provisions of the Retirement System, shall be subject to prosecution under applicable law.

Sec. 16.4. Amendment; Termination; Exclusive Benefit

The City reserves the right to amend the Combined Plan Document created hereunder at any time; such amendments may include termination of the Retirement System; provided, however, that following the effective date of the Plan of Adjustment, no amendment other than amendments required to comply with applicable federal law or the Plan of Adjustment may be made effective prior to July 1, 2023, nor may any amendment or termination deprive any Member, former Member or Beneficiary of any then vested benefit under the Retirement System, except as provided in a Plan of Adjustment. Notwithstanding the foregoing, the City and the Board have the authority to amend the Combined Plan Document as necessary to retain the tax qualified status of the Retirement System under the Internal Revenue Code. The City shall make no amendment or amendments to the Retirement System which causes any part of the assets of the Retirement System to be used for, or diverted to, any purpose other than the exclusive benefit of Members, former Members or their Beneficiaries; provided, that the City may make any amendment necessary, with or without retroactive effect, to comply with applicable federal law. Any amendment of the Retirement System by the City must be approved by the Council or person standing in the stead of the Council.

Upon termination of the Retirement System or upon complete discontinuance of contributions to the Retirement System, the rights of all Members to benefits accrued to the date of such termination or discontinuance, to the extent then funded, shall be nonforfeitable.

Sec. 16.5. Forfeitures Not to Increase Benefits

Any forfeitures arising under the Retirement System due to a Member's termination of employment or death, or for any other reason, shall be used to pay expenses of the Retirement System and shall not be applied to increase the benefits any Member would otherwise receive under the Retirement System at any time prior to termination of the Retirement System.

Sec. 16.6. Required Distributions - Compliance with Code Section 401(a)(9) and Regulations

The Retirement System will apply the minimum distribution requirements of Code Section 401(a)(9) in accordance with the final regulations issued thereunder, notwithstanding any provision in the Combined Plan Document to the contrary. Pursuant to Code Section 401(a)(9)(A)(ii), a Member's interest must begin to be distributed by the later of (i) the April 1 of the calendar year following the calendar year that he attains the Age of seventy and one-half (70-1/2), or (ii) April 1 of the calendar year following the year in which he retires. Distributions will be made in accordance with Regulations Sections 1.401(a)(9)-2 through 1.401(a)(9)-9. The provisions of this Section 16.6 and the regulations cited herein and incorporated by reference override any inconsistent plan distribution options.

Sec. 16.7. Direct Rollovers

- (1) For purposes of compliance with Code Section 401(a)(31), a distributee may elect, at the time and in the manner prescribed by the board, to have any portion of an eligible rollover distribution paid directly to an eligible retirement plan specified by the distributee in a direct rollover.
- (2) For purposes of this Section 16.7, the following terms shall have the following meanings:
 - (a) "Direct rollover" means a payment by the retirement system to an eligible retirement plan specified by a distributee.
 - (b) "Distributee" means a Member or former Member. It also includes the Member's or former Member's surviving spouse, a spouse or former spouse who is the alternate payee under an eligible domestic relations order, or a nonspouse beneficiary who is a designated beneficiary as defined by Code Section 401(a)(9)(E). However, a nonspouse beneficiary may only make a direct rollover to an individual retirement account or individual retirement annuity established for the purpose of receiving the distribution, and the account or annuity will be treated as an "inherited" individual retirement account or annuity.
 - (c) "Eligible retirement plan" means any of the following that accepts a distributee's eligible rollover distribution:
 - (i) a qualified trust described in Code Section 401(a);
 - (ii) an annuity plan described in Code Section 403(a);
 - (iii) an annuity contract described in Code Section 403(b);
 - (iv) an individual retirement account described in Code Section 408(a);
 - (v) an individual retirement annuity described in Code Section 408(b);

- (vi) a Roth IRA described in Code Section 408A; or
 - (vii) a plan eligible under Code Section 457(b) that is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or a political subdivision of a state that agrees to separately account for amounts transferred into that plan from the retirement system.
- (d) “Eligible rollover distribution” means any distribution of all or any portion of the balance to the credit of a distributee under the retirement system, except that an eligible rollover distribution does not include: any distribution that is one of a series of substantially equal periodic payments (not less frequently than annually) made for the life (or the life expectancy) of the distributee or the joint lives (or joint life expectancies) of the distributee and the distributee’s designated beneficiary, or for a specified period of ten years or more; any distribution to the extent such distribution is required under Code Section 401(a)(9); the portion of any distribution that is not includible in gross income; and any other distribution which the Internal Revenue Service does not consider eligible for rollover treatment, such as any distribution that is reasonably expected to total less than \$200 during the year. Notwithstanding the foregoing, a portion of a distribution will not fail to be an “eligible rollover distribution” merely because the portion consists of after-tax contributions that are not includible in Member’s gross income upon distribution from the retirement system. However, such portion may be transferred only (i) to an individual retirement account or annuity described in Code Section 408(a) or (b) or to a qualified defined contribution plan described in Code Section 401(a) that agrees to separately account for amounts so transferred (and earnings thereon), including separately accounting for the portion of the distribution that is includible in gross income and the portion of the distribution that is not so includible; (ii) to a qualified defined benefit plan described in Code Section 401(a) or to an annuity contract described in Code Section 403(b) that agrees to separately account for amounts so transferred (and earnings thereon), including separately accounting for the portion of the distribution that is includible in gross income and the portion of the distribution that is not so includible; or (iii) to a Roth IRA described in Code Section 408A.

Sec. 16.8. Construction

Words in the singular should be read and construed as though used in the plural, and words in the plural should be read and construed as though used in the singular, where appropriate. The words “hereof”, “herein”, and “hereunder” and other similar compounds of the word “here”, shall mean and refer to Component I of this Combined Plan Document and not to any particular provision or section thereof. The table of contents, article and section headings are included for convenience of reference, and are not intended to add to, or subtract from, the terms of the Combined Plan Document or the Retirement System created hereunder.

Sec. 16.9. Severability

If any section or part of a section of this Combined Plan Document or provision relating to the Retirement System is for any reason held to be invalid or unconstitutional, such holding shall not be construed as affecting the validity of the remaining sections of the Combined Plan Document or Retirement System or of the Combined Plan Document or Retirement System in its entirety.

2. Actual time for accrual is actual time served. For vesting and eligibility, 1,000 hours for a year of service.
3. Normal Retirement Age – age 62 with a transition period for active employees as of June 30, 2014 as follows:

60 years	60 years
59 years	60.3 years
58 years	60.6 years
57 years	60.9 years

6. Deferred Vested -- 10 Years payable at 62.

12. If the funding level is below 100% (based on 3 year look back of smoothed returns), the plan's risk-shifting levers listed below will be applied in the listed order, until the actuary can state that by virtue of the use of levers, and a 6.75% discount rate and return assumption, the funding level is projected to be 100% on a market value basis within the next 5 years.

ARTICLE 1 – GENERAL PROVISIONS

Sec. 1.1. Police and Fire Retirement System Established; Adoption of 2014 Plan Document

Effective July 1, 1941, a Pension System for Policemen and Firemen of the City of Detroit was established for the purpose of providing retirement allowances and death benefits for Policemen and Firemen and their beneficiaries by amendment to the Charter of the City of Detroit. That Pension System was amended on numerous occasions after July 1, 1941, including an amendment renaming the Retirement System as the “Police and Fire Retirement System of the City of Detroit.” The provisions of the Police and Fire Retirement System of the City of Detroit, as in effect July 1, 2014, are set forth in this Plan Document. Component I of the Plan Document applies to benefits accrued by Members on and after July 1, 2014 and to operation of the Police and Fire Retirement System of the City of Detroit on and after July 1, 2014. Component II of the Plan Document generally applies to benefits accrued by Members prior to July 1, 2014. Except as specifically provided in Component II, benefits provided under Component II of the Plan Document are frozen effective June 30, 2014.

This Combined Plan Document shall replace the provisions of the Police and Fire Retirement System of the City of Detroit as set forth in the City of Detroit Charter, the Detroit City Code and any conflicting provisions in any collective bargaining agreements, rulings or opinions covering Members (including, without limitation, City Employment Terms). All resolutions and policies of the Retirement Board previously enacted which are inconsistent with the provisions of this Plan Document are also hereby repealed to the extent of such inconsistency.

Sec. 1.2. Retirement System Intended to be Tax-Qualified; Governmental Plan

The Retirement System is a governmental plan under Section 414(d) of the Internal Revenue Code which is intended to be a qualified plan and trust pursuant to applicable provisions of the Internal Revenue Code. The Board shall construe and administer the provisions of the Retirement System in a manner that gives effect to the tax-qualified status of the Retirement System.

Sec. 1.3. Board of Trustees

Effective July 1, 1941, a Board of Trustees of the Police and Fire Retirement System of the City of Detroit was created. The Board is vested with responsibility for the general administration, management and operation of the Police and Fire Retirement System of the City of Detroit and with the trust and investment powers conferred in this Combined Plan Document.

Sec. 1.4. Board of Trustees – Membership; Appointment

The Board of Trustees of the Police and Fire Retirement System of the City of Detroit shall consist of seventeen Trustees, as follows:

- (1) The Mayor, *ex-officio*, or the Mayor’s designee;
- (2) The President of City Council or a member thereof elected by Council, *ex-officio*;
- (3) The City Treasurer or Deputy City Treasurer, *ex-officio*;
- (4) The City Finance Director, or a designated representative, *ex-officio*;
- (5) The City Budget Director, or a designated representative, *ex-officio*;

- (6) The Corporation Counsel of the City, or a designated representative, *ex-officio*;

It shall be the duty of the City to submit to the Board of Trustees a statement showing the name, title, compensation, duties, date of birth, date of hire, and length of service of each Member, and such other information as the Board of Trustees may require or reasonably request for proper administration of the Retirement System.

ARTICLE 4 – SERVICE CREDIT

Sec. 4.1. Credited Service

- (1) The Board shall keep an accurate record of each Member's accumulated Service credit from the date of commencement of employment with the City to the date of termination of employment with the City.
- (2) A Member shall be credited with one month of Credited Service for each calendar month during which he performs one hundred forty (140) or more Hours of Service for the City as a Police Officer or Firefighter beginning on the later of July 1, 2014 or his date of hire with the City as a Police Officer or Firefighter and ending on the date his employment with the City as a Police Officer or Firefighter is terminated. Service shall be credited in years and twelfths (1/12th) of a year. Not more than one-twelfth (1/12th) of a year of Credited Service shall be credited to a Member on account of all Service rendered to the City in a calendar month. Not more than one year of Credited Service shall be credited a Member on account of all Service rendered to the City in any period of 12 consecutive months.
- (3) Not more than one month of Credited Service shall be granted for any period of more than one month during which the Member is absent without pay; notwithstanding the foregoing, any Member who shall be suspended from duty and subsequently reinstated to duty without further disciplinary action shall receive credit for the time of such period of suspension.
- (4) Solely for purposes of determining eligibility for a retirement benefit under Sections 5.1 and 5.4, a Member shall be credited with the sum of his Prior Service as determined by the Board and his Credited Service on and after July 1, 2014 determined under Section 4.1(2). The period of time during which a Member is on layoff from the service of the City shall be included in the Member's Credited Service solely for the purposes of determining whether the Member has attained twenty-five years of Credited Service for purposes of Section 5.1.

Sec. 4.2. Vesting Service

Sec. 4.3. Service Credit; Military Service

A Member who enters the military service of the United States while employed with the City shall have the period of such military service credited as City Service in the same manner as if the Member had served the City without interruption, provided that (1) the Member's entry into such military service and re-employment thereafter shall be in accordance with applicable laws, ordinances, and regulations of the State of Michigan and the City, (2) he or she is re-employed by the City as a Police Officer or Firefighter upon completion of such military service, and (3) the Member contributes to the Retirement System the Mandatory Employee Contributions that would have been made by the Member but for the Member's military service. During the period of military service and until return to City employment, the Member's Mandatory Employee Contributions to the Retirement System shall be suspended.

Sec. 4.4. Service Credit; Qualified Military Service

Notwithstanding any provision of this Combined Plan Document to the contrary, contributions, benefits, and service credit with respect to qualified military service under Component I, shall be provided in accordance with Code Section 414(u). Notwithstanding anything to the contrary herein, if a Member dies while performing qualified military service (as defined in Code Section 414(u)), to the extent required by Code Section 401(a)(37), the survivors of the Member are entitled to any additional benefits (if any, and other than benefit accruals relating to the period of qualified military service) provided under the Retirement System as if the Member had resumed and then terminated employment on account of death.

Notwithstanding anything to the contrary herein, if the City decides to provide Differential Wage Payments to individuals who are performing service in the uniformed services (as defined in Chapter 43 of Title 238, United States Code) while on active duty for a period of more than thirty (30) days, such Differential Wage Payment will be treated as compensation under the Code Section 415(c)(3) limits, but not for purposes of benefit accruals under the Retirement System. For these purposes the term "Differential Wage Payment" means a payment defined in Code Section 3401(h)(2) that is made by the City to an individual who is performing service in the uniformed services while on active duty for a period of more than thirty (30) days.

ARTICLE 5 – ELIGIBILITY FOR RETIREMENT

Sec. 5.1. Eligibility for Unreduced Normal Retirement Benefit

Any Member who attains his Normal Retirement Age may retire upon written application filed with the Board setting forth the date on which the Member desires to be retired. The date of retirement shall be effective as of the first day following the later of (i) the Member's last day on the City payroll, or (ii) the date the Member executes and files an application for retirement, notwithstanding that the Member may have separated from Service during the notification period. Such a Member shall be entitled to receive an unreduced Retirement Allowance calculated as provided in Section 6.1 and payable in a form of payment selected by the Member pursuant to Section 8.1.

Sec. 5.2. Eligibility for Deferred Vested Retirement Benefit

Any Member who terminates employment with the City prior to satisfying the requirements for receipt of a retirement benefit under Section 5.1 and who is credited with ten (10) or more years of Vesting Service (regardless of age) shall be entitled to receive an unreduced Retirement Allowance commencing at any time following his attainment of Age sixty-two. At a Member's election, the Member may begin receiving an immediate Retirement Allowance following his attainment of Age fifty-five, actuarially reduced for early commencement, in lieu of an unreduced Retirement Allowance beginning at age sixty-two. Deferred vested retirement benefits shall be payable in accordance with a form of payment selected by the Member pursuant to Section 8.1.

Sec. 5.3. Eligibility for Disability Retirement Benefit – Duty Disability

(1) If the Board shall find that a Member has become Totally Disabled resulting from performance of duty, upon written application to the Board by or on behalf of such Member or by the head of his department, such Member shall be retired, notwithstanding that during such period of notification he may have separated from Service with the City. In making such determination, the Board may require that such Member undergo a medical examination to be made by a qualified physician or surgeon in the appropriate specialty at Detroit Receiving Hospital or other medical facility as may be selected by the Board. A Member who retires as a result of duty disability shall receive for a period of twenty-four months the sum of:

- (a) a basic benefit equal to fifty percent (50%) of his Final Compensation at the time his duty disability retirement begins, and
- (b) a supplemental benefit equal to sixteen and two-thirds percent (16-2/3%) of his Final Compensation at the time his duty disability retirement begins.

Subject to Section 9.5, on the first day of each Plan Year, a Member's duty disability benefit will be increased as provided in Section 6.2.

(2) After a Member receives benefits hereunder for a period of twenty-four months, the Board will determine whether the Member is disabled from any occupation. If the Member is disabled from any occupation, the Member shall continue to receive the benefit provided in paragraphs (1)(a) and (1)(b) until such time as the Member would have attained twenty-five years of Credited Service had he continued in active Service with the City. At that time, the Member shall continue to receive the benefit described in paragraph 1(a) above; however, benefits described in paragraph (1)(b) above will cease. If the Member is not disabled from any occupation, he shall continue to

receive the benefit described in paragraph (1)(a) above; benefits described in paragraph 1(b) will cease.

- (3) In the event a Member receiving duty disability benefits has attained twenty-five years of Credited Service, duty disability benefits shall continue to be paid to the Member until the earlier of (i) the Member's attainment of age sixty-five, or (ii) the date the Member ceases to be Totally Disabled as determined by the Board. Upon termination of disability or attainment of age sixty-five, a member with twenty-five years of Credited Service shall be eligible to receive a Retirement Allowance as provided in Section 6.1. The amount of such Retirement Allowance shall be equal to the amount which would have been payable to the Member if the Member's conversion from duty disability retirement to a Retirement Allowance had occurred on the date the Member attained twenty-five years of Service Credit.
- (4) If a Member on duty disability retirement returns to active Service with the City and shall re-qualify for duty disability retirement for the same or related reasons within twenty-four months of his return to active Service, then the disability shall be deemed a continuation of the prior Total Disability and the period of the Member's active Service following the return to work will not qualify the Member to be entitled to a new initial determination of disability for purposes of determining the benefit payable to the Member. Instead, such Member will return to duty disability retirement benefits based on the number of months of disability with which the Member was credited at the time of his return to active Service, as if there had not been a break in his period of duty disability retirement.
- (5) During the period a Member is eligible to receive duty disability benefits under this Section 5.3, the Member shall continue to be credited with Credited Service until the Member accrues twenty-five years of Credited Service, at which time accrual of Credited Service shall cease.
- (6) In the event that a recipient of a duty disability retirement benefit receives earned income from gainful employment during a calendar year, the amount of the Member's disability benefit payable during the next subsequent Plan Year will be adjusted so it does not exceed the difference between (i) the Member's base salary at the date of duty disability, increased by the variable pension improvement factor (escalator) (if any) applicable to such benefit pursuant to Section 6.2 times the number of full Plan Years from the date of the Member's duty disability to the year in which the earnings offset is applied, and (ii) the amount of the Member's remuneration from gainful employment during the prior calendar year. The amount of income received by a Member shall be determined by the Board based upon information received from the Member or based upon information secured from other reliable sources. Furnishing such information to the Board shall be a condition for the Member's continued eligibility for duty disability benefits.
- (7) The Board shall not act upon or grant the application for duty disability benefits filed by a Member who, although not capable of performing the full duties of his prior position, has not suffered any diminishment of his base wages or benefits because he is either (i) regularly assigned to a position, the full duties of which he is capable of performing; or (ii) assigned to a restricted duty position, unless the Member's Department advises the Board that it intends to seek a duty disability retirement for the Member in the foreseeable future. The provisions of this paragraph shall not affect a Member's right to seek a duty disability retirement benefit when no restricted duty position is available or restrict the authority of the Police Department or Fire Department (as applicable) to apply for a duty disability retirement benefit for such Member.

Sec. 5.4. Eligibility for Disability Retirement Benefit – Non-Duty Disability

- (1) Upon the application of a Member or the Member's department head, a Member who becomes totally and permanently disabled in the employ of the City not resulting from the performance of duty shall be retired by the Board; provided that a qualified physician or surgeon in the appropriate specialty at Detroit Receiving Hospital or other medical facility as may be selected by the Board, shall certify to the Board after a medical examination, that such Member is mentally or physically totally and permanently disabled for the further performance of duty to the City. Such a Member shall receive the following applicable benefits:
 - (a) If such Member has less than five years of Credited Service at the time of his disability retirement, his Accumulated Mandatory Employee Contributions standing to his credit in the Accumulated Mandatory Employee Contributions Fund shall be returned to him, or at his option he shall receive a cash refund annuity which shall be the actuarial equivalent of his Accumulated Mandatory Employee Contributions.
 - (b) If such Member has five or more years of Credited Service at the time of his disability retirement, he shall receive a disability Retirement Allowance computed in accordance with the provisions of Section 6.1 payable in any of the optional forms provided in Section 8.1 hereof. His annual straight life retirement allowance shall not be less than twenty per cent (20%) of his Average Final Compensation.
- (2) The Board shall not act upon or grant the application for non-duty disability benefits filed by a Member who, although not capable of performing his full duties, has not suffered any diminishment of his base wages or benefits because he is either (i) regularly assigned to a position, the full duties of which he is capable of performing; or (ii) assigned to a restricted duty position, unless the Member's employer advises the Board that it intends to seek a non-duty disability retirement for the Member in the foreseeable future. The provisions of this paragraph shall not affect a Member's right to seek a non-duty disability retirement benefit when no restricted duty position is available or restrict the authority of the Police Department or Fire Department (as applicable) to apply for a non-duty disability retirement benefit for such Member.
- (3) If a Retiree receiving non-duty disability retirement benefits is or becomes engaged in a gainful occupation, business, or employment paying more than the difference between the disabled Retiree's Retirement Allowance and Average Final Compensation, the Retiree's Retirement Allowance shall be reduced by the amount of such difference. If the amount of the Retiree's earnings changes, the Retirement Allowance may be adjusted accordingly.

Sec. 5.5. Disability Retirees; Reexamination

- (1) At least once each year during the first five years following the retirement of a Member under Section 5.3 or Section 5.4, and at least once in every three year period thereafter, the Board may require that such disability Retiree who has not attained his Normal Retirement Age undergo a medical examination, to be made by, or under the direction of, a qualified physician or surgeon in the appropriate specialty at Detroit Receiving Hospital or other medical facility as may be selected by the Board. Should any such Retiree who has not attained Normal Retirement Age fail to submit to at least one such medical examination in any such period, the Retiree's Retirement Allowance may be suspended by the Board until the examination is completed. Should such failure continue for one year, all of the Retiree's rights in and to the Retirement Allowance may be revoked by the Board. If upon such examination of a Retiree, the examiner reports that the Retiree is no longer Totally Disabled, and such report is concurred in by the Board, the Retiree

shall be restored to active service with the City and the Retirement Allowance paid pursuant to Section 5.3 or Section 5.4 shall be suspended until the Retiree terminates active service with the City.

- (2) A disabled Retiree who has been, or shall be, reinstated to active service in the employ of the City shall again become a Member. All Credited Service at the time of the disability retirement shall be restored to the Member.

Sec. 5.6. Return of Accumulated Mandatory Contributions to Non-Vested Member

If a Member ceases to be an Employee before becoming eligible for a deferred vested Retirement Allowance under Section 5.2 or a disability Retirement Allowance pursuant to Section 5.4 or 5.5, the Member may elect to receive distribution of the Accumulated Mandatory Employee Contributions made to the Retirement System by such Member. If a Member elects to receive his Accumulated Mandatory Employee Contributions, such amounts shall be paid to the Member in a lump sum payment or in equal monthly installments for a period not to exceed three years, according to such rules and regulations as the Board may adopt from time to time.

Sec. 5.7. Benefits Offset by Compensation Benefits; Subrogation

- (1) Any amounts which may be paid or payable to a Member, Retiree, or Beneficiary on account of disability or death under the provisions of any Workers' Compensation, pension, or similar law, except federal Social Security old-age and survivors' and disability insurance benefits, shall be an offset against any amounts payable from funds of the Retirement System on account of the same disability or death. If the present value of the benefits payable under said Workers' Compensation, pension, or similar law, is less than the Pension Reserve for the Retirement Allowance payable by the Retirement System, the present value of the said Workers' Compensation, pension, or similar legal benefit shall be deducted from the amounts payable by the Retirement System, and such amounts as may be provided by the Retirement System, so reduced, shall be payable as provided in this Combined Plan Document.
- (2) In the event a person becomes entitled to a pension payable by the Retirement System because of an accident or injury caused by the act of a third party, the Retirement System shall be subrogated to the rights of said person against such third party to the extent of the benefit which the Retirement System pays or becomes liable to pay.

ARTICLE 6 – RETIREMENT ALLOWANCE; VARIABLE PENSION IMPROVEMENT FACTOR (ESCALATOR)

Sec. 6.1. Retirement Allowance

The Retirement Allowance payable to a Member commencing at the later of his Normal Retirement Age or his actual retirement from employment with the City in the form of a Straight Life Retirement Allowance shall be equal to two percent (2%) of the Member's Average Final Compensation multiplied by the Member's years (computed to the nearest one-twelfth (1/12th) year) of Credited Service earned on and after July 1, 2014.

Sec. 6.2. Variable Pension Improvement Factor (Escalator)

Except as provided in Section 9.5, beginning July 1, 2015 and effective the first day of each Plan Year thereafter, the Board may determine that the annual Retirement Allowance of a member of the Detroit Police Command Officers Association or the Detroit Police Lieutenants and Sergeants Association shall be increased by a factor of one percent (1.0%), computed each year on the basis of the amount of the original Retirement Allowance received at the time of Retirement; provided, that the recipient of said Retirement Allowance shall have been receiving a Retirement Allowance for a period of not less than twelve months prior to the first day of such Plan Year.

ARTICLE 7 – DEATH BENEFITS

Sec. 7.1. Accidental Death Benefit; Performance of Duty

- (1) If a Member is killed in the performance of duty in the service of the City, or dies as the result of illness contracted or injuries received while in the performance of duty in the service of the City, and such death, illness, or injury resulting in death, is found by the Board to have resulted from the actual performance of duty in the service of the City, the following benefits shall be paid:
- (a) His Accumulated Mandatory Employee Contributions standing to his credit in the Accumulated Mandatory Employee Contributions Fund at the time of his death shall be paid to such person or persons as he shall have nominated by written designation duly executed and filed with the Board. If no such designated person survives the Member, his said Accumulated Mandatory Employee Contributions shall be paid to his legal representative, subject to paragraph (e) of this Section 7.1(1).
 - (b) His surviving Spouse shall receive a pension of five-elevenths of the Member's Final Compensation payable for the Spouse's lifetime. If the Member's child or children under age eighteen years also survive the deceased Member, each such child shall receive a pension of one-tenth of such Final Compensation; provided, that if there are more than two such surviving children under age eighteen years, each such child's pension shall be an equal share of seven thirty-thirds of such Final Compensation. Upon the death, marriage, adoption, or attainment of age eighteen years of any such child, his pension shall terminate and there shall be a redistribution of the benefit by the Board to the deceased Member's remaining eligible children, if any; provided, that in no case shall any such child's pension exceed one-tenth of the Member's Final Compensation. In no case shall the total of the pensions provided for in this paragraph (b), payable on account of the death of a Member exceed two-thirds of the Member's Final Compensation.
 - (c) If no surviving Spouse survives the deceased Member or if the Member's surviving Spouse dies before his youngest unmarried surviving child attains age eighteen years, his unmarried child or children under age eighteen years shall each receive a pension of one-fourth of the Member's Final Compensation; provided that if there are more than two such surviving children under age eighteen years, each such child's pension shall be an equal share of one-half of such Final Compensation. Upon the death, marriage, adoption, or attainment of age eighteen years of any such child, his pension shall terminate and there shall be a redistribution by the Board to the deceased Member's remaining eligible children, if any; provided, that in no case shall any such child's pension exceed one-fourth of the Member's Final Compensation.
 - (d) If the Member has no surviving Spouse or surviving children under age eighteen years and if the Member leaves surviving him either or both a father and mother, whom the Board shall find to be actually dependent upon such Member for financial support, such dependent father and mother shall each receive a pension of one-sixth of the Member's Final Compensation.
 - (e) If a Member dies intestate, without having designated a person or persons, as provided in paragraph (a) of this Section 7.1(1), and without heirs, the amount of his Accumulated Mandatory Employee Contributions in the Accumulated Mandatory Employee Contribution Fund, not to exceed a reasonable sum, to be determined by the Board, shall be used to pay his burial expenses, provided he leaves no other estate sufficient for such

purpose. Any balance credited to such Member in the Accumulated Mandatory Employee Contribution Fund, and not used for burial expenses shall remain a part of the funds of the Retirement System and shall be transferred to the Pension Accumulation Fund.

Sec. 7.2. Non-Duty Death Benefits

The surviving Spouse of any Member who dies while in the employ of the City (other than in the performance of duty) after the date such Member has earned ten or more years of Credited Service, shall receive a Retirement Allowance computed in the same manner in all respects as if said Member had (i) retired effective the day preceding the Member's death, notwithstanding that the Member had not attained Normal Retirement Age, (ii) elected a Joint and One Hundred Percent Survivor Allowance as described in Section 8.1, and (iii) nominated the surviving Spouse as Beneficiary.

Sec. 7.3. Refund of Accumulated Mandatory Contributions Upon Death of Member

If a Member dies while employed by the City or following termination of employment but prior to commencement of a Retirement Allowance, the Member's Accumulated Mandatory Employee Contributions to the Retirement System at the time of death shall be paid to the Beneficiary nominated in a written designation duly executed by the Member and filed with the Board. In the event there is no such designated Beneficiary surviving, the Member's Accumulated Mandatory Employee Contributions shall be paid to the Member's estate. If a Member who dies without a legal will has not nominated a Beneficiary, the Member's Accumulated Mandatory Employee Contributions at the time of death may be used to pay burial expenses if the Member leaves no other estate sufficient for such purpose. Such expenses shall not exceed a reasonable amount as determined by the Board.

ARTICLE 8 – FORMS OF PAYMENT

Sec. 8.1. Retirement Allowance Options

- (1) Until the date the first Retirement Allowance payment check is issued, any Member may elect to receive a *Straight Life Retirement Allowance* payable throughout life, or the Member may elect to receive the Actuarial Equivalent of the *Straight Life Retirement Allowance* computed as of the effective date of retirement, in a reduced Retirement Allowance payable throughout life, and nominate a Beneficiary, in accordance with the options set forth below:
 - (a) *Option One. Cash Refund Annuity.* A Retiree will receive a reduced Retirement Allowance for as long as he lives, provided that if he dies before payment of the Accumulated Mandatory Employee Contributions made to the Retirement System on and after July 1, 2014 has been received in an aggregate amount equal to, but not exceeding the Retiree's Accumulated Mandatory Employee Contributions at the time of retirement, the difference between said Accumulated Mandatory Employee Contributions and the aggregate amount of annuity payments already received, shall be paid in a single lump sum to a Beneficiary nominated by written designation duly executed by the Member and filed with the Board. If there are no such designated Beneficiaries surviving said Retiree, any such difference shall be paid to the Retiree's estate.
 - (b) *Option Two. Joint and One Hundred Percent Survivor Allowance.* Upon the death of a Retiree who elected a *Joint and One Hundred Percent Survivor Allowance*, one hundred percent of the Member's reduced Retirement Allowance shall be paid to and continued throughout the life of the Beneficiary nominated by written designation duly executed and filed with the Board prior to the date the first payment of the Retirement Allowance becomes due.

 - (a) *Standard Form.* Under the *Standard Form*, the reduced Retirement Allowance shall be paid throughout the lifetime of the Retiree.
 - (b) *Pop-up Form.* Under the *Pop-up Form*, the reduced Retirement Allowance shall be paid throughout the lifetime of the Retiree and the designated Beneficiary. In the event of the

death of the designated Beneficiary during the lifetime of the Retiree, the amount of the Retirement Allowance payable to the Retiree shall be changed to the amount that would have been payable had the Retiree elected the *Straight Life Retirement Allowance Form of Payment*.

Sec. 8.2. Disposition of Surplus Benefits upon Death of Retiree and Beneficiary

If under a Joint and One Hundred Percent Survivor allowance, a Joint and Seventy-Five Percent Survivor allowance, or a Joint and Fifty Percent Survivor allowance as provided for under Section 8.1, both a Retiree and Beneficiary die before they have received in Retirement Allowance payments an aggregate amount equal to the Retiree's Accumulated Mandatory Employee Contributions (and if the Retiree makes an election pursuant to Section 10.4(2), his Accumulated Voluntary Employee Contributions) at the time of retirement, the difference between the said Accumulated Mandatory Employee Contributions (and Accumulated Voluntary Employee Contributions, if applicable) and the aggregate amount of Retirement Allowances paid to the Retiree and Beneficiary, shall be paid in a single lump sum to such person or persons nominated by written designation of the Retiree duly executed and filed with the Board. If there are no such person or persons surviving the Retiree and the Beneficiary, any such difference shall be paid to the estate of the last survivor of the Retiree or the Beneficiary.

ARTICLE 9 – FUNDING AND RESERVES

Sec. 9.1. Funding Objective of the Retirement System

The funding objective of Component I of the Retirement System is to establish and receive City and Member contributions during each Plan Year that are sufficient to fully cover the actuarial cost of benefits anticipated to be paid on account of Credited Service rendered by Members during the Plan Year (the normal cost requirements of the Retirement System), and amortize the unfunded actuarial costs of benefits likely to be paid on account of Credited Service rendered on or after July 1, 2014 and before the first day of the Plan Year (the unfunded actuarial accrued liability of the Retirement System).

Sec. 9.2. Funds

Component I of the Retirement System shall consist of the Accumulated Mandatory Employee Contribution Fund, the Accumulated Voluntary Contribution Fund, the Deferred Retirement Option Program Fund, the Pension Accumulation Fund, the Rate Stabilization Fund, the Expense Fund and the Income Fund, as follows:

- (1) The Accumulated Mandatory Employee Contribution Fund shall be the Fund in which shall be accumulated the contributions of Members to provide their Retirement Allowances. - (2) The Accumulated Voluntary Employee Contribution Fund shall be the Fund in which shall be accumulated the voluntary after-tax contributions of Members, together with earnings thereon.

There shall be paid or transferred from the Income Fund, all amounts required to credit earnings and losses to the various Funds of the Retirement System in accordance with the provisions of Component I of this Combined Plan Document.

Sec. 9.3. Method of Financing Retirement System Benefits

- (1) The pension liabilities for Members shall be determined by the Plan's Actuary using the entry-age normal cost method of actuarial valuation.
- (2) The City's annual contribution to finance the prospective pension liabilities for the nine Plan Year period commencing July 1, 2014 and ending June 30, 2023 shall be (a) eleven and two-tenths percent (11.2%) of the payroll of active employees who are members of the Detroit Fire Fighters Association and the Detroit Police Officers Association, and (b) twelve and one-quarter percent (12.25%) of the payroll of active employees who are members of the Detroit Police Command Officers Association and the Detroit Police Lieutenants and Sergeants Association, for the applicable Plan Year. A portion of the City's annual contribution for each Plan Year shall be credited to the Rate Stabilization Fund. The remainder of the City's annual contribution shall be allocated to the Pension Accumulation Fund.
- (3) Except as provided in Section 9.5, for each Plan Year, a Member who was an active employee as of June 30, 2014 ("current active") shall contribute to the Retirement System an amount equal to six percent (6%) of his or her Compensation for such Plan Year and a Member who is hired or rehired by the City on or after July 1, 2014 ("new employee") shall contribute to the Retirement System an amount equal to eight percent (8%) of his or her Compensation for such Plan Year. A Member's Mandatory Employee Contributions for the Plan Year beginning July 1, 2014 and ending June 30, 2015 shall commence as of July 14, 2014. The officer or officers responsible for processing the payroll shall cause a Member's Mandatory Employee Contributions to be deducted from the Member's Compensation on each and every payroll, for each and every payroll period, from the date of his participation in the Retirement System to the date he ceases to be a Member. The contribution shall be deducted from the Members' Compensation, notwithstanding that the minimum compensation provided by law for any Member shall be reduced thereby. Payment of compensation, less said Mandatory Employee Contributions, shall be a complete discharge of all claims and demands whatsoever for the services rendered by the said Member during the period covered by such payment. Member Mandatory Employee Contributions will be used for the purpose of funding the normal cost of the Retirement System.

Sec. 9.4. Member Contributions Picked-Up

- (1) The City shall pick up Member Mandatory Employee Contributions required pursuant to Sections 9.3(3) and 9.5 in accordance with Code Section 414(h).
- (2) The picked-up contributions, although designated as employee contributions shall be treated as City contributions for the purpose of determining a Member's tax treatment under the Internal Revenue Code. The City shall pay the contributions picked-up on behalf of a Member from the same source of funds that are used for paying compensation to the Member.
- (3) The City shall pick up Member Mandatory Employee Contributions by a reduction in the Member's cash salary or an offset against a future salary increase, or both. The City shall designate the Mandatory Employee Contributions that are picked-up and paid to the Retirement System as employer contributions and not as employee contributions. No Member who participates in the Retirement System shall have the option of choosing to receive the contributed amounts directly instead of having those amounts paid by the City to the Retirement System.

Sec. 9.5. Fiscal Responsibility: Benefit Reductions and Increased Funding Obligations

- (1) To safeguard the long-term actuarial and financial integrity of the Retirement System, in the event the funding level of Component I of the Retirement System projected over a five year period falls below one hundred percent (100%), the Trustee may not award the variable pension improvement factor (escalator) described in Section 6.2 to any individual beginning with the Plan Year following the Plan Year in which such determination is made and continuing until the funding level is restored to not less than one hundred percent (100%).
- (2) In the event the funding level of the Retirement System projected over a five year period falls below ninety percent (90%), the following remedial action shall be required in the order set forth below, beginning with the Plan Year following the Plan Year in which such determination is made and continuing until the funding level is restored to not less than ninety percent (90%):
 - (a) the remedial action required in Section 9.5(1) shall be implemented or continued;
 - (b) all amounts credited to the Rate Stabilization Fund shall be transferred to the Pension Accumulation Fund for the purposes of funding benefits payable under the Retirement System;
 - (c) Mandatory Employee Contributions for active and new employees shall be increased by one percent (1%) for up to the next following five Plan Years;
 - (d) Mandatory Employee Contributions for active and new employees shall be increased by an additional one percent (1%) per year;
 - (e) Mandatory Employee Contributions for active and new employees shall be increased by an additional one percent (1%) per year;
 - (f) the Retirement Allowance payable to a Retiree shall not include the variable pension improvement factor (escalator) that was most recently paid to the Retiree on the date the funding level is projected to fall below ninety percent (90%);
 - (g) the Retirement Allowance payable to a Retiree shall not include the variable pension improvement factor (escalator) that was most recently added to the Member's Retirement Allowance for the Plan Year preceding the Plan Year referenced in paragraph (f) above;
 - (h) Mandatory Employee Contributions for active and new employees shall be increased by an additional one percent (1%) per year; and
 - (i) contributions made to the Retirement System by the City shall be increased, consistent with applicable actuarial principles and the *Public Employee Retirement System Investment Act*, as amended, MCL 38.1132 *et seq.*
- (3) For purposes of this Section 9.5, the "funding level" shall mean the ratio of the market value of the assets of Component I of the Retirement System to the actuarial accrued liability of Component I of the Retirement System. The actuarial accrued liability shall be calculated by the Plan's Actuary utilizing an interest rate assumption of six and three-quarters percent (6.75%) and other reasonable assumptions as directed by the Board upon the recommendation of the Investment Committee. The market value of assets shall be determined on the basis of a three-year look back period of smoothed investment returns.

ARTICLE 10 – VOLUNTARY EMPLOYEE CONTRIBUTIONS

Sec. 10.1. Voluntary Employee Contributions; Amount; Vesting

Subject to procedures established by the Board, a Member who is covered by a collective bargaining agreement with the City that permits the Member to make voluntary employee contributions to Component I of the Retirement System may elect to reduce his Compensation for any Plan Year by a whole percentage not less than one percent (1%) nor more than ten percent (10%) and have such amount contributed by the City to a Voluntary Employee Contribution Account maintained on his behalf under Component I of the Retirement System. Voluntary Employee Contributions shall be made to the Retirement System on an after-tax basis. Amounts credited to a Member's Voluntary Employee Contribution Account shall be one hundred percent (100%) vested at all times.

Sec. 10.2. Changing an Election to Contribute

A Member may change or revoke an election to make Voluntary Employee Contributions to the Retirement System pursuant to this Article 10 in such manner and with such advance notice as the Board shall determine. Notwithstanding the foregoing, a Member shall be permitted to change such election not less frequently than annually.

Sec. 10.3. Individual Member Accounting; Crediting of Earnings

The Board shall maintain a Voluntary Employee Contribution Account on behalf of each Member who elects to make Voluntary Employee Contributions to the Retirement System. Each Plan Year, a Member's Voluntary Employee Contribution Account shall be credited with earnings at a rate equal to the actual net investment rate of return on the assets of the Retirement System for the second fiscal year immediately preceding the fiscal year in which the earnings are credited; in no event, however, shall the earnings rate credited to a Member's Voluntary Employee Contribution Account for any Plan Year be less than zero percent (0%) nor greater than five and one-quarter percent (5.25%).

Sec. 10.4. Distribution of Accumulated Voluntary Employee Contributions

- (1) If a Member ceases to be an Employee other than by reason of death, the Member may elect to receive distribution of the Accumulated Voluntary Employee Contributions made to the Retirement System by such Member. If a Member elects to receive his Accumulated Voluntary Employee Contributions, such amounts shall be paid to the Member in a lump sum payment or in equal monthly installments for a period not to exceed three years, according to such rules and regulations as the Board may adopt from time to time.
- (2) In lieu of receiving distribution of his Accumulated Voluntary Employee Contributions as provided in Section 10.4(1), a Member may elect to have the actuarial equivalent value of his Accumulated Voluntary Employee Contributions added to his Retirement Allowance and paid in the form of an annuity described in Section 8.1.
- (3) If a Member dies while employed by the City or following termination of employment but prior to receiving distribution of the Member's Accumulated Voluntary Employee Contributions, the amounts credited to the Member's Accumulated Voluntary Employee Contribution Account at the time of death shall be paid to the Beneficiary nominated in a written designation duly executed by the Member and filed with the Board. In the event there is no such designated Beneficiary surviving, the Member's Accumulated Voluntary Employee Contributions shall be paid to the Member's estate. If a Member who dies without a legal will has not nominated a

Beneficiary, the Member's Accumulated Voluntary Employee Contributions at the time of death may be used to pay burial expenses if the Member leaves no other estate sufficient for such purpose. Such expenses shall not exceed a reasonable amount as determined by the Board.

ARTICLE 11 – LOAN PROGRAM FOR VOLUNTARY EMPLOYEE CONTRIBUTIONS

Sec. 11.1. The Loan Program

A loan program shall be available to members of the Detroit Police Lieutenants and Sergeants Association and the Detroit Police Command Officers Association who have amounts credited to a Voluntary Employee Contributions Account. The Board is authorized to adopt rules and regulations, from time to time, to govern the administration and the operation of the loan program. Copies of the rules shall be made available to eligible Members in the offices of the Retirement System. Any loans granted or renewed under the Retirement System shall be made and administered pursuant to and in compliance with Section 72(p) of the Internal Revenue Code and regulations thereunder.

Sec. 11.2. Eligibility for Loan

Subject to the rules and procedures established by the Board, loans may be made to eligible Members from such Member's Voluntary Employee Contribution Account. An eligible Member is any Member who has participated in the Retirement System for twelve (12) months or more. Former Members, Spouses and Beneficiaries are not eligible to receive any loans from the Retirement System. No Member shall have more than two (2) outstanding loans from the Retirement System (Component I and/or Component II) at any time. A Member who has previously defaulted on a loan shall not be eligible for a loan from the Retirement System.

Sec. 11.3. Amount of Loan

An eligible Member who has satisfied applicable rules and procedures established by the Board may borrow from his Voluntary Employee Contribution Account an amount, which does not exceed the lesser of (i) fifty percent (50%) of the Member's Voluntary Employee Contribution Account balance, and (ii) Fifteen Thousand Dollars (\$15,000.00), in each case reduced by the excess, if any, of: (1) the Member's highest outstanding loan balance under the Retirement System during the one (1) year period ending on the day before the date on which the loan is made, or (2) the outstanding loan balance under the Retirement System on the date on which the loan is made, whichever is less. The minimum loan amount shall be One Thousand Dollars (\$1,000.00).

Sec. 11.4. Terms and Conditions

In addition to such rules and procedures that are established by the Board, all loans shall comply with the following terms and conditions:

- (a) Each loan application shall be made in writing.
- (b) All loans shall be memorialized by a collateral promissory note for the amount of the loan, including interest, payable to the order of the Retirement System and properly executed by the Member.
- (c) Each loan shall be repaid by substantially equal payroll deductions over a period not to exceed five (5) years, or, where the loan is for the purpose of buying a principal residence, a period not to exceed fifteen (15) years. In no case shall the amount of the payroll deduction be less than Twenty Dollars (\$20.00) for any two-week pay period. A Member receiving a loan will be required to authorize payroll deductions from his compensation in an amount sufficient to repay the loan over its term.

- (d) An amount equal to the principal amount of the loan to a Member (but not more than one half of the Member's vested interest in the Retirement System) will be designated as collateral for guaranteeing the loan.
- (e) Each loan shall bear interest at a rate determined by the Board. The Board shall not discriminate among Members in its determination of interest rates on loans. However, loans initiated at different times may bear different interest rates, where, in the opinion of the Board, the difference in rates is supported by a change in market interest rates or a change in the Retirement System's current assumed rate of return. The loan interest rate shall bear a reasonable relationship to market rates for secured loans of a similar duration and shall bear a reasonable relationship to the costs to the Retirement System of administering the loan. The loan interest rate shall be calculated in a manner that will not negatively affect either the City's costs with respect to the Retirement System or the investment return allocated to Members.
- (f) Loan repayments shall be suspended during a period of military service, as permitted by Section 414(u)(4) of the Internal Revenue Code. A Member who has an outstanding loan balance from the Retirement System who is absent from employment with the City, and who has satisfied the requirements of Section 414(u) of the Internal Revenue Code shall not be required to make loan repayments to the Retirement System during said periods of absence.

Sec. 11.5. Loan Balance

A Member's outstanding loan balance shall be considered a directed investment by the Member and interest payments shall be credited to the Member's Voluntary Employee Contribution Account (provided that the interest credited to the Member's Voluntary Employee Contribution Account shall be reduced appropriately to cover the administrative costs of the loan program and avoid negatively affecting the City's costs or the Retirement System's investment returns), and shall not be part of the Retirement System's net investment income or part of the Member's Voluntary Employee Contribution Account balance for the purpose of allocation of net investment income under the Retirement System.

Sec. 11.6. Default

In the event a Member defaults on a loan before the loan is repaid in full, the unpaid balance thereof will become due and payable and, to the extent that the outstanding amount is not repaid by the end of the calendar quarter which follows the calendar quarter in which the last payment was received, such amount shall be deemed to have been distributed to the Member for tax purposes, consistent with Section 72(p) of the Internal Revenue Code.

Sec. 11.7. Distribution

No distribution shall be made to a Member, former Member, Spouse or Beneficiary from the Retirement System until all outstanding loan balances and applicable accrued interest have been repaid or offset against amounts distributable to the Member from the Retirement System.

ARTICLE 12 DEFERRED RETIREMENT OPTION PLAN ("DROP") PROGRAM

Sec. 12.1. General Provisions

The following provisions are hereby established as the Deferred Retirement Option Plan ("DROP") Program, which shall be available to members of the Detroit Police Lieutenants and Sergeants Association and the Detroit Police Command Officers Association.

- (1) In lieu of terminating employment and accepting a Retirement Allowance under the Retirement System, any Member of the Retirement System who is eligible for the DROP Program and who is eligible to immediately retire and receive an unreduced Retirement Allowance under Section 5.1 may elect to participate in the DROP Program and defer the receipt of his Retirement Allowance in accordance with the provisions of this Article 12. Any such election shall be irrevocable.
- (2) Upon the effective date of a Member's participation in the DROP Program, the Member shall cease to accrue a Retirement Allowance pursuant to Section 6.1 and shall elect a form of payment for his Retirement Allowance pursuant to Section 8.1. Seventy-five percent (75%) of the monthly Retirement Allowance (including applicable variable pension improvement factor (escalator) increases) that would have been payable, had a Member elected to terminate employment with the City on the effective date of his or her DROP election and receive an immediate Retirement Allowance, shall be paid into a DROP Account established on behalf of the Member under the Retirement System or in an entity selected by the City.
- (3) If amounts credited to a DROP Account are invested under the Retirement System, such amounts shall be comingled with the assets of the Retirement System for investment purposes and shall be invested by the Trustees. The Member's DROP Account shall be credited with annual earnings at a rate equal to seventy-five percent (75%) of the actual net earnings rate of the assets of the Retirement System; however, in no event shall the earnings rate applied to a Member's DROP Account for any Plan Year be less than zero percent (0%) nor greater than seven and three-quarters percent (7.75%).
- (4) If amounts credited to a DROP Account are paid into an entity managed outside of the Retirement System, amounts credited to a Member's DROP Account shall be invested as directed by the Member within the investment choices provided by such entity.
- (5) Any fees associated with the maintenance of DROP Accounts outside of the Retirement System shall be paid by the Members by means of deduction from the DROP Account.

Sec. 12.2. Conversion to Retirement Allowance

- (1) A Member shall be entitled to participate in the DROP Program for a maximum of five years. At the end of such five year period of participation in the DROP Program, the Member shall be retired from employment with the City.
- (2) A Member shall not receive a distribution of amounts credited to his DROP Account prior to his termination of employment with the City. Upon termination of employment, Member who is a participant in the DROP Program shall receive, at his option either a lump sum payment from the DROP Account equal to the amount credited to the DROP Account or an annuity based upon the amount credited to his DROP Account. In addition, the Member's full monthly Retirement Allowance that otherwise would have been paid upon the Member's retirement had he or she not elected to participate in the DROP Program shall commence to the Member in accordance with

the form of payment selected by the Member at the commencement of his or her participation in the DROP Program. Termination of employment includes termination of any kind, such as, resignation, retirement, discharge or disability.

Sec. 12.3. Death of Member While Participating in the DROP Program

- (1) If a Member dies while participating in the DROP Program, a lump sum payment equal to the Member's DROP Account balance shall be paid to the Beneficiary named by the Member, or if no Beneficiary has been designated, to the Member's estate. In addition, the Member's Retirement Allowance, together with any applicable variable pension improvement factor (escalator) increases, will be restored to one hundred percent (100%) of the amount that would have been paid to the Member but for the Member's decision to participate in the DROP Program. Survivor benefits, if any, shall be paid in accordance with the payment Option elected by the deceased Member.

Sec. 12.4. Disability of Member While Participating in the DROP Program

- (1) If a Member becomes Totally Disabled due to a duty disability while participating in the DROP Program and while still an Employee and his employment with the City is terminated because he is Totally Disabled, he shall be immediately retired with one hundred percent (100%) of his Retirement Allowance payable in the form of payment selected by the Member at the commencement of the DROP Program, plus any applicable variable pension improvement factor (escalator) increases.
- (2) If a Member becomes Totally Disabled due to a non-duty disability while participating in the DROP Program and while still an Employee of the City and his employment with the City is terminated because he is Totally Disabled, the Member (a) shall be immediately retired and his full Retirement Allowance, together with any applicable variable pension improvement factor (escalator) increases, will commence in accordance with the form of payment selected by the Member at the commencement of the Member's participation in the DROP Program, and (b) shall be entitled to receive payment of the funds in his DROP Account (as a lump sum or other form of payment described in Section 8.1). Such Member shall not be entitled to disability retirement benefits under Section 5.3 or Section 5.4 hereof.

Sec. 12.5. Cost Neutrality

- (1) The DROP Program shall be effective only for as long as it is cost-neutral to the City, provided however, that the DROP Program shall continue during the pendency of proceedings, described in paragraph (2) below, designed to restore the Retirement System to cost neutrality.
- (2) If the City contends that the DROP Program is costing it money, including, but not limited to, making the City's annual contribution to the Retirement System higher than it would be if the DROP Program was not in effect, the Retirement System's actuary as well as an actuary appointed by the City, shall meet and confer in good faith regarding the cost. If the actuaries are unable to reach an agreement as to cost, the matter shall be submitted to a third, independent, actuary, chosen or agreed upon by the Retirement System's actuary and the City's actuary who will be an associate or a fellow of the Society of Actuaries and a member of the American Academy of Actuaries. This actuary, when rendering a decision, will be limited to ordering implementation of changes necessary to make the DROP Program cost neutral. Upon the implementation of changes necessary to make the DROP Program cost neutral, Members shall have thirty days to elect to either (a) retire from active employment with the City or (b) withdraw

from the DROP Program and resume active participation in the Retirement System. The Board shall notify the Member of these changes prior to implementation. Those Members resuming participation in the Retirement System shall not accumulate Credited Service for any time that they were participating in the DROP Program. Those not making either election shall resume active participation in the Retirement System.

ARTICLE 13 – LIMITATION ON BENEFITS AND CONTRIBUTIONS

Sec. 13.1. Compliance With Code Section 415(b) And Regulations

- (1) Notwithstanding any other provision of this Combined Plan Document, the defined benefit component of the Retirement System shall be administered in compliance with the provisions of Code Section 415(b) and regulations thereunder that are applicable to governmental plans.
- (2) The maximum annual benefit accrued by a Member during a limitation year (which shall be the Plan Year) and the maximum annual benefit payable under the Retirement System to a Member at any time within a Plan Year, when expressed as an annual benefit in the form of a straight life annuity (with no ancillary benefits), shall be equal to \$160,000 (as such amount is adjusted pursuant to Code Section 415(d) for such Plan Year).
- (3) Notwithstanding the foregoing:
 - (a) if the benefit under the Retirement System is payable in any form other than a straight life annuity, the determination as to whether the limitation described in Section 13.1(2) has been satisfied shall be made, in accordance with the regulations prescribed by the Secretary of the Treasury, by adjusting such benefit to the Actuarially Equivalent straight life annuity beginning at the same time, in accordance with Section 13.1(8) or (9);
 - (b) if the benefit under the Retirement System commences before Age sixty-two, the determination of whether the limitation set forth in Section 13.1(2) (the “Dollar Limit”) has been satisfied shall be made, in accordance with regulations prescribed by the Secretary of the Treasury, by reducing the Dollar Limit so that the Dollar Limit (as so reduced) is equal to an annual benefit payable in the form of a straight life annuity, commencing when such benefit under the Retirement System commences, which is Actuarially Equivalent to a benefit in the amount of the Dollar Limit commencing at Age sixty-two; provided, however, if the Retirement System has an immediately commencing straight life annuity commencing both at Age sixty-two and the age of benefit commencement, then the Dollar Limit (as so reduced) shall equal the lesser of (i) the amount determined under this Section 13.1(3)(b) without regard to this proviso, or (ii) the Dollar Limit multiplied by a fraction the numerator of which is the annual amount of the immediately commencing straight life annuity under the Retirement System and the denominator of which is the annual amount of the straight life annuity under the Retirement System, commencing at Age sixty-two; and
 - (c) if the benefit under the Retirement System commences after Age sixty-five, the determination of whether the Dollar Limit has been satisfied shall be made, in accordance with regulations prescribed by the Secretary of the Treasury, by increasing the Dollar Limit so that the Dollar Limit (as so increased) is equal to an annual benefit payable in the form of a straight life annuity, commencing when the benefit under the Retirement System commences, which is Actuarially Equivalent to a benefit in the amount of the Dollar Limit commencing at Age sixty-five; provided, however, if the Retirement System has an immediately commencing straight life annuity commencing both at Age sixty-five and the Age of benefit commencement, the Dollar Limit (as so increased) shall equal the lesser of (i) the amount determined under this Section 13.1(3)(c) without regard to this proviso, or (ii) the Dollar Limit multiplied by a fraction the numerator of which is the annual amount of the immediately commencing straight life annuity under the Retirement System and the denominator of which is the annual amount of the immediately

commencing straight life annuity under the Retirement System, commencing at Age sixty-five.

- (4) Notwithstanding the foregoing provisions of this Section 13.1, except as provided in Section 13.1(5), the maximum annual benefit specified in Section 13.1(2) above shall not apply to a particular Retirement System benefit if (a) the annual amount of such Retirement System benefit, together with the aggregate annual amount of any other pensions payable with respect to such Member under all other defined benefit plans maintained by the City, does not exceed \$10,000 for the Plan Year or any prior Plan Year, and (b) the Member was not at any time a participant in a defined contribution plan maintained by the City.
- (5) In the case of a Member who has less than ten years of participation in the Retirement System, the limitation set forth in Section 13.1(2) shall be such limitation (without regard to this Section 13.1(5)), multiplied by a fraction, the numerator of which is the number of years of participation in the Retirement System (or parts thereof) credited to the Member and the denominator of which is ten. In the case of a Member who has less than ten years of Vesting Service, the limitations set forth in Paragraph (b) of Section 13.1(2) and in Section 13.1(4) shall be such limitations (determined without regard to this Section 13.1(5)) multiplied by a fraction, the numerator of which is the number of years of Vesting Service, or parts thereof, credited to the Member and the denominator of which is ten.
- (6) Notwithstanding anything in this Section 13.1 to the contrary, if the annual benefit of a Member who has terminated employment with the City is limited pursuant to the limitations set forth in Section 13.1(2), such annual benefit shall be increased in accordance with the cost-of-living adjustments of Code Section 415(d).
- (7) For purposes of determining actuarial equivalence under Paragraph (b) or (c) of Section 13.1(3), the interest rate assumption shall be five percent (5%) and the mortality table used shall be the applicable mortality table specified by the Board.
- (8) The actuarially equivalent straight life annuity for purposes of adjusting any benefit payable in a form to which Code Section 417(e)(3) does not apply, as required by Paragraph (a) of Section 13.1(3), is equal to the greater of (a) the annual amount of the straight life annuity payable under the Retirement System commencing at the same annuity starting date as the form of benefit payable to the Member, or (b) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the form of benefit payable to the Member, computed using the interest rate and mortality assumptions set forth in Section 13.1(7).
- (9) The actuarially equivalent straight life annuity for purposes of adjusting any benefit payable in a form to which Code Section 417(e)(3) applies, as required by Paragraph (a) of Section 13.1(3), is equal to the greatest of (a) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same Actuarial Equivalent present value as the form of benefit payable to the Member, (b) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the form of benefit payable to the Member, computed using a five and one-half percent (5.5%) interest rate assumption and the applicable mortality table specified by the Board, or (c) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the form of benefit payable to the Member, computed using the applicable interest rate and the applicable mortality table, both as specified by the Board, divided by 1.05.

- (10) For purposes of applying the limitations set forth in this Section 13.1, all qualified defined benefit plans (whether or not terminated) ever maintained by the City shall be treated as one defined benefit plan.
- (11) For purposes of this Section 13.1, the term “compensation” shall include those items of remuneration specified in Treasury Regulation § 1.415(c)-2(b) and shall exclude those items of remuneration specified in Treasury Regulation § 1.415(c)-2(c), taking into account the timing rules specified in Treasury Regulation § 1.415(c)-2(e), but shall not include any amount in excess of the limitation under Code Section 401(a)(17) in effect for the year. The term “compensation” as defined in the preceding sentence shall include any payments made to a Member by the later of (a) two and one-half months after the date of the Member’s severance from employment with the City or (b) the end of the limitation year that includes the date of the Member’s severance from employment with the City, provided that, absent a severance from employment, such payments would have been paid to the Member while the Member continued in employment with the City and are regular compensation for services performed during the Member’s regular working hours, compensation for services outside the Member’s regular working hours (such as overtime or shift differential pay), commissions, bonuses or other similar compensation.
- (12) This Section 13.1 shall be administered in conformity with the regulations issued by the Secretary of the Treasury interpreting Code Section 415 including, but not limited to, any regulation providing for the “grandfathering” of any benefit accrued prior to the effective date of such regulations or statutory provision.

Sec. 13.2. Compliance with Code Section 415(c) and Regulations

- (1) The “annual addition” with respect to a Member for a limitation year shall in no event exceed the lesser of:
 - (a) \$40,000 (adjusted as provided in Code Section 415(d)); or
 - (b) One hundred percent (100%) of the Member’s compensation, as defined in Code Section 415(c)(3) and regulations issued thereunder, for the limitation year.
- (2) The “annual addition” with respect to a Member for a limitation year means the sum of his Voluntary Employee Contributions made to the Retirement System, and the employer contributions, employee contributions and forfeitures allocated to his accounts under any other qualified defined contribution plan (whether or not terminated) maintained by the City, and the amounts described in Code Sections 415(l)(2) and 419A(d)(2) allocated to his account.
- (3) In the event the “annual addition” to the Retirement System on behalf of a Member would otherwise exceed the amount that may be applied for his benefit under the limitation contained in this Section 13.2, the limitation shall be satisfied by reducing the Member’s Voluntary Employee Contributions to the extent necessary and distributing such amounts to the Member.

ARTICLE 14 – RETIREMENT SYSTEM ADMINISTRATION

Sec. 14.1. Board of Trustees as Retirement System Administrator

- (1) The Retirement Board shall have the power and authority to manage and administer the Retirement System in accordance with the provisions of this Combined Plan Document.
- (2) The Retirement Board shall provide procedures for the processing and review of benefit claims, corrections of errors, and similar matters, as further described in Section 14.2.
- (3) The Retirement Board and the Retirement System shall not make any payment to active or retired Members or Beneficiaries other than payments that are required by the Retirement System as established by this Combined Plan Document. This prohibition applies to all payments that are not authorized by this Combined Plan Document, whether such payments are those commonly referred to as a “thirteenth check” or payments by any other name.

Sec. 14.2. Powers and Duties of Board

- (1) The Board shall have the following powers and duties:

ARTICLE 17 MISCELLANEOUS

Sec. 17.1. Nonduplication of Benefits

If any Member is a participant in another defined benefit pension plan, retirement system or annuity plan sponsored by the City (including Component II of this Retirement System) and the Member is or becomes entitled to accrue pension benefits under such plan or retirement system (including Component II of this Retirement System) with respect to any period of service for which he is entitled to accrue a benefit under Component I of this Retirement System, such Member shall not be eligible to accrue or receive payment of a benefit under Component I with respect to such period of service.

Sec. 17.2. Assignments Prohibited

The right of a person to a pension, annuity, the return of Accumulated Voluntary Employee Contributions and/or the return of Accumulated Mandatory Employee Contributions, the Retirement Allowance itself, to any optional form of benefit, to any other right accrued or accruing to any person under the provisions of this Retirement System, and the monies in the various funds of the Retirement System shall not be assignable and shall not be subject to execution, garnishment, attachment, the operation of bankruptcy or insolvency law, or any other process of law whatsoever, except as specifically provided in this Combined Plan Document or by an eligible domestic relations order of a lawful court.

Sec. 17.3. Protection Against Fraud

A person who, with intent to deceive, makes any statements or reports required under this Retirement System that are untrue, or who falsifies or permits to be falsified any record or records of this Retirement System, or who otherwise violates, with intent to deceive, any terms or provisions of the Retirement System, shall be subject to prosecution under applicable law.

Sec. 17.4. Conviction of Felony; Forfeiture of Rights

If a Member or Beneficiary shall be convicted by a court of competent jurisdiction of a felony or high misdemeanor involving moral turpitude committed during active Service, the Board shall have the power to order the forfeiture of all rights of the Member or Beneficiary to benefits hereunder, except the return of the Member's Accumulated Mandatory Employee Contributions and Accumulated Voluntary Employee Contributions.

Sec. 17.5. Amendment; Termination; Exclusive Benefit

The City reserves the right to amend the Combined Plan Document created hereunder at any time; such amendments may include termination of the Retirement System; provided, however, that following the effective date of the Plan of Adjustment, no amendment other than amendments required to comply with applicable federal law or the Plan of Adjustment may be made effective prior to July 1, 2023, nor may any amendment or termination deprive any Member, former Member or Beneficiary of any then vested benefit under the Retirement System, except as provided in a Plan of Adjustment. Notwithstanding the foregoing, the City and the Board have the authority to amend the Combined Plan Document as necessary to retain the tax qualified status of the Retirement System under the Internal Revenue Code. The City shall make no amendment or amendments to the Retirement System which causes any part of the assets of the Retirement System to be used for, or diverted to, any purpose other than the exclusive benefit of Members, former Members or their Beneficiaries; provided, that the City may make any amendment necessary, with or without retroactive effect, to comply with applicable federal law. Any amendment of the Retirement System by the City must be approved by the Council or a person

standing in the stead of the Council.

Upon termination of the Retirement System or upon complete discontinuance of contributions to the Retirement System, the rights of all Members to benefits accrued to the date of such termination or discontinuance, to the extent then funded, shall be nonforfeitable.

Sec. 17.6. Forfeitures Not to Increase Benefits

Any forfeitures arising under the Retirement System due to a Member's termination of employment or death, or for any other reason, shall be used to pay expenses of the Retirement System and shall not be applied to increase the benefits any Member would otherwise receive under the Retirement System at any time prior to termination of the Retirement System.

Sec. 17.7. Required Distributions - Compliance with Code Section 401(a)(9) and Regulations

The Retirement System will apply the minimum distribution requirements of Code Section 401(a)(9) in accordance with the final regulations issued thereunder, notwithstanding any provision in the Combined Plan Document to the contrary. Pursuant to Code Section 401(a)(9)(A)(ii), a Member's interest must begin to be distributed by the later of (i) the April 1 of the calendar year following the calendar year that he attains the Age of seventy and one-half (70-1/2), or (ii) April 1 of the calendar year following the year in which he retires. Distributions will be made in accordance with Regulations Sections 1.401(a)(9)-2 through 1.401(a)(9)-9. The provisions of this Section 17.7 and the regulations cited herein and incorporated by reference override any inconsistent plan distribution options.

Sec. 17.8. Direct Rollovers

- (1) For purposes of compliance with Code Section 401(a)(31), a distributee may elect, at the time and in the manner prescribed by the board, to have any portion of an eligible rollover distribution paid directly to an eligible retirement plan specified by the distributee in a direct rollover.
- (2) For purposes of this Section 17.8, the following terms shall have the following meanings:
 - (a) "Direct rollover" means a payment by the retirement system to an eligible retirement plan specified by a distributee.
 - (b) "Distributee" means a Member or former Member. It also includes the Member's or former Member's surviving spouse, a spouse or former spouse who is the alternate payee under an eligible domestic relations order, or a nonspouse beneficiary who is a designated beneficiary as defined by Code Section 401(a)(9)(E). However, a nonspouse beneficiary may only make a direct rollover to an individual retirement account or individual retirement annuity established for the purpose of receiving the distribution, and the account or annuity will be treated as an "inherited" individual retirement account or annuity.
 - (c) "Eligible retirement plan" means any of the following that accepts a distributee's eligible rollover distribution:
 - (i) a qualified trust described in Code Section 401(a);
 - (ii) an annuity plan described in Code Section 403(a);

- (iii) an annuity contract described in Code Section 403(b);
 - (iv) an individual retirement account described in Code Section 408(a);
 - (v) an individual retirement annuity described in Code Section 408(b);
 - (vi) a Roth IRA described in Code Section 408A; or
 - (vii) a plan eligible under Code Section 457(b) that is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or a political subdivision of a state that agrees to separately account for amounts transferred into that plan from the retirement system.
- (d) “Eligible rollover distribution” means any distribution of all or any portion of the balance to the credit of a distributee under the retirement system, except that an eligible rollover distribution does not include: any distribution that is one of a series of substantially equal periodic payments (not less frequently than annually) made for the life (or the life expectancy) of the distributee or the joint lives (or joint life expectancies) of the distributee and the distributee’s designated beneficiary, or for a specified period of ten years or more; any distribution to the extent such distribution is required under Code Section 401(a)(9); the portion of any distribution that is not includible in gross income; and any other distribution which the Internal Revenue Service does not consider eligible for rollover treatment, such as any distribution that is reasonably expected to total less than \$200 during the year. Notwithstanding the foregoing, a portion of a distribution will not fail to be an “eligible rollover distribution” merely because the portion consists of after-tax contributions that are not includible in Member’s gross income upon distribution from the retirement system. However, such portion may be transferred only (i) to an individual retirement account or annuity described in Code Section 408(a) or (b) or to a qualified defined contribution plan described in Code Section 401(a) that agrees to separately account for amounts so transferred (and earnings thereon), including separately accounting for the portion of the distribution that is includible in gross income and the portion of the distribution that is not so includible; (ii) to a qualified defined benefit plan described in Code Section 401(a) or to an annuity contract described in Code Section 403(b) that agrees to separately account for amounts so transferred (and earnings thereon), including separately accounting for the portion of the distribution that is includible in gross income and the portion of the distribution that is not so includible; or (iii) to a Roth IRA described in Code Section 408A.

Sec. 17.9. Construction

The words “hereof”, “herein”, and “hereunder” and other similar compounds of the word “here”, shall mean and refer to Component I of this Combined Plan Document and not to any particular provision or section thereof. Sec. 17.10. Severability

If any section or part of a section of this Combined Plan Document or provision relating to the

Retirement System is for any reason held to be invalid or unconstitutional, such holding shall not be construed as affecting the validity of the remaining sections of the Combined Plan Document or Retirement System or of the Combined Plan Document or Retirement System in its entirety.

In no case shall any such child's *Pension* be more than one-fourth of the deceased member's final compensation.
- (d) *Annual Limit.* ¹¹¹ The total amount payable under Section 47-2-7(b) and (c) of this Code on account of the death of a member, shall not exceed nine thousand dollars (\$9,000.00) per annum.

Sec. B-9. [Formerly Sec. 47-2-9. Retirement Allowance Options.¹¹⁵]

- (a) *Election by Member.* Until the first retirement allowance payment check is cashed, or six months after the first payment check is issued but not thereafter, any member may elect to receive a straight life retirement allowance payable throughout life, or the member may elect to receive the actuarial equivalent of the *Straight Life Retirement Allowance* computed as of the effective date of retirement, in a reduced retirement allowance payable throughout life, with the exception that there will be no reduction in the benefits received pursuant to Section 47-2-5(e) of this Code; and nominate a beneficiary, in accordance with the options set forth below:

*Option One. Cash Refund Annuity.*¹¹⁶ If a retiree who elected a Cash Refund Annuity dies before payment of the annuity portion of the reduced retirement allowance has been received in an aggregate amount equal to, but not exceeds the retiree's accumulated contributions in the *Annuity Savings Fund* at the time of retirement, the difference between said accumulated contributions and the aggregate amount of annuity payments already received, shall be paid in a single lump sum to such person or person nominated by written designation duly executed by the member and filed with the Board. If there are no such designated person or persons surviving said retiree, any such difference shall be paid to the retiree's estate.

*Option Two. Joint and One Hundred Percent Survivor Allowance.*¹¹⁷ Upon the death of a retiree who elected a *Joint and One Hundred Percent Survivor Allowance*, one hundred percent of the reduced retirement allowance shall be paid to and continued throughout the life of the person nominated by written designation duly executed and filed with the Board prior to the date the first payment of the retirement allowance becomes due.

Option "A". Joint and Seventy-Five Percent Survivor Allowance. Upon the death of a retiree who elected a *Joint and Seventy-Five Percent Survivor Allowance*, seventy-five percent of the reduced retirement allowance shall be continued throughout the life of and paid to the person nominated by written designation duly executed by the member and filed with the Board prior to the date the first payment of the retirement allowance becomes due.

Option Three. Joint and Fifty Percent Survivor Allowance. Upon the death of a retiree who elected a *Joint and Fifty Percent Survivor Allowance*, fifty percent of the reduced retirement allowance shall be continued throughout the life of and paid to the person nominated by written designation duly executed by the member and filed with the Board prior to the date the first payment of the retirement allowance becomes due.

Option "B". Joint and Twenty-Five Percent Survivor Allowance. Upon the death of a retiree who elected a *Joint and Twenty-Five Percent Survivor Allowance*, twenty-five percent of the reduced retirement allowance shall be paid throughout the life of the person nominated by written designation duly executed and filed with the Board prior to the date the first payment of the retirement allowance becomes due.

- (b) *Joint and Survivor Optional Forms of Payment.* The *Joint and Survivor Optional Forms of Payment* provided under Section 47-2-9(a) of this Code shall be made available in either the standard form or the pop-up form, as follows:
- (1) *Standard Form.* Under the *Standard Form*, the reduced retirement allowance shall be paid throughout the lifetime of the retiree.
 - (2) *Pop-up Form.* Under the *Pop-up Form*, the reduced allowance shall be paid throughout the lifetime of the retiree and the designated beneficiary. In the event of the death of the designated beneficiary during the lifetime of the retiree, the amount of the allowance shall be changed to the amount that would have been payable had the retiree elected the *Straight Life Form of Payment*.
- (c) *Coordination of Benefits.* According to such rules and regulations as the Board shall adopt, until the first payment of a retirement allowance becomes due, but not thereafter, a member under age sixty-five may elect to have the member's *Straight Life Retirement Allowance* provided for in Section 47-2-5 of this Code equated on an actuarial equivalent basis to provide an increased retirement allowance payable to age sixty-two or age sixty-five, and to provide a decreased retirement allowance thereafter. The increased retirement allowance payable to such age shall approximate the total of the decreased retirement allowance payable thereafter and the estimated social security benefit. If a member elects to receive increased and then decreased retirement allowance payments provided for in this paragraph, he or she may also elect to have such payments reduced by electing one of the optional forms of payment provided for in paragraph (a) of this section. - (a) *Medical examination.* At least once each year during the first five years following the retirement of a member with a Disability Retirement Allowance or Disability Pension, and at least once in every three year period thereafter, the Board may, and upon the retiree's application shall require that any disability retiree who has not attained age sixty undergo a medical examination, to be made by, or under the direction of, the Medical Director. Should any such disability retiree who has not attained age sixty refuse to submit to at least one such medical examination in any such period, the retiree's retirement allowance or pension may be discontinued by the Board until withdrawal of such refusal. Should such refusal continue for one year, all of the disability retiree's rights in and to the Pension portion of the Retirement Allowance may be revoked by the Board. In computing the Retirement Allowance, the basic pension shall not exceed twelve dollars (\$12.00) per year for a maximum of ten years for a total amount to not exceed one hundred twenty dollars (\$120.00), and the membership service pension shall be based only upon City-credited service existing at the time of transfer. Pension – Employer Contribution (414h Plan):

Upon notification by the Union to the City of its desire to activate a 414(h) Plan, the City will take steps to implement the provisions contained in the following paragraphs. The Union initiated the discussions and proposed the provisions contained in the paragraphs and the parties recognize and agree that it will take some time before this program can become operational due to the necessity of making changes in the City's computerized payroll system.

It is hereby agreed that every member of this bargaining unit shall be required to make contributions in the amount of 5% of their annual compensation to the Annuity Savings Fund of the General Retirement System. The said 5% employee contribution to the Retirement system Annuity Fund, although designated as employee contributions, shall be paid by the City of Detroit in lieu of contributions by the employee. The employee shall not have the option of choosing to receive the contributed amount directly instead of having them paid by the employer to the annuity fund. There shall be no additional contribution expense to the City of Detroit, and the amounts so contributed by the employer on behalf of the employee shall be treated, for tax purposes, as employer contributions and thus shall not be taxable to the employee until these amounts are distributed or made available to the employee.

These provisions shall not affect the amount or benefits level of the retirement allowance, or the City of Detroit's obligation thereto.^{ss}

-
- (b) *Annuity Reserve Fund.* ¹³¹ The *Annuity Reserve Fund* shall be the fund, from which all annuities and benefits in lieu of annuities payable as provided in this Article, shall be paid. If a disability retiree is reinstated to active City service, the retiree's Annuity Reserve at that time shall be transferred from the *Annuity Reserve Fund* to the *Annuity Savings Fund* and credited to his or her individual account therein.
- (c) *Pension Accumulation Fund.* ¹³² The *Pension Accumulation Fund* shall be the fund in which shall be accumulated reserves for the pensions and other benefits payable from the contributions made by the City, and from which shall be paid pensions and other benefits on account of Members with prior service credit, and transfers as provided in this Section, Contributions to and payments from the *Pension Accumulation Fund* shall be made as follows:
- (1) Upon the basis of such mortality and other tables of experience and Regular Interest, as the Board shall adopt from time to time, the Actuary shall annually compute the amount of contributions, which, when made annually by the City during the entire prospective City service of Members without prior service credit, will be sufficient to provide the pension reserves required at the time the Members leave City employment, to cover the pensions to which they might be entitled or which might be payable because of their City employment. Upon the retirement of a Member without prior service credit, or upon a Member's death in the performance of duty, the *Pension Reserve Fund* for the pension or pensions to be paid on the Member's account shall be transferred from the *Pension Accumulation Fund* to the *Pension Reserve Fund*.
 - (2) Upon the basis of such mortality and other tables of experience and regular interest as the Board shall adopt from time to time, the Actuary shall compute annually the pension reserve liabilities for pensions being paid to Retirees and Beneficiaries.
 - (3) On an annual basis, the Board shall ascertain and report to the Mayor and the Council the amount of City contributions due to the System. The Council shall appropriate and the City shall pay such contributions during the ensuing Fiscal year. When paid, such contributions shall be credited to the *Pension Accumulation Fund*.

^{ss} CET-1 (§ 48.O.), CBA-11 (§ 39.S.).

- (4) If the amount appropriated by the City and paid to the System for any Fiscal year is insufficient to make the transfers and pay the pensions from the *Pension Accumulation Fund* as provided in this Section, the amount of such insufficiency shall be provided by the appropriating authorities of the City.
- (d) *Accrued Liability Fund.* Pursuant to Ordinance No. 5-05, which authorizes the creation of the *Detroit General Retirement Service Corporation*, the City has entered into a transaction (the “Pension Funding Transaction”) to obtain funds as an alternative to those available through the traditional funding mechanism described above in Subsection (c). The proceeds generated by the Pension Funding Transaction (or any Additional Pension Funding Transactions, as described below) that will be deposited into the System will be termed the “Funding Proceeds.” The Funding Proceeds will be deposited into a new fund in the System to be called the *Accrued Liability Fund*. The purpose of the Funding Proceeds will be to fund all or part of the heretofore unfunded actuarial accrued liability (“UAAL”) of the System, as determined as of a date certain, that is, the “Determination Date,” pursuant to the System’s actuarial valuation as of that date. The Funding Proceeds will be assets of the System and will be applied, together with all other assets of the System, to fund the System’s obligation to pay accrued benefits.

This *Accrued Liability Fund* shall contain only the Funding Proceeds of this Pension Funding Transaction, and any earnings thereon. Should the City, by future ordinance, choose to raise additional moneys by additional pension funding transactions (“Additional Pension Funding Transactions”) in order to fund the then existing UAAL of the System as of a future date certain, a new and separate *Accrued Liability Fund* shall be created within the System to contain the proceeds, and any earnings thereon, of any Additional Pension Funding Transactions, and a new *Accrued Liability Fund* will be created for each successive Additional Pension Funding Transaction undertaken by the City, if any. The treatment of any Additional *Accrued Liability Fund* shall be the same as described below:

- (1) The Funding Proceeds deposited in the *Accrued Liability Fund* will be subject to the oversight and investment direction of the Board of Trustees of the General Retirement System, consistent with the Board’s obligations under Section 47-2-20 (Management of Funds). The Board will invest the Funding Proceeds as part of the System’s overall assets, and will not differentiate the Funding Proceeds from other System assets for investment purposes.
- (2) All interest, dividends and other income derived from the investment of the Funding Proceeds shall be credited annually to the applicable *Accrued Liability Fund* on a total System rate of return basis determined by crediting the applicable *Accrued Liability Fund* with the investment return experienced by the System in total for all of its investments for the year. This shall be done by first determining the rate of return for the total assets in the System for the fiscal year, and then crediting back to each *Accrued Liability Fund* an amount that is determined by multiplying that rate of return times the balance in the *Accrued Liability Fund* as of the beginning of the fiscal year, less an amount obtained by multiplying one-half of the System’s rate of return times the amount transferred to the *Pension Accumulation Fund* for that year. As provided in Section 47-2-18(g) of this Code, the interest, dividends and other income derived from the investment of the Funding Proceeds deposited in any *Accrued Liability Fund* are “other moneys” the disposition of which is specifically provided for in this Article, and these moneys will not be credited to the *Income Fund*. The interest, dividends and other income derived from the investment of the Funding Proceeds deposited in any *Accrued Liability Fund* will not be credited to any Funds other than the *Pension Accumulation Fund*.
- (3) Upon the creation of the *Accrued Liability Fund* and the deposit of the Funding Proceeds into the applicable *Accrued Liability Fund*, there shall be established a schedule for transferring assets of the *Accrued Liability Fund* by crediting them to the *Pension Accumulation Fund* on a regular basis over the period required to fully amortize that portion of the System’s UAAL determined as of the applicable Determination Date.

The System’s UAAL determined as of the applicable Determination Date shall be the “Determined Accrued Liability.” The period over which the Determined Accrued Liability is to be fully amortized, as specified in the System’s actuarial valuation as of the applicable Determination Date, is the “Amortizing

Period.” The amount to be transferred each fiscal year (or monthly portion thereof) to the *Pension Accumulation Fund* from the *Accrued Liability Fund* is the “Scheduled Amortizing Amount.”

With respect to the Pension Funding Transaction and any Additional Pension Funding Transactions, the Scheduled Amortizing Amount will equal a level percentage of the City’s monthly payroll during the fiscal year, as determined by the City’s weekly payroll reports made available to the Board. The level percentage of the City’s monthly payroll that will be used to determine the Scheduled Amortizing Amount will be a level percentage that is equal to the level percentage that is specified in the actuarial valuation as of the applicable Determination Date as being the percentage of the City’s monthly payroll required to amortize the Determined Accrued Liability over the Amortizing Period multiplied by a fraction. The numerator of the fraction shall be the amount of the applicable Funding Proceeds up to the full amount of the Determined Accrued Liability as of the Determination Date. The denominator of the fraction shall be the System’s Determined Accrued Liability on that date.

Commentary: By way of example only, the Scheduled Amortizing Amount would be determined as follows: (1) the Determination Date is June 30, 2004, (2) the Funding Proceeds are deposited into the System during the 2004-2005 Fiscal Year, (3) the June 30, 2004 actuarial valuation produced a UAAL of \$800 million, (4) the City’s contribution required to amortize that UAAL is 16% of the City’s payroll, and (5) the Funding Proceeds are \$600 million, then the Scheduled Amortizing Amount for Fiscal Year 2005-06 would be 16% times (\$600 million/\$800 million) times the City’s payroll for 2005-2006. This would be 12% times the City’s payroll for that fiscal year.

With respect to the Pension Funding Transaction, or any Additional Pension Funding Transactions, where the applicable Determination Date occurs after the date of the actuarial valuation that determines the City’s contribution for the fiscal year during which the applicable Funding Proceeds are deposited into the System, for such fiscal year, there will be transferred from the applicable *Accrued Liability Fund* to the *Pension Accumulation Fund* an amount that is specified in such actuarial valuation as being the City’s required contribution needed to amortize the System’s UAAL as of the date of such actuarial valuation, multiplied by a fraction. The numerator of the fraction shall be the amount of the applicable Funding Proceeds up to the full amount of the UAAL specified in such actuarial valuation, and the denominator of the fraction shall be the System’s total UAAL as set forth in that same actuarial valuation.

Commentary: By way of example only, the Scheduled Amortizing Amount in this case would be determined as follows: (1) the Determination Date is June 30, 2004, (2) the Funding Proceeds had been deposited into the System during the 2004-2005 Fiscal Year, (3) the June 30, 2003 actuarial valuation produced a UAAL of \$733 million, (4) the City’s contribution required to amortize that UAAL is 13.9% of the City’s payroll, and (5) the Funding Proceeds are \$600 million, then the Scheduled Amortizing Amount for Fiscal Year 2004-05 would be 13.9% times (\$600 million/\$733 million) times the City’s payroll for 2004-2005. This would be 11.4% times the City’s payroll for that fiscal year.

Should the Board at some future time adopt a different period for amortizing the System’s UAAL (a “Revised Amortizing Period”), the Scheduled Amortizing Amount for ensuing years may change. If the Revised Amortizing Period provides for a longer period during which to amortize the System’s UAAL (that is, an “Extended Amortizing Period”), then the Amortizing Period initially used to amortize the applicable Determined Accrued Liability will also be revised. There will then be established a new schedule for amortizing the Determined Accrued Liability, and the Scheduled Amortizing Amount will be based on the level percentage of the City’s monthly payroll being equal to what it would be if the then unamortized balance of the Determined Accrued Liability were re-amortized over the Extended Amortizing Period. If the Revised Amortizing Period is changed so that the System’s UAAL is to be amortized over a shorter period than the one initially used to amortize the applicable Determined Accrued Liability, then that Scheduled Amortizing Amount will not be changed.

- (4) Each year (or monthly portion thereof), when the City is required to make its regular contribution to the System — the amount of which is to be determined pursuant to Subsection (c) and the timing of which is set forth in Section 47-2-19(b) — the Board will transfer the Scheduled Amortizing Amount from the

Accrued Liability Fund and credit it to the *Pension Accumulation Fund*; provided, however, that this transfer cannot occur unless and until the Board has been notified pursuant to the Pension Funding Transaction, or any Additional Pension Funding Transaction, if applicable, that the City is current on the service payments required under the applicable Pension Funding Transaction.

- (5) Should the Scheduled Amortizing Amount not be available for transfer because of the City's failure to make a timely service payment pursuant to the applicable Pension Funding Transaction, the Board will take any permitted action, including the filing of a civil action against the City, as contemplated in Section 47-4-3(3), to effectuate the transfer of the Scheduled Amortizing Amount.

Should the City's Finance Director certify to the Board by a duly attested notice that the City has no available funds to make the service payments required by the applicable Pension Funding Transaction, in that specific circumstance, the Board shall be authorized to transfer the Scheduled Amortizing Amount for that fiscal year (or monthly portion thereof) to the *Pension Accumulation Fund*, absent the notice requirement set forth in Section 47-2-18(d)(4).

- (6) Since the Funding Proceeds are to be considered assets of the System and are intended to fund the applicable Determined Accrued Liability, the City shall be required to make only a proportional contribution for any fiscal year (or monthly portion thereof) ending after the date the Funding Proceeds are deposited into the applicable Accrued Liability Fund, but prior to a fiscal year whose corresponding actuarial valuation includes the Funding Proceeds in the System's total assets. The proportional contribution to fund the System's then existing UAAL, if any, shall be the level percentage of the City's payroll specified in the actuarial valuation for the applicable fiscal year as the City's required contribution needed to amortize the System's then existing UAAL, multiplied by a fraction. The numerator of the fraction shall be the amount of the System's total UAAL as determined in such actuarial valuation minus the amount of the applicable Funding Proceeds, but not less than zero. The denominator of the fraction shall be the amount of the System's total UAAL in such valuation. Actuarial valuations following the deposit of the applicable Funding Proceeds into the System shall include the Funding Proceeds in the total assets of the System to determine any ensuing UAAL of the System, and the Funding Proceeds shall offset any such actuarial liability accordingly.

Commentary: By way of example only, the following indicates how the procedure described above would operate. Assume the following facts — (1) the Determination Date is June 30, 2004; (2) the June 30, 2004 actuarial valuation produced a UAAL of \$800 million and a contribution toward the UAAL of 16% of the City's payroll; (3) the Funding Proceeds were \$600 million and were deposited in the System during the 2004-2005 Fiscal Year; (4) the first actuarial valuation which included the Funding Proceeds in the System's assets was as of June 30, 2005 and (5) the June 30, 2003 valuation which determines the City's required contribution for fiscal 2004-05 produced a total UAAL of \$733 million and a contribution toward that UAAL of 13.9% of the City's payroll. Then:

- The fiscal year ending after the date of deposit would be the year ending June 30, 2005, or the 2004-2005 Fiscal Year.
 - The first fiscal year whose corresponding valuation reflected the Funding Proceeds in its assets would be the 2006-2007 year.
 - Thus, the City's required UAAL contribution for fiscal 2004-2005 would be 13.9% of the City's payroll times (\$733 million — \$600 million) divided by \$733 million, or 2.5% of payroll. The City's required UAAL contribution for fiscal 2005-06 would be 16% of the City's payroll times (\$800 million — \$600 million) divided by \$800 million, or 4% of the City's payroll.
 - Beginning with the Fiscal Year 2006-2007, whose contribution is determined by the June 30, 2005 actuarial valuation, the City's required UAAL contribution would be the percentage of its payroll developed in the corresponding actuarial valuation that included the Funding Proceeds as being part of the System's assets.
- (7) Any contribution the City has made to the System for any fiscal year during which the Funding Proceeds from any applicable Pension Funding Transaction have become assets of the System. Where the amount

of the contribution is equal to or less than the normal cost of that fiscal year, the City's contribution shall be deemed to have been made in satisfaction of its obligation to contribute an amount equal to the System's normal cost for that fiscal year, and not as payment towards any portion of its obligation to pay an amortized portion of the System's UAAL due in that fiscal year. The term "normal cost" as used in this Section 47-2-18(d)(6), shall be given its generally accepted actuarial meaning.

To the extent the City's contribution for that fiscal year exceeds its required contribution for normal cost owed in that fiscal year, its excess contributions shall be deemed as having been made for the immediately following fiscal year, and shall offset the City's normal cost contribution obligation for the immediately following fiscal year.

Commentary: By way of example only, the following indicates how the procedure described in the preceding paragraphs would operate. Assuming the same facts as in the prior *Commentary*, and the City contributed \$40 million for the 2004-2005 Fiscal Year and the total normal cost for that year was \$40 million:

- The entire \$40 million would be deemed as payment of the required normal cost for 2004-2005, and
- No part of the \$40 million contribution would be deemed payment toward UAAL.

Now assume that the facts remain the same, but that the City had contributed a total of \$45 million for 2004-2005:

- The City's total required contribution for 2004-2005 would be deemed paid in full, and
- \$5 million, that is, \$45 million minus \$40 million, would be deemed prepayment of the City's required normal cost for 2005-2006 and its required normal cost contribution for 2005-2006 would be reduced accordingly.

- (8) The System's auditor shall verify (a) the assets credited to the *Pension Accumulation Fund* and any *Accrued Liability Fund* at the beginning and end of each fiscal year, (b) that each Fund had been properly credited, and (c) that transfers from the *Accrued Liability Fund(s)* to the *Pension Accumulation Fund* had occurred as intended under this Section 47-2-18(d) of this Code.
 - (9) Should the System's auditor certify that the total assets then existing in the System, not including the assets in any *Accrued Liability Fund*, together are insufficient to pay the benefits then due under the System, the System's auditor will then determine and certify the minimum amount needed to fund the benefits then due and owing (the "Minimum Necessary Amount"). In this limited circumstance, the Board is authorized to transfer the Minimum Necessary Amount from the *Accrued Liability Fund* to the *Pension Accumulation Fund* absent the notification required pursuant to Section 47-2-18(d)(4) of this Code.
 - (10) At the end of the Amortizing Period, or the end of the Extended Amortizing Period, if applicable, should there be any moneys that remain credited to the *Accrued Liability Fund*, the Board may transfer, at its discretion, any such remaining moneys, in whole or in part, by crediting them to the *Pension Accumulation Fund*. The *Pension Accumulation Fund* is the only Fund into which the remaining moneys credited to any *Accrued Liability Fund* may be transferred.
- (e) *Pension Reserve Fund*.¹³³ The *Pension Reserve Fund* shall be the fund from which pensions shall be paid to beneficiaries. Should a Disability Retiree be reinstated to active service, the Retiree's pension reserve at that time, shall be transferred from the *Pension Reserve Fund* to the *Pension Accumulation Fund*.
 - (f) *Expense Fund*.¹³⁴ The *Expense Fund* shall be the fund to which shall be credited all money provided by the City to pay the administrative expenses of the Retirement System, and from which shall be paid all the expenses necessary in connection with the administration and operation of the System.
 - (g) *Income Fund*.¹³⁵ The *Income Fund* shall be the Fund to which shall be credited all interest, dividends, and other income derived from the investments of the System (other than those derived from the investments

credited to any *Accrued Liability Fund*), all gifts and bequests received by the System, and all other moneys the disposition of which is not specifically provided for in this Article. There shall be paid or transferred from the *Income Fund*, all amounts required to credit Regular Interest to the various Funds of the Retirement System, except for the *Accrued Liability Fund* which is to be credited with interest, dividends and other earnings pursuant to Section 47-2-18(d)(2) of this Code in accordance with the limitations that are contained in Section 47-1-18 of this Code.

(h) Maintenance of Reserves.¹³⁶

- (1) The maintenance of proper reserves in the various Charter-based funds of the Retirement System within this *Article II* except the *Expense Fund* are hereby made obligations of the *Pension Accumulation Fund*.
- (2) City contributions to the Retirement System to the extent necessary to provide pensions on account of members who are employees of a revenue-supported division of the City shall be made from the revenues of the said division. Any City contribution to the Retirement System from any Fund by law with a certain and definite purpose shall at the direction of the Finance Director, be accounted for separately.

(Ord. No. 29-01, § 1, 11-30-01; Ord. No. 03-05, § 1, 2-4-05; Ord. No. 37-11, § 1, 11-29-11)

Sec. B-19. [Formerly Sec. 47-2-19. Determination of City's annual contribution.¹³⁷]

The annuity and pension reserve liabilities for members, retirees, and beneficiaries, shall be actuarially evaluated as set forth in this Article for each division as is accounted for separately pursuant to Section 47-2-18(g)(2) of this Code.

(a) Pension Liabilities.¹³⁸

- (1) The pension liabilities for members shall be determined using the entry age-normal cost method of actuarial valuation.
- (2) The City's annual contribution, expressed as a percentage of active member compensation, to finance the prospective pension liabilities shall be determined by dividing the total cost of the individual annual normal costs of the active members by the active members' annual compensation used in the valuation.
- (3) The City's annual contribution to finance any unfunded accrued pension liabilities, expressed as a percentage of active member compensation, shall be determined by amortizing such unfunded accrued pension liabilities as a level percentage of covered payroll over a period or periods of future years as established by the Board.

- (b) *Pension Accumulation Fund*.¹³⁹ Based upon the provisions of this Article including any amendments, the Board of Trustees shall compute the City's annual contributions to the Retirement System, expressed as a percentage of active member compensation each fiscal year, using actuarial valuation data as of the June thirtieth date which date is a year and a day before the first day of such fiscal year. The Board shall report to the Mayor and Council the contribution percentages so computed. Such contribution percentages shall be used in determining the contribution dollars to be appropriated by Council and paid to the Retirement System. Such contribution dollars shall be determined by multiplying the applicable contribution percentage for such fiscal year by the member compensation paid for such fiscal year. Such contribution dollars for each fiscal year shall be paid to the Retirement System in such fiscal year in a manner to be agreed upon from time to time by the Board and the City, provided, for any fiscal year for which the agreement has not been reached before the first day of such fiscal year, such contribution dollars shall be paid in equal monthly installments at the end of each calendar month in such fiscal year.

A duly attested copy of a resolution of the Board designating such persons and bearing upon its face specimen signatures of such persons, shall be filed with the Finance Director and the custodian of the Funds as their authority for making payments upon such vouchers. - (e) *Available Funds shall be kept upon deposit.*¹⁴⁶ Available funds shall be kept on deposit for the purpose of meeting disbursements for pensions, annuities, and other payments.

Sec. B-22. [Formerly Sec. 47-2-22. Participant loan program.]

- (a) *Established.* Any loans granted or renewed shall be made pursuant to a Participant Loan Program which shall conform with the requirements of Section 72(p) of the Internal Revenue Code, 26 U.S.C. 1 et seq. Such loan program shall be established in writing by the Board of Trustees, and must include, but need not be limited to the following:
 - (1) The identity of the administrator of the Participant Loan Program;
 - (2) A procedure to apply for loans, the amount of loan that will be approved or denied, and limitations, if any, on the types and amount of loans offered;
 - (3) The procedures under the program for determining a reasonable rate of interest; and
 - (4) The events constituting default and the steps that will be taken to preserve plan assets.

(b) The Loan Program.

- (1) This Loan Program shall be contained in a separate written document copies of which shall be made available in the offices of the City of Detroit General Retirement System for prospective participants in the program. The Board of Trustees is authorized to adopt rules and regulations, from time to time, to govern the administration and the operation of this program. Copies of the rules shall also be made available to prospective participating members of the system in the offices of the General Retirement System; and
 - (2) All collective bargaining agreements which accept the terms of this section are specifically agreeing to be subject to the Boards authority to modify or amend the Participant Loan Program from time to time, including during the effective terms of the applicable labor agreement and no such modification or amendment shall be deemed a violation of said labor agreement and no grievance or other form of action shall be effective to overturn or alter the Boards decision.
- (c) *Eligibility.* Subject to rules and procedures established by the Board, loans will initially be made only to non-union participants of the General Retirement System. Union employees will be eligible when their respective bargaining unit has accepted the program.¹¹ Former participants, spouses of participants, and beneficiaries are not eligible to receive any loans from the Plan. Subject to rules and procedures established by the Board, a participant who has been in the plan for twelve (12) months or more is eligible to apply for a loan from this plan.
- (d) *Amount of Loan.* A participant who has satisfied applicable rules and procedures may borrow from his or her account an amount, which does not exceed fifty percent (50%) of the participants vested accumulated balance, or ten thousand dollars (\$10,000.00) reduced by the excess, if any, of: 1) the highest outstanding balance of loans from the trust during the one (1) year period ending on the day before the date on which the loan is made, or 2) the outstanding balance of loans from the trust on the date on which the loan is made, whichever is less. The minimum loan amount shall be one thousand dollars (\$1,000.00).
- (e) *Terms and Conditions.* In addition to such rules and procedures that are established by the Board, all loans shall comply with the following terms and conditions:
- (1) Loan applications shall be in writing;
 - (2) Loans shall be repaid by equal payroll deductions over a period not to exceed five (5) years, or, where the loan is for the purpose of buying a principal residence, a period not to exceed fifteen (15) years. In no case shall the amount of the payroll deduction be less than twenty dollars (\$20.00) for any two-week period;
 - (3) Each loan shall be made against the assignment of the participants entire right, title, and interest in and to the trust, supported by the participants collateral promissory note for the amount of the loan, including interest payable to the order of the trustee;
 - (4) Each loan shall bear interest at a rate determined by the Board. The Board shall not discriminate among participants in its determination of interest rates on loans. Loans initiated at different times may bear different interest rates, where, in the opinion of the Board, the difference in rates is supported by a change in market interest rates or a change in the pension systems current assumed rate of return. The loan interest rate shall bear a reasonable relationship to market rates for secured loans of a similar duration and shall bear a reasonable relationship to the costs to the pension trust of administering the trust. The loan interest rate shall be calculated in a manner that will not negatively affect the City's costs to the trust or the return to trust members;

¹¹ The following bargaining units have accepted the annuity loan program: CBA-3 (§ 53.), CBA-6 (§ 44.), CBA-7 (§ 44.), CBA-8 (§ 40.), CBA-9 (§ 43.), CBA-10 (§ 48.).

- (5) Loan repayments shall be suspended under this plan as permitted by Section 414(u)(4) of the Internal Revenue Code, 26 U.S.C. 414(u)(4). A participant who has an outstanding loan balance from the plan who is absent from employment with the employer, and who has satisfied the requirements of 26 USC 414(u) of the Internal Revenue Code shall not be required to make loan repayments to the fund during said periods of absence.
- (f) *Renewal of Loan.* Any loans granted or renewed shall be made pursuant to the participant loan program and Section 72(p) of the Internal Revenue Code, 26 U.S.C. 72(p) and the regulations thereunder.
- (g) *Loan Balance.* A participants outstanding loan balance shall be considered a directed investment by the participant and interest payments, shall be credited to the participants account balance, and shall not be part of net investment income or part of the participants account balance for the purpose of allocation of net investment income under Section 47-2-18 of this Code.
- (h) *Distributions.* No distributions shall be made to a participant, former participant, or beneficiary until all loan balances drawn on the applicable vested accumulated balance and applicable accrued interest have been liquidated.
- (i) *Annual Report.* The General Retirement System shall include, in their annual report to all members, an accounting of the loan program established by this section, which contains the number and amount of loans made, the costs of administering the program, the amount of payments made including interest received by the trust, the amount of loans outstanding, including any defaults or delinquencies, and an evaluation as to whether the interest charged in that fiscal year covered the costs of administering the program.

Special Provisions

Sec. 1. Freeze of Police and Fire Retirement System as of June 30, 2014.

Notwithstanding anything in Chapter 47 of the 1984 Detroit City Code, or in Chapter 54, Article II of the 1964 Detroit City Code, or any ordinances, resolutions, or orders, or parts thereof, whether codified or not codified, or any collective bargaining agreement or other documents governing terms of employment to the contrary, effective as of June 30, 2014 (the "Freeze Date") –

- (a) No new employee hired by the City on or after July 1, 2014 shall become a member who is eligible to accrue a benefit under the terms of the Police and Fire Retirement System in effect as of the Freeze Date;
- (b) No employee who is rehired by the City on or after July 1, 2014 and who received a distribution of his accumulated employee contributions prior to July 1, 2014, shall become a member who is eligible to accrue a benefit under the terms of the Police and Fire Retirement System in effect as of the Freeze Date; *provided, however*, that if a member who is entitled to a Frozen Accrued Benefit as defined in subsection (d) of this Section 54-2-15 and who is rehired by the City on or after July 1, 2014 repays to the Police and Fire Retirement System in accordance with a payment schedule approved by the Board of Trustees the amount of accumulated employee contributions that he withdrew then such member shall be eligible to accrue service credit following rehire solely for the purpose of determining the member's eligibility for payment of his Frozen Accrued Benefit;
- (c) No member shall make contributions to the Annuity Savings Fund under the Police and Fire Retirement System in effect as of June 30, 2014 with respect to wages earned on or after July 14, 2014 and all member contributions made on or after July 14, 2014 shall be made to and in accordance with the terms of the Combined Plan for the Police and Fire Retirement System of the City of Detroit, Michigan;
- (d) Benefit accruals for members with respect to service rendered prior to July 1, 2014 will be frozen based on a member's years of service and Average Final Compensation and the pension multiplier formulae as of such Freeze Date ("Frozen Accrued Benefit");
- (e) Except as otherwise provided in this Section 54-2-15, compensation of a member shall be frozen effective as of the Freeze Date for purposes of determining the member's Frozen Accrued Benefit. No compensation of any type earned by a member after the Freeze Date shall be taken into consideration for purposes of determining the member's Frozen Accrued Benefit under the Police and Fire Retirement System;

- (f) Any member who, as of June 30, 2014, would have been eligible to elect to use a portion of the unused accrued sick leave that he could have received in cash upon retirement ("Cashable Sick Leave") to increase his Average Final Compensation if the member had been eligible to retire and had elected to retire as of June 30, 2014, shall have a one-time election to have the value of twenty-five percent (25%) of the member's Cashable Sick Leave as of June 30, 2014 included in the computation of the member's Average Final Compensation for purposes of determining the member's Frozen Accrued Benefit ("Sick Leave Election"); provided, however, that the amount of the member's Cashable Sick Leave at the time the completed election form is received by the Retirement System is at least equal to the value of twenty-five percent (25%) of the member's Cashable Sick Leave as of June 30, 2014 and, provided further that the completed election form is received by the Retirement System no later than August 15, 2014. A member's Sick Leave Election shall be made in the manner set forth by the Board of Trustees and the Police and Fire Retirement System. Notwithstanding anything in this subsection (f) to the contrary, a member's Sick Leave Election will be void and the determination of the member's Average Final Compensation for purposes of calculating the member's Frozen Accrued Benefit will not take into account any of the member's Cashable Sick Leave, if (i) the electing member would not have been eligible to receive an immediate service retirement benefit if he retired as of June 30, 2014, and (ii) the electing member's employment with the City is terminated before the electing member becomes eligible for an immediate service retirement benefit under the Police and Fire Retirement System;
- (g) Service earned after the Freeze Date shall be credited to a member solely for purposes of determining a member's vesting in and eligibility for payment of his or her Frozen Accrued Benefit and to a rehired member solely for purposes of determining the member's eligibility for payment of his or her Frozen Accrued Benefit. Service credit for all members for benefit accrual purposes under the terms of the Police and Fire Retirement System in effect as of the Freeze Date shall be frozen effective as of the Freeze Date and no member shall earn service credit with respect to benefits payable under the terms of the Police and Fire Retirement System in effect as of the Freeze Date (except for vesting and benefit payment eligibility purposes) after the Freeze Date; and
- (h) Effective as of July 1, 2014, the Deferred Retirement Option Plan ("DROP") shall be closed to, and no longer a distribution option with respect the Frozen Accrued Benefit of, members who are represented by the Detroit Fire Fighters Association or the Detroit Police Officers Association and who, as of June 30, 2014, have not elected to participate in the DROP. The DROP shall remain in effect for all members who either have enrolled in or elected to participate in the DROP as of June 30, 2014. Further, for members who are represented by the Detroit Police

Command Officers Association and the Detroit Police Lieutenants and Sergeants Association who elect to participate in DROP after June 30, 2014, participation in DROP with respect to their Frozen Accrued Benefit shall be limited to five years.

The foregoing terms of Section 54-2-15 shall be referred to as the "Freeze" of the provisions of the Police and Fire Retirement System as in effect on the Freeze Date and the provisions of the Police and Fire Retirement System shall be interpreted and construed by the Board of Trustees and the Police and Fire Retirement System to give full effect to the Freeze. To the extent that a conflict arises between this Section 54-2-15 and other provisions in Chapter 54 of the 1964 Detroit City Code, or any Charter, ordinances, resolutions, or orders, or parts thereof, whether codified or not codified, or any collective bargaining agreement or other document governing terms of employment of an employee, the Board of Trustees and the Police and Fire Retirement System are directed to interpret any inconsistency or ambiguity to give full effect to the Freeze.

(Ord. No. 12-14, Sec. 54-2-15.)

Sec. 2. Limitation on Interest Crediting Rate for Police and Fire Retirement System Annuity Savings Fund; Rates of Regular Interest Adopted by Board for Actuarial Purposes.

Notwithstanding anything in Chapter 47 of the 1984 Detroit City Code or in Chapter 54, Article II of the 1964 Detroit City Code, or any City Charter provision, ordinances, resolutions, or orders, or parts thereof, whether codified or not codified, or any collective bargaining agreement or other documents governing terms of employment to the contrary, effective as of June 30, 2014 for plan years beginning on and after July 1, 2014;

- (a) the annual rate of return credited to a member's account in the Annuity Savings Fund of the Police and Fire Retirement System of the City of Detroit shall be no less than zero and no greater than the lesser of (i) 5.25% or (ii) the actual investment return net of expenses of the System's invested reserves for the second fiscal year immediately preceding the fiscal year in which the annual return is credited; and
- (b) the rate(s) of regular interest adopted by the Board from time to time as necessary for the operation of the system on an actuarial basis shall not violate the plan for the adjustment of debts of the City of Detroit, as confirmed by an order of the United States Bankruptcy Court for the Eastern District of Michigan in the City's chapter 9 bankruptcy case (*In re City of Detroit, Michigan*, Case No. 13-53846).

(1918 Detroit City Charter, Title IX, Ch. VII, Art. V, § 1.)

Sec. 2. Credit for service.

The Board of Trustees shall fix and determine by appropriate rules and regulations how much service in any year is equivalent to a year of service, but in no case shall less than six months' service constitute one year, nor shall more than one year of service be creditable for all service in one calendar year. The Board of Trustees shall not allow credit as service for any period of more than one month during which the member was or shall be absent without pay provided that if a member shall be transferred from his Department payroll to the payroll of any City, County or State government or the Federal Government, by his Department Head, during peace times, then such member shall continue to be a member of the System and shall be required to make regular contributions into the Annuity Savings Fund; and provided further, that if a member, so transferred, shall fail to make such contributions for three consecutive months, he shall cease to be a member of the System four months (of 31 days each) after the due date of his first defaulted annuity contribution; and provided further, that any member who was or shall be suspended from duty and subsequently reinstated to duty without further disciplinary action, shall receive total credit for the time of such period or periods of suspension. (1918 Detroit City Charter, Title IX, Ch. VII, Art. V, § 2.)

- (a) If a member of the System was or shall be drafted, or enlisted or shall enlist into military, naval, marine, or other service of the United States Government during time of war, or if a member shall be drafted into such service during time of peace, and within ninety days from the date of his separation from such government service or from the date peace was or shall be established by treaty, whichever date was or shall be earlier, resumed or shall resume employment as a Policeman or Fireman, then such government service shall be credited to him as a member of the System. During the period of such government service of a member, his contributions to the Annuity Savings Fund shall be suspended and the balance in the Annuity Savings Fund, standing to his credit as of the last payroll date preceding his leave of absence from the service of his Department shall be accumulated at regular interest. Even though the applicant may be unable to satisfy all the foregoing requirements, the

Board of Trustees shall have the power to grant the privileges provided for by this section in exceptional or extraordinary cases.

- (b) A member on the City payroll on or after January 1, 1979 who, prior to employment in the city service, was called to or entered or is called to or enters any full time military service of the United States during time of war, period of compulsory military service, or period of unusual emergency as defined in this ordinance, shall have the required period of active duty credited him as membership service, subject to the following conditions and limitations:

(1) The member files a written election with the Board of Trustees, within 180 days following the effective date of this ordinance or 180 days from the date of his first employment in the city service, whichever is most recent, to claim military service credit under the provisions of this section. A member who is included in a collective bargaining unit shall file a written election to claim military service credit with the Board of Trustees within 180 days following the date of a negotiated approval and acceptance of this section by his duly authorized bargaining agent as transmitted to the Board of Trustees by the Labor Relations Director or, in the case of members hired subsequent to the transmittal of approval and acceptance by his duly authorized bargaining agent, within 180 days from the date of his first employment in the city service.

(2) The member furnishes the Board of Trustees such information as the Board of Trustees determines necessary to verify the amount of military service claimed.

(3) The member pays to the Pension Accumulation Fund of the Retirement System an amount of five (5) percent of the member's annual rate of compensation at the time of payment multiplied by the years or parts of years of military service claimed.

(4) The required payment shall be made under one of the following options:

- a. Payment in full within 30 days of the election to claim military service.
- b. Payment in equal bi-weekly installments by payroll deduction over a 36 month period starting 30 days following the election to claim military service. Interest shall accrue during the period of installment payments at the compound rate of 5 percent per annum. Payments must be completed prior to application for retirement.
- c. If a member has sufficient funds in the principal portion of his annuity, he may authorize the Pension Bureau to transfer such

funds to the Pension Accumulation Fund to meet the required payment.

(5) In the event a member, who has filed the required election of this benefit, and who would be eligible for a pension in all respects except for paying the full amount, dies prior to completion of the payment required in Item (4) preceding, the person otherwise entitled to a retirement allowance may pay the full amount due within 30 days of the member's death to become eligible for an additional pension credit under this section.

(6) Military service credited under the provisions of 54-30-3(c) shall not be claimed or credited under the provisions of this section.

(7) Military service which is or will be the basis of service credit under any other public employee retirement program shall not be claimed or credited under the provisions of this section.

(8) In no case shall more than 3 years of pre-employment military service be credited to a member on account of military service. For the purpose of this limitation, military service credited pursuant to Section 54-30-3(a) shall be combined with military service created pursuant to this section.

(9) The required payments made to the Pension Accumulation Fund for military service credit pursuant to this section shall, upon application by the member or his estate, be returned without interest to any member who dies or leaves City employment prior to being eligible for a pension.

(10) Only honorable military service during the following periods:

World War II — December 8, 1941 to July 1, 1946.

Korean Conflict — June 27, 1950 to December 31, 1953.

Vietnam Conflict — August 5, 1964 to May 7, 1975, are applicable to this section.

(11) The military service credit pursuant to this section shall not apply toward meeting the minimum service and age requirements for vesting, for a non-duty disability pension or for a service pension. Such service credit may be used in meeting the minimum time needed for an automatic Option Two Pension in case of death of a member.

(12) In no case shall benefits be based on the military service credit provided by this section unless the member shall have been credited a minimum of eight years of service credit not including military service credit.

(13) Special service, contractual, part time, seasonal and summer camp employees are not eligible for the military service credit.

(14) In cases of doubt, the Board of Trustees will determine whether a member is entitled to the benefits of this section consistent with the requirements and limitations herein.

(Ord. No. 356-H, Sec. 54-30-3(b).)

(1) Each such member shall receive a disability pension of fifty percent (50%), or such other higher percentage that is in effect and applies to such member, of the member's average final compensation at the time of disability retirement. Duty Disability Retirement Provisions

1. **[As applicable to all current employees who file applications for disability retirement on or after July 1, 1995,⁵¹ [for employees with a parity relationship with the DPOA, and on or after June 30, 1998, for employees with a parity relationship with the DPLSA and the DPCOA Inspector, and to all future employees⁵²] [As applicable to all current employees who file applications for disability retirement on or after June 30, 1998, and to all future employees,⁵³] [and to all future employees,⁵⁴] the definition of “total disability” and “total incapacity” in the Policemen and Firemen Retirement System pension plan will be changed to read as follows:**

Own Occupation: During the first 24 months of benefits, total disability exists when, due to injury, illness or disease, an employee is unable to perform, for wage or profit, the material and substantial duties of the employee’s occupation.

Any Occupation: After the first 24 months of benefits, total disability exists when, due to illness, injury or disease, an employee is unable to perform, for wage or profit, the material and substantial duties of any occupation for which the employee is suited, based on education, training and experience.

2. a. The duty disability retirement benefits payable to an eligible member shall consist of the amount derived from the sum of the applicable following factors and annual escalators in accordance with the definitions of “own occupation” and “any occupation” as set forth in paragraph 1 above.
- (1) Part A. A basic duty disability benefit amount which is 50% of the member’s final compensation at the time his duty disability retirement began.
- (2) Part B. A supplemental duty disability benefit which is 16 2/3% of the member’s final compensation at the time his duty disability retirement began.
- (3) **[Escalators. On July 1st of each year, the amounts of Parts A and B then payable will each be increased by adding to said amounts the product of 2.25% times the initial amount of said Part A and B benefit**

which was computed at the time the duty disability retirement began.^{55]}

- b. For the first 24 months that a member is on duty disability retirement his benefit shall be the sum of Parts A and B plus applicable escalators.
- c. After 24 months, a member who is disabled from any occupation shall continue to receive a duty disability retirement benefit which is the sum of Parts A and B plus applicable escalators. After the expiration of the period when the member would have attained 25 years of creditable service had he/she continued in active service, payment of Part B will cease.
- d. After 24 months, a member who is not disabled from any occupation shall only receive Part A plus applicable escalators as his duty disability retirement benefit.
- e. Conversion. Duty disability retirement benefits shall continue to be paid to a member on duty disability retirement after the member has attained 25 years of credited service, to the earlier of (i) the member's attainment of age 65, or (ii) termination of disability as determined by the third party administrator (TPA). Upon termination of disability or attainment of age 65, a member with 25 years of credited service shall be eligible to receive a service retirement benefit. The amount of such service retirement benefit shall be the same amount which would have been payable if the conversion from duty disability retirement to service retirement had occurred at the date of attaining 25 years of service credit. **[In the event that the examinations and/or investigations conducted by the Police Department result in a determination that the member is not qualified for reappointment as a police officer, for medical reasons, disability benefits will be continued.^{56]}**
- f. If a member on duty disability retirement returns to active service and within a 24 month period re-qualifies for duty disability retirement for the same or related reasons he/she had been retired, then the disability shall be deemed a continuation of the prior disabling condition and the period of the return to work will not have caused the employee to be entitled to a new initial determination of Part A and B benefit amounts as set forth in sub-paragraphs 2.a.(1) and 2.a.(2) above. Instead, such employee will return to retirement at the point he/she had reached in sub-paragraphs 2.b., 2.c. or 2.d. above as if there had not been a break in his period of placement on duty disability retirement.
- g. Non-duty disability benefits will continue to be calculated as provided by the City Charter.

⁵⁶ DPOA (§ 33.Q.2.e.).

- h. **[As in the past,⁵⁷]** disability retirement benefits shall continue to be considered Charter benefits which are paid instead of and not in addition to any benefits under the State Workers' Disability Compensation Act.
 - i. Survivor Benefits. Survivor benefit coverage applicable to active members shall be continued during the period a member is eligible for a duty disability benefit. Upon conversion to a service retirement benefit as provided in 2.e., automatic survivor benefit coverage shall terminate. At that time, the member shall have the right to elect an optional form of payment in the same manner as if he/she had retired from active membership on the conversion date.
3. Pension Credit While on Duty Disability Status.
- a. While eligible to receive duty disability benefits, regular defined pension service credit shall continue to accrue.
 - b. The accrual of regular defined benefit pension service credit will cease when the member has 25 years of credited service.
4. Earnings Offset.
- a. In the event that a recipient of a duty disability retirement benefit receives earned income from gainful employment during a calendar year, the amount of the member's disability benefit payable during the next subsequent fiscal year will be adjusted so it does not exceed the difference between (i) the member's base salary at the date of disability, increased by 2.25% times the number of full years from the date of disability to the year in which the earnings offset is applied, and (ii) the amount of remuneration from gainful employment during the prior calendar year.
 - b. The earnings test shall be based on information the TPA may periodically require from a duty disability benefit recipient or have secured from other reliable sources. Furnishing such information shall be a condition for continued eligibility for a duty disability benefit.
5. Annuity Withdrawal. The current withdrawal provision of the retirement system will continue. If a duty disability recipient elects annuity withdrawal after attaining 25 years of credited service, the applicable benefit reduction will offset the duty disability benefit until the conversion date, after which it will offset the converted service retirement benefit.
6. The disability retirement procedure will be revised as follows:
- a. **[Medical Boards of Review will no longer be used.⁵⁸]** The function now performed by Medical Boards of Review with respect to the determination of

whether an applicant is disabled will be performed by a qualified physician or surgeon in the appropriate specialty at Detroit Receiving Hospital or such other medical facility as may subsequently be mutually determined by the Union and the City. If either the Union or the City desires to terminate the services of the medical facility, it shall give notice in writing to that effect to the other party, specifying the date of termination. The parties shall then send a joint written notice to the medical facility of its termination. Neither party may terminate the services of a medical facility unless it has heard at least one case. Once the medical facility has received written notice that its services are terminated, it shall hear no further cases. However, the medical facility shall render decisions on all cases where the applicant has been examined and evaluated prior to receiving such notice. The medical facility will select the doctor who will perform the examination and evaluation. The medical finding of this physician or surgeon as to whether the applicant is disabled shall be final and binding on all interested parties.

- b. If the applicant is determined to be disabled, the Board of Trustees or its designee will examine the pension file, including the submissions of the applicant and the Police or Fire Department, to determine if there is any dispute as to whether the disability “resulted from the performance of duty” within the meaning of the pension plan. If it is undisputed that the disability did result from the performance of duty, the Board of Trustees will grant duty disability retirement benefits. If it is undisputed that the disability did not result from the performance of duty, the Board of Trustees will grant non-duty disability retirement benefits, provided the applicant meets the other conditions of eligibility, e.g., five years of creditable service. If the performance of duty issue is in dispute, the Board of Trustees will refer the matter to arbitration by a member of the Disability Retirement Review Board (DRRB). The decision of the DRRB member as to whether the disability resulted from the performance of duty shall be final and binding upon all interested parties. The DRRB shall consist of 3 qualified arbitrators who will be individually assigned in rotating order to decide the matters referred to arbitration by the Board of Trustees. **[By March 1, 1998,⁵⁹ or within thirty (30) days after the issuance of the Act 312 Award (Case No. D92 C-554),⁶⁰] the Union and the City shall convene and select 3 disinterested persons qualified as labor arbitrators to serve as members of the DRRB.⁶¹** The procedure for the termination of umpires and the selection of new umpires **[currently in use by the Union and the Police or Fire Department⁶² or found**

 11. The authority of the DRRB member is limited to deciding whether or not the applicant's disability "resulted from the performance of duty" within the meaning of the Pension Plan.  3. Conducting investigations to determine any earnings the disability beneficiary may have for offset to system benefits; and
 4. The TPA shall have reasonable powers to insure compliance with re-examination and proof of earnings requirements including the withholding of monthly payments until compliance is achieved.

The TPA shall promptly arrange for such re-examination. The applicant's disability benefits will be continued pending that final and binding medical finding, and if the finding is that the applicant is no longer disabled, his disability benefits will be further continued while the Police or Fire Department is conducting such examinations and/or investigations as necessary to determine whether the applicant is qualified for reappointment to active duty. **[In the event that the examinations and/or investigations conducted by the Police Department result in a determination that the member is not qualified, for medical reasons, for reappointment to active duty, disability benefits will be continued.⁶⁴]**

Upon any such child's adoption, marriage, death or attainment of age eighteen years, whichever occurs first, his retirement allowance shall terminate, and there shall be a redistribution by the board of trustees to the deceased member's remaining eligible children under age eighteen years; provided, that in no case shall the retirement allowance

payable to any such child exceed one-seventh of the said annual maximum earnable compensation of a patrolman or a fire fighter.

- (c) If, at the time of the said member's death, there shall be neither a widow nor children eligible for a retirement allowance provided for in this section, each of his parents shall receive a retirement allowance of one-seventh of the annual maximum earnable compensation of a patrolman, or a fire fighter, as the case may be; provided, that the board of trustees finds that such parent was dependent upon the said member for at least fifty per cent of his financial support. Upon the remarriage of any such parent, his retirement allowance shall thereupon terminate.
- (d) In the event all the retirement allowances, provided for in this section, payable on account of the death of a member, terminate before there has been paid an aggregate amount equal to the said member's accumulated contributions standing to his credit in the Annuity Savings Fund at the time of his death, the difference between his said accumulated contributions and the said aggregate amount of retirement allowances shall be paid to such person or persons as the said member shall have nominated by written designation duly executed and filed with the board of trustees. If there be no such designated person or persons surviving the said member such difference, if any, shall be paid to his legal representative.
- (e) In no case shall any retirement allowance be paid under this section on account of the death of a member if any benefits are paid under part D of this article on account of his death. The retirement allowance provided for in this section shall be subject to part I of this article.
- (f) All benefits provided in this part E for beneficiaries of members as defined in article IV, section 1 (a), (b), or (c) shall be based on the maximum earnable compensation of the rank of patrolman or fire fighter, as the case may be. If hereafter the compensation of such rank shall be changed, the benefits provided shall be changed proportionately. All benefits provided in this part E for beneficiaries of members as defined in article VI, section 1 (d) shall be based on the maximum earnable compensation of the rank of patrolman or fire-fighter as established in the city's budget for the fiscal year of the member's death.
- (g) In the event a member has withdrawn his accumulated contributions from the Annuity Savings Fund and has not returned in full all amounts due the fund by him, the survivors benefits provided in paragraphs (a), (b), (c) and (d) of this section shall be reduced to the proportion that the member's accumulated contributions standing to his credit in the Annuity Savings Fund, at the time of his death bears to the amount his accumulated contributions would have been had he not made a withdrawal from the Annuity Savings Fund. Joint and Survivor Optional Forms of Payment. The Joint and Survivor Optional Forms of Payment provided under the retirement system shall be made available in either the standard form or the pop-up form, as follows:

(1) *Standard Form.* Under the *Standard Form*, the reduced retirement allowance shall be paid throughout the lifetime of the retiree.

(2) *Pop-up Form.* Under the *Pop-up Form*, the reduced allowance shall be paid throughout the lifetime of the retiree and the designated beneficiary. In the event of the death of the designated beneficiary during the lifetime of the retiree, the amount of the allowance shall be changed to the amount that would have been payable had the retiree elected the Straight Life Form of Payment.

In addition, a member may elect to have all or part of his accumulated contributions paid to the member in a single sum or used to purchase an annuity contract from an insurance company of his choice in which case, any annuity payments attributable to such amount under the retirement system shall not be payable from the annuity reserve fund but shall be the responsibility of the insurance company. A member's retirement allowance shall be reduced by the actuarial equivalent of the amount so paid or used.

Effective July 1, 1992, retirees of the Policemen and Firemen Retirement System shall be entitled to change their pension option from either Option 2 or Option 3 **[or effective July 1, 2000, Option A⁸³]** to a straight life pension after they have commenced collection of the pension if the member's beneficiary predeceases the member. The actuarial cost of the change in benefit shall be borne by the member who seeks change in his option election. The pop-up option shall be based upon the investment return assumption as recommended by the Board's actuary and adopted by the Board of Trustees. **[This provision shall be effective July 1, 1986.⁸⁴]** (Ord. No. 18-93, Sec. 47-12.6H-1(A).)

By Agreement

Effective July 1, 2000, members shall have the option of selecting a 75% surviving beneficiary option.⁸⁵

Sec. 2. Disposition of surplus benefits upon death of member and beneficiary.

In the event a member elected Option 2 or 3 provided for in section 1 of this part H and his designated joint beneficiary die before there has been paid in retirement allowances an aggregate amount equal to his accumulated contributions standing to his credit in the Annuity Savings Fund at the time of his retirement, the difference between his said accumulated contributions and the said aggregate amount of retirement allowances paid shall be paid to the said retired member's legal representative. (As amended September 1, 1964. In effect September 15, 1964.) (1918 Detroit City Charter, Title IX, Ch. VII, Art. VI, Part H, § 2.)

Part I — Pension Offset by Compensation Benefits.

Sec. 1. Generally.

Any amounts which may be paid under the provisions of any workmen's compensation, or pension, or similar law to a member, or to the dependents of a member on account of any disability or death, shall be offset against and payable out of funds provided by the City under the provisions of the system on account of the same disability or death. In case the present value of the total commuted benefits under said workmen's compensation, pension, or similar law, is less than the pension reserve on benefits otherwise payable from the funds provided by the City under this System, then the present value of the commuted payments shall be deducted from the pension reserve, and such benefits as may be provided by the pension reserve, so reduced, shall be payable under the provisions of the System. (1918 Detroit City Charter, Title IX, Ch. VII, Art. VI, Part I, § 1.)

Part J — Monthly Payments.

Unless otherwise herein provided, all benefits payable under this system shall be paid in equal monthly installments. (1918 Detroit City Charter, Title IX, Ch. VII, Art. VI, Part J.)

Part K — Re-Examination of Beneficiaries.

Sec. 1. Authority of Board.

- (a) Once each year during the first five years following retirement of a member on a disability pension or a disability retirement allowance and at least once in every three year period thereafter the Board of Trustees may, and upon his application, shall require any disability beneficiary, if he would not then be eligible for a service retirement allowance had he remained in active service; to undergo a medical examination: such examination shall be made by, or under the direction of the Medical Director at a place to be fixed by the Board of Trustees. Except when the examination is on the application of the beneficiary, if the beneficiary shall be required to travel more than twenty miles to reach such place, the Board of Trustees shall pay his reasonable traveling expenses. Should such disability beneficiary refuse to submit to such examination his disability pension or disability retirement allowance may be discontinued until he shall submit to such examination and should such refusal continue

for one year, all his rights in and to a pension may be revoked by the Board of Trustees. If on medical examination of a beneficiary, the Medical Director reports, and the report is concurred in by the Board of Trustees, that the beneficiary is physically able and capable of resuming active duty as a Policeman or Fireman, he shall be restored to such duty and his disability pension or disability retirement allowance shall cease. Such member so restored to active duty shall be returned to duty in a rank or grade equivalent to or higher than the rank or grade in which he was serving at the time of his last retirement and his compensation shall be that provided for the rank or grade in which he is restored to service. It shall be the duty of the Commissioner of Police or the Board of Fire Commissioners to restore such member to duty forthwith.

- (b) If the Medical Director reports and certifies to the Board of Trustees that a disabled old plan member is engaged in a gainful occupation, paying more than the difference between his final compensation and his disability pension, or disability retirement allowance, and if the Board of Trustees concurs, the amount of his pension shall be reduced to an amount, which together with the amount earned by him, shall equal the amount of his final compensation. If the Medical Director reports and certifies to the Board of Trustees that a disabled new plan member is engaged in a gainful occupation, paying more than the difference between his base salary at the time of disability increased by two and twenty-five one hundredths percent (2.25%) for each full year from the date of disability and his disability pension, or disability retirement allowance, and if the Board of Trustees concurs, the amount of his pension shall be reduced to an amount, which together with the amount earned by him, shall equal the amount of his final compensation. Should his earnings be later changed, the amount of his pension may be further modified in like manner.
- (c) A disability beneficiary, who shall be reinstated to active service, as provided in this section, shall from the date of such restoration again become a member of the System; and he shall contribute to the System thereafter in the same manner and at the same rate as he paid prior to his disability retirement. Any prior service and membership service on the basis of which his services were computed at the time of his retirement shall be restored to full force and effect, and he shall be given service credit for the period of time he was in retirement due to such disability, except in the case of nonservice connected disability.

(1918 Detroit City Charter, Title IX, Ch. VII, Art. VI, Part K, § 1.)

Part L — Medical Board of Review

As to all applications under this Article, the medical findings of the Medical Board of Review shall be binding on the Board of Trustees. (1918 Detroit City Charter, Title IX, Ch. VII, Art. VI, Part L.)

Part M — Benefit Limitations

The Defined Benefit Plan of the Retirement System is subject to Section 415 of the Internal Revenue Code. The Retirement System shall be administered, operated and limited consistent with all applicable Sections of the Internal Revenue Code (IRC) including Section 415, as described in Article IX, Section 8.

Part N — Withdrawal of Accumulated Contributions

Sec. 1. Member With Twenty or Twenty-Five Years of Service.

Effective July 1, 1982, a member with twenty-five years or more of creditable service (effective as of March 8, 2007, twenty years for DPOA members and fire equivalents) shall be allowed to withdraw either a partial or the full amount of his accumulated contributions, one time only, whether or not the member retires. A member shall make such election prior to the receipt of his first retirement benefit check.

Sec. 2. Disabled Member

A member who is receiving disability benefits (duty or non-duty) from the System and who has twenty-five years (effective as of March 8, 2007, twenty years for DPOA members and fire equivalents) or more of creditable service shall have the right to withdraw the full amount of his accumulated contributions. If such member withdraws his accumulated contributions, his retirement benefit shall be actuarially reduced to reflect such withdrawal.

By Agreement

(a) Optional Annuity Withdrawal

1. **[Effective for those retiring on or after July 1, 1974;⁸⁶]** a member shall have the right to elect to receive on the effective date of his service retirement a partial or total refund of his accumulated contributions. If a member makes such an election, an annuity payable under any retirement allowance or reduced retirement allowance shall be reduced proportionally. If the total accumulated contributions are withdrawn, no annuity shall be payable.

The limitation of fifteen twenty-seconds of the maximum earnable compensation of a patrolman and fireman continues in effect. For purposes of determining the fifteen twenty-seconds limitation, a computation based on the annuity which is an actuarial equivalent of the accumulated contributions standing to a member's credit in the Annuity Savings Fund prior to any partial or total refund will be used.

This provision affords the members of this collective bargaining unit a similar option available to members of the General Retirement System pursuant to 1973 Amendment K. The parties agree that no other benefits or amounts payable

pursuant to the Policemen and Firemen Retirement System are affected by this contractual provision.⁸⁷

[On or after July 1, 1974, members or former members who are entitled to begin to receive the “40 & 8” benefit will be entitled to the annuity refund withdrawal option.

On or after July 1, 1974, non-duty disability retirants who retired pursuant to Title IX, Chapter VII, Article IV, Section 1, a, b or c prior to having twenty-five years of service credit, shall be entitled to the annuity refund withdrawal option on the date he/she would have had twenty-five years of service credit had he/she continued as an active member. Said option shall only apply to the balance of accumulated contributions, if any, remaining in such retirant’s credit in accordance with the existing annuity refund provisions.

Survivor benefit beneficiaries as defined in Title IX, Chapter VII, Article VI, Part E, Section 2, parts (a), (b) and (c) of the 1918 City Charter in effect as of June 30, 1974, and continued in effect by Section 11-102 of the July 1, 1974, City Charter shall be entitled to the annuity withdrawal refund option subject to the same rules that would have been applicable to the deceased member or members had he/she not died. Said option shall only apply to the balance of accumulated contributions, if any, remaining in applicable former member’s credit.

In any case of doubt, the Board of Trustees shall decide whether a member or beneficiary is entitled to an annuity refund withdrawal option.⁸⁸]

2. In addition to the provisions of the current CET or collective bargaining agreement, pension charter and ordinance provisions and all other pension rights of members, a member shall have the right on or after the effective date of his becoming eligible for a full service retirement allowance (members who have twenty-five (25) years of creditable service) to elect to receive a partial or total refund of his accumulated contributions to the Annuity Savings Fund. If a member makes such an election, an annuity payable under any retirement allowance or reduced retirement allowance shall be reduced proportionally. If the total accumulated contributions are withdrawn, no annuity shall be payable.

If a member makes such an election, the retirement allowance shall be reduced to reflect the value of the annuity withdrawn. The amount of the annuity at the time of such election shall be the amount used at the time of retirement for purposes of computing the retirement allowance.

ARTICLE VII.

Method of Financing.

The funds of the retirement system shall be the Annuity Savings Fund, Annuity Reserve Fund, Pension Accumulation Fund, Pension Reserve Fund and the Survivors Benefit Fund. (As amended September 1, 1964. In effect September 15, 1964. As amended November 5, 1968. In effect January 1, 1969.) (1918 Detroit City Charter, Title IX, Ch. VII, Art. VII.)

Sec. 1. Annuity Savings Fund.

- (a) The Annuity Savings Fund shall be the fund in which shall be accumulated at regular interest, the contributions deducted from compensation of members to provide for their annuities. The contributions of a member as defined in article IV, section 1 (a), (b) or (c) shall be five percent of a member's compensation until the member has acquired twenty-five years of creditable service. The contribution of a member as defined in article IV, section 1(d) shall be five per cent of his compensation until he has acquired at least twenty-five years of creditable service (effective as of March 8, 2007, twenty years for DPOA members and fire equivalents) and attained age fifty-five. No member shall have the option of choosing to receive the compensation required to be contributed hereunder directly instead of having such amounts paid by the City to the Annuity Savings Fund.
- (b) The officer or officers responsible for making up the payroll shall cause the contributions provided for in paragraph (a) above to be deducted from the compensation of each member on each and every payroll, for each and every payroll period, from the date of his entrance in the system to the date he ceases to be a member.
- (c) The deductions provided for herein shall be made notwithstanding that the minimum compensation provided by law for any member shall be reduced thereby. Every member shall be deemed to consent and agree to the deductions made and provided for herein, and payment of his salary or compensation, less said deduction, shall be a full and complete discharge and acquittance of all claims and demands whatsoever for the services rendered by such person during the period covered by such payments, except as to the benefits provided under this chapter. The amounts to be deducted shall be deducted by the city treasurer and when deducted shall be paid into the Annuity Savings Fund and shall be credited to the individual account of the member from whose compensation said deduction was made.
- (d) If, under the provisions of this chapter, any person shall withdraw or be paid any part or all of his accumulated contributions and shall thereafter again become a member, he shall, in addition to the contributions provided

for in paragraph (a) above, redeposit in the Annuity Savings Fund, by an increased rate of contribution to be determined by the board of trustees, or by a single payment, such amount that his accumulated contributions at the date of his eligibility for retirement will be the same amount it would have been had no withdrawal or payment been made therefrom.

- (e) Except as is otherwise provided in this chapter, upon the death or retirement of a member, his accumulated contributions shall be transferred from the Annuity Savings Fund to the Annuity Reserve Fund. (As amended September 1, 1964. In effect September 15, 1964. As amended November 5, 1968. In effect January 1, 1969.)

(1918 Detroit City Charter, Title IX, Ch. VII, Art. VII, § 1.)

Sec. 2. Annuity Reserve Fund.

The Annuity Reserve Fund shall be the fund from which shall be paid all annuities payable as provided in this chapter, except annuities which are payable from the Survivors Benefit Fund. Should a disability beneficiary be restored to active service, his annuity reserve at the time shall be transferred from the Annuity Reserve Fund to the Annuity Savings Fund and credited to his individual account therein. (As amended September 1, 1964. In effect September 15, 1964.) (1918 Detroit City Charter, Title IX, Ch. VII, Art. VII, § 2.)

Sec. 3. Alternative Financing Method.

Except as provided regarding the survivors benefit fund, the pension accumulation fund shall be the fund in which shall be accumulated reserves for the pensions and other benefits payable from contributions made by the city, and from which transfers shall be made as provided in this section.

- (a) **Accrued Liability Fund.** Pursuant to Ordinance No. 05-05, which authorizes the creation of the Detroit Police and Fire Retirement System Service Corporation, the City has entered into a transaction ("the Pension Funding Transaction") to obtain funds as an alternative to those available through the traditional funding mechanism described in Section 4. The proceeds generated by the Pension Funding Transaction (or any Additional Pension Funding Transaction, as described below) that will be deposited into the System will be termed the "Funding Proceeds." The Funding Proceeds will be deposited into a new Fund in the System to be called the Accrued Liability Fund. The purpose of the Funding Proceeds will be to fund all or part of the heretofore unfunded accrued liabilities ("UAAL") of the System, as determined as of a date certain, i.e., the "Determination Date," pursuant to the System's actuarial valuation as of that date. The Funding Proceeds will be assets of the System and will be applied, together with all other assets of the System, to fund the System's obligation to pay accrued benefits.

This Accrued Liability Fund shall contain only the Funding Proceeds of the Pension Funding Transaction, and any earnings thereon. Should the City, by future ordinance, choose to raise additional monies by additional pension funding transactions (“Additional Pension Funding Transactions”) in order to fund the then existing UAAL of the System as of a future date certain, a new and separate Accrued Liability Fund shall be created within the System to contain the proceeds, and any earnings thereon, of any Additional Pension Funding Transactions, and a new Accrued Liability Fund will be created for each successive Additional Pension Funding Transaction entered into by the City, if any. The treatment of any Additional Accrued Liability Funds shall be the same as described below.

- (b) The Funding Proceeds deposited in the applicable Accrued Liability Fund will be subject to the oversight and investment direction of the Board of Trustees of the Police and Fire Retirement System, consistent with the Board’s obligations under Article VIII (Management of Funds). The Board will invest the Funding Proceeds as part of the System’s overall assets, and will not differentiate the Funding Proceeds from other System assets for investment purposes.
- (c) All Interest, dividends and other income derived from the investment of the Funding Proceeds shall be credited annually to the Accrued Liability Fund on a total System rate of return basis, determined by crediting the applicable Accrued Liability Fund with the investment return experienced by the System in total for all of its investments for the year. This shall be done by first determining the rate of return for the total assets of the System for the fiscal year, and then crediting back to each Accrued Liability Fund an amount that is determined by multiplying that rate of return times the balance in the Accrued Liability Fund as of the beginning of the fiscal year.

The interest, dividends and other income derived from the investment of the Funding Proceeds deposited in any Accrued Liability Fund will not be credited to any Funds other than the Pension Accumulation Fund. Moreover, because the Accrued Liability Fund has been impressed with a certain and definite purpose, it shall be accounted for separately as provided for in Section 8, Maintenance of Reserves.

- (d) Upon the creation of an Accrued Liability Fund and the deposit of the Funding Proceeds into the applicable Accrued Liability Fund, there shall be established a schedule for transferring assets of the applicable Accrued Liability Fund by crediting them to the Pension Accumulation Fund on an annual basis over the period required to fully amortize the System’s UAAL determined as of the applicable Determination Date.

The System’s UAAL determined as of the Determination Date shall be the “Determined Accrued Liability.” The period over which the Determined

Accrued Liability is to be fully amortized, as specified in the System's actuarial valuation as of the applicable Determination Date, is the "Amortizing Period." The amount to be transferred each fiscal year to the Pension Accumulation Fund from the Accrued Liability Fund is the "Scheduled Amortizing Amount."

With respect to the Pension Funding Transaction and any Additional Pension Funding Transactions, the Scheduled Amortizing Amount will equal a level percentage of the City's payroll for each fiscal year. The level percentage of the City payroll that will be used to determine the Scheduled Amortizing Amount shall be a level percentage that is equal to the percentage that is specified in the actuarial valuation as of the applicable Determination Date as being the percentage of City's annual payroll required to amortize the Determined Accrued Liability over the Amortizing Period, multiplied by a fraction. The numerator of the fraction shall be the amount of the applicable Funding Proceeds up to the full amount of the Determined Accrued Liability as of the Determination Date. The denominator of the fraction shall be the System's Determined Accrued Liability on that date.

Commentary: By way of example only, the Scheduled Amortizing Amount would be determined as follows: (1) the Determination Date is June 30, 2004, (2) the Funding Proceeds are deposited into the System during the 2004-2005 Fiscal Year, (3) the June 30, 2004 actuarial valuation produced a UAAL of \$600 million, (4) the City's contribution required to amortize that UAAL is 21% of the City's payroll, and (5) the Funding Proceeds are \$400 million, then the Scheduled Amortizing Amount for Fiscal Year 2005-06 would be 21% times (\$400 million/\$600 million) times the City's payroll for 2005-2006. This would be 14% times the City's payroll for that fiscal year.

With respect to the Pension Funding Transaction or any Additional Pension Funding Transactions, where the applicable Determination Date occurs after the date of the actuarial valuation that determines the City's contribution for the fiscal year during which the applicable Funding Proceeds are deposited into the System, for each fiscal year, there will be transferred from the applicable Accrued Liability Fund to the Pension Accumulation Fund, an amount that is specified in such actuarial valuation as being the City's required contribution needed to amortize the System's UAAL as of the date of such actuarial valuation, multiplied by a fraction. The numerator of the fraction shall be the amount of the applicable Funding Proceeds up to the full amount of the UAAL specified in such actuarial valuation, and the denominator of the fraction shall be the System's total UAAL as set forth in that same actuarial valuation.

Commentary: By way of example only, the Scheduled Amortizing Amount in this case would be determined as follows: (1) the

Determination Date is June 30, 2004, (2) the Funding Proceeds had been deposited into the System during the 2004-2005 Fiscal Year, (3) the June 30, 2003 actuarial valuation produced a UAAL of \$516 million, (4) the City's contribution required to amortize that UAAL is 19.07% of the City's payroll and (5) the Funding Proceeds are \$400 million, then the Scheduled Amortizing Amount for Fiscal Year 2004-2005 would be 19.07% times (\$400 million/\$516 million) times the City's payroll for 2004-2005. This would be 14.77% times the City's payroll for that fiscal year.

Should the Board at some future time adopt a different period for amortizing the System's UAAL (a "Revised Amortizing Period"), the Scheduled Amortizing Amount for ensuing years may change. If the Revised Amortizing Period provides for a longer period during which to amortize the System's UAAL (i.e., an "Extended Amortizing Period"), then the Amortizing Period initially used to amortize the applicable Determined Accrued Liability will also be revised. There will then be established a new schedule for amortizing the Determined Accrued Liability and the Scheduled Amortizing Amount will be based on the level percentage of the City's payroll being equal to what it would be if the then unamortized balance of the Determined Accrued Liability were re-amortized over the Extended Amortizing Period. If the Revised Amortizing Period is changed so that the System's UAAL is to be amortized over a shorter period than the one initially used to amortize the applicable Determined Accrued Liability, then that Scheduled Amortizing Amount will not be changed.

- (e) Each year, when the City is required to make its annual contribution to the System — the amount of which is to be determined pursuant to Section 4 and the timing of which is set forth in Section 4(b) — the Board will transfer the Scheduled Amortizing Amount from the Accrued Liability Fund and credit it to the Pension Accumulation Fund; provided, however, that this transfer cannot occur unless and until the Board has been notified pursuant to the Pension Funding Transaction, or any Additional Pension Funding Transaction, that the City is current on the service payments required under the applicable Pension Funding Transaction.
- (f) Should the Scheduled Amortizing Amount not be available for transfer because of the City's failure to make a timely service payment as required by the applicable Pension Funding Transaction, the Board will take any permitted action, including the filing of a civil action against the City, as contemplated in Article VIII, Section 7, to effectuate the transfer of the Scheduled Amortizing Amount.

Should the City's Finance Director certify to the Board by a duly attested notice that the City has no available funds to make the service payments required by the applicable Pension Funding Transaction, in that specific circumstance, the Board shall be authorized to transfer the Scheduled

Amortizing Amount for that fiscal year to the Pension Accumulation Fund, absent the notice requirement set forth in Section 3(e).

- (g) Since the Funding Proceeds are to be considered assets of the System and are intended to fund the applicable Determined Accrued Liability, the City shall be required to make only a proportional contribution for any fiscal year ending after the date the Funding Proceeds are deposited into the applicable Accrued Liability Fund, but prior to a fiscal year whose corresponding actuarial valuation includes the Funding Proceeds in the System's total assets. The proportional contribution to fund the System's then existing UAAL, if any, shall be the level percentage of the City's payroll specified in the actuarial valuation for the applicable fiscal year as the City's required contribution needed to amortize the System's then existing UAAL, multiplied by a fraction. The numerator of the fraction shall be the amount of the System's total UAAL as determined in such actuarial valuation minus the amount of the applicable Funding Proceeds, but not less than zero. The denominator of the fraction shall be the amount of the System's total UAAL in such valuation. Actuarial valuations following the deposit of the applicable Funding Proceeds into the System shall include the Funding Proceeds in the total assets of the System to determine any ensuing UAAL of the System, and the Funding Proceeds shall offset any such actuarial liability accordingly.

Commentary: By way of example, the following indicates how the procedure describe above would operate. Assume the following facts — (1) the Determination Date was June 30, 2004, (2) the June 30, 2004 actuarial valuation produced a UAAL of \$600 million and a contribution toward the UAAL of 21% of the City's payroll, (3) the Funding Proceeds were \$400 million and were deposited in the System during the 2004-2005 Fiscal Year, (4) the first actuarial valuation which included the Funding Proceeds in the System's assets was as of June 30, 2005 and (5) the June 30, 2003 valuation which determines the City's required contribution for fiscal 2004- 05 produced a total UAAL of \$516 million and a contribution toward that UAAL of 19.07% of the City's payroll. Then:

- The fiscal year ending after the date of deposit would be the year ending June 30, 2005, or the 2004-2005 Fiscal Year
- The first fiscal year whose corresponding valuation reflected the Funding Proceeds in its assets would be the 2006- 2007 year.
- Thus, the City's required UAAL. contribution for fiscal 2004-2005 would be 19.07% of the payroll times (\$516 million — \$400 million) divided by \$516 million, or 4.3% of payroll. The City's required UAAL contribution for fiscal 2005-06 would be 21% of payroll times (\$800 million — \$400 million) divided by \$600 million, or 7% of the City's payroll.

- Beginning with the Fiscal Year 2006- 2007, whose contribution is determined by the June 30, 2005 actuarial valuation, the City's required UAAL contribution would be the percentage of payroll developed in the corresponding actuarial valuation that included the Funding Proceeds as being part of the System's assets.

Any contribution the City has made to the System for any fiscal year prior to the date the Funding Proceeds from any applicable Pension Funding Transaction have become assets of the System. Where the amount of the contribution is equal to or less than the normal cost of that fiscal year it shall be deemed to have been made in satisfaction of the City's obligation to contribute an amount equal to the System's normal cost for that fiscal year, and not as payment towards any portion of its obligation to pay an amortized portion of the System's UAAL due in that fiscal year. The term "normal cost" as used in this Section 3(g), shall be given its generally accepted actuarial meaning.

To the extent the City's contribution for that fiscal year exceeds its required contribution for the normal cost owed in that fiscal year, its excess contributions shall be deemed as having been made for that immediately following fiscal year, and shall offset the City's normal cost contribution obligation for that immediately following fiscal year.

Commentary: By way of example, the following indicates how the procedure described in the preceding paragraphs would operate. Assuming the same facts as in the prior Commentary, and the City contributed \$40 million for the 2004-2005 Fiscal Year and the total normal cost for that year was \$40 million:

- The entire \$40 million would be deemed as payment of the required normal cost for 2004-2005, and
- No part of the \$40 million contribution would be deemed payment toward UAAL, as no UAAL contribution is required for that year.

Now assume that the facts remain the same, but that the City had contributed a total of \$45 million for 2004-2005:

- The City's total required contribution for 2004-2005 would be deemed paid in full, and
- \$5 million, i.e., \$45 million minus \$40 million, would be deemed prepayment of the City's required normal cost for 2005-2006 and its required normal cost contribution for 2005-2006 would be reduced accordingly.

- (h) The System's auditor shall verify (1) the assets credited to the Pension Accumulation Fund and any Accrued Liability Fund at the beginning and

end of each fiscal year, (2) that each Fund had been properly credited, and (3) that transfers from the Accrued Liability Fund(s) to the Pension Accumulation Fund had occurred as intended, under this Section 3.

- (i) Should the System's auditor certify that the total assets then remaining in the System, not including the assets of any Accrued Liability Fund, together are insufficient to pay the benefits then currently due under the System, the System's auditor will then determine and certify the minimum amount needed to fund the benefits then due and owing (the "Minimum Necessary Amount"). In this limited circumstance, the Board is authorized to transfer the Minimum Necessary Amount from the Accrued Liability Fund to the Pension Accumulation Fund absent the notification required pursuant to Section 3(e).

At the end of the Amortizing Period, or the end of the Extended Amortizing Period, if applicable, should there be any moneys that remain credited to the Accrued Liability Fund, the Board may transfer, at its discretion, any such remaining funds, in whole or in part, by crediting them to the Pension Accumulation Fund. The Pension Accumulation Fund is the only Fund into which the remaining moneys credited to the Accrued Liability Fund may be transferred.

(Ord. No. 04-05, Sec. 54-43-4.)

Sec. 4. Contributions to and payments from pension accumulation fund.

Contributions to and payments from the pension accumulation fund shall be made as follows:

- (a) Upon the basis of such assumptions as to future financial experiences as the board of trustees shall from time to time adopt, the actuary shall annually compute the city's contribution, expressed as a percent of active member contributions, to provide the pension reserves covering the pensions or other city-financed benefits to which members might be entitled or which might be payable at the time of their discontinuances of city employment; provided, such contribution percents shall not be less than amounts which, expressed as percents of active member compensations, will remain level from generation to generation of Detroit citizens. Upon the retirement or death of a member, the pension reserve for any benefits payable on his behalf shall be transferred from the pension accumulation fund to the pension reserve fund, to the extent of there being assets in the pension accumulation fund.
- (b) The board of trustees shall annually ascertain and report to the mayor and the council the amount of contributions due the retirement system by the city, and the council shall appropriate and the city shall pay such contributions to the retirement system during the ensuing fiscal year.

When paid, such contributions shall be credited to the pension accumulation fund.

(Ord. No. 04-05, Sec. 54-43-5; Ord. No. 76-H, Sec. 54-43-4.)

Sec. 5. Retiree payments from Pension Reserve Fund; reinstatement of disability retirees to active service.

Except as to the survivor's benefit fund, the pension reserve fund shall be the fund from which shall be paid pensions on account of members. Should a disability retiree be reinstated to active service, the member's pension reserve, at that time, shall be transferred from the pension reserve fund to the pension accumulation fund. (Ord. No. 04-05, Sec. 54-43-6; Ord. No. 76-H, Sec. 54-43-5.)

Sec. 6. Expense Fund.

The Expense Fund shall be the fund to which shall be credited all money provided by the City to pay the administration expenses of the system, and from which shall be paid all the expenses necessary in connection with the administration and operation of the System. (1918 Detroit City Charter, Title IX, Ch. VII, Art. VII, § 5.)

Sec. 7. Appropriations.

- (a) The Board of Trustees shall certify the amount of the appropriation necessary to pay to the various funds of the System the amounts payable by the City as enumerated in this amendment, according to legal budget procedure.
- (b) To cover the requirements of the System temporarily, such amounts as shall be necessary to cover the needs of the System shall be paid into the Pension Accumulation Fund and the Expense Fund by special appropriations or transfers to the System; provided, however that no transfers can be made from the accrued liability fund other than the annual transfer of the scheduled amortizing amount, or transfers under special circumstances pursuant to Sections 3(f) and 3(I).

(Ord. No. 04-05, Sec. 54-43-7; 1918 Detroit City Charter, Title IX, Ch. VII, Art. VII, § 6.)

Sec. 8. Maintenance of reserves.

The maintenance of the annuity reserves in the Annuity Reserve Fund and the pension reserves in the Pension Reserve Fund are hereby made obligations of the Pension Accumulation Fund. All income, interest, and dividends derived from deposits and investments authorized by this ordinance, excluding any amounts credited to the Accrued Liability Fund, which are not required for the allowance of interest to the funds of the System as provided herein, shall be credited to the Pension Accumulation Fund. The moneys credited to the Accrued Liability Fund shall be credited to the Pension Accumulation Fund only to the extent of the annual transfer of the Scheduled Amortizing Amount or the special circumstance transfers authorized pursuant to

Sections 3(f) and 3(i). Any contributions by the City to the System from any Fund impressed by law with a certain and definite purpose shall be accounted for separately. (Ord. No. 04-05, Sec. 54-43-8; 1918 Detroit City Charter, Title IX, Ch. VII, Art. VII, § 7.)

Sec. 9. Survivors Benefit Fund.

- (a) The Survivors Benefit Fund shall be the fund in which shall be accumulated, at regular interest, the reserves for survivors benefits provided for in article VI, part E, section 2, hereof, and from which such benefits shall be paid.
- (b) After June 30, 1965 and prior to July 1, 1986, each member shall contribute to the Survivors Benefit Fund one per cent of his compensation paid by the city until he has acquired twenty-five years of creditable service. The officer or officers responsible for making up the payroll shall cause the said contributions to be deducted from the member's compensation, on each and every payroll, for each and every payroll period so long as he remains a member and has not acquired twenty-five years of creditable service. Each and every member shall be deemed to consent and agree to the said deductions. Said contributions, when deducted, shall be credited to the Survivors Benefit Fund and shall in no case become a part of the said member's accumulated contributions, nor be subject to refund.
- (c) Each member who retires after June 30, 1965, under part B, section 1 of article VI shall, prior to July 1, 1986, contribute to the Survivors Benefit Fund one per cent of his final compensation as defined until he would have had a total of twenty-five years of creditable service had he continued in active service. The officer or officers responsible for making up the retirement roll shall cause the said contribution to be deducted from the pension of each such retired member on each and every retirement roll, for each and every retirement roll period, so long as he is receiving a pension under part B, section 2(a) of article VI. Each and every such retired member who is receiving a pension under part B, section 2(a) of article VI shall be deemed to consent and agree to said deductions. Said contributions, when deducted, shall be credited to the Survivors Benefit Fund and shall in no case become a part of said member's accumulated contributions, nor be subject to refund.

- (d) Upon the basis of such mortality and other tables of experience, and regular interest, as the board of trustees shall from time to time adopt, the actuary shall annually compute the liabilities for benefits being paid from the Survivors Benefit Fund. The board of trustees shall report to the mayor and the common council the amount of contributions to be made by the city to the Survivors Benefit Fund, and the council shall appropriate and the city shall pay such amount to the retirement system during the ensuing fiscal year. When paid, such appropriations shall be credited to the Survivors Benefit Fund. If the balance in the fund is not sufficient to fully cover the liabilities so computed, the city shall appropriate and pay, in the ensuing fiscal year, the amount of such insufficiency.
 - (e) Upon the death of a member, on whose account survivors benefits become payable as provided in article VI, part B, section 2, hereof, his accumulated contributions standing to his credit in the Annuity Savings Fund at the time of his death shall be transferred from the Annuity Savings Fund to, and shall become a part of, the Survivors Benefit Fund, notwithstanding any provisions in this chapter to the contrary. Sec. 10. Computation of annuity and pension reserve liabilities for members, retirants and beneficiaries.

- (a) The annual decrement probabilities and salary factors to be used in evaluating the annuity and pension liabilities for members shall be as shown in Tables 1 and 2 hereinafter set forth.

(Ord. No. 77-H, Sec. 54-2-2; Ord. No. 462-f, Sec. 2.)

Sec. 11. Determination of city's annual contribution — Disability pension liabilities.

The city's annual contribution, expressed as a percent of active member compensations, to finance disability pensions shall be determined by dividing the average of the pension reserve liabilities for disability retirements incurred, during the three fiscal years ending with the date of the valuation by one percent of the active members' annual compensation used in the valuation. (Ord. No. 77-H, Sec. 54-2-3; Ord. No. 462-F, Sec. 3.)

Sec. 12. Determination of city's annual contribution — Death pension liabilities.

The city's annual contribution, expressed as a percent of active member compensations, to finance death-in-service pensions shall be determined by dividing the average of the pension, reserve liabilities for death-in-service claims incurred during the three fiscal years ending with the date of the valuation by one percent of the active member's annual compensations used in the valuation. (Ord. No. 77-H, Sec. 54-2-4; Ord. No. 462-F, Sec. 4.)

Sec. 13. Determination of city's annual contribution — Actuarial evaluation of annuity and pension reserve liabilities.

The annuity and pension reserve liabilities for members, retirants and beneficiaries shall be actuarially evaluated as set forth in this article. (Ord. No. 77-H, Sec. 54-2-5.)

Sec. 14. Determination of city's annual contribution — Service pension liabilities.

- (a) The service pension liabilities for members shall be determined using the entry age-normal cost method of actuarial valuation.
- (b) The city's annual contribution, expressed as a percent of active member compensations, to finance the prospective service pension liabilities shall be determined by dividing the total of the individual annual normal costs of the active members by one percent (1%) of the active members' annual compensations used in the valuation.
- (c) The city's annual contribution, expressed as a percent of active member compensations, to finance any unfunded accrued service pension liabilities, including instances in which assets exceed liabilities, shall be determined by dividing such unfunded accrued service pension liabilities by one percent (1%) of the present value of future compensations payable during a period of future years. Such period of future years shall be thirty

(30) years for the actuarial valuation as of June 30, 1974, decreasing one (1) year at each subsequent June 30th until a twenty (20) year period is reached, which twenty (20) year period shall be used in each subsequent actuarial valuation until June 30th, 2004 when the period shall again be thirty (30) years.

(Ord. No. 39-05, Sec. 54-43-3; Ord. No. 77-H, Sec. 54-2-6; Ord. No. 462-F, Secs. 5, 6.)

Sec. 15. Board of trustees to compute city's annual contribution.

Based upon the provisions of this article, including any amendments, the board of trustees shall compute the city's annual contributions, expressed as a percent of active member compensations, to the retirement system for the fiscal year beginning July 1, 1975, using actuarial valuation data as June 30, 1974, and for each subsequent fiscal year using actuarial valuation data as of the June 30th date which date is a year and a day before the first day of such fiscal year. The board shall report to the mayor and to the city council the contribution percents so computed, and such contribution percents shall be used in determining the contribution dollars to be appropriated by the city council and paid to the retirement system. For each fiscal year beginning July 1, 1975 and each fiscal year thereafter, such contribution dollars shall be determined by multiplying the applicable contribution percent for such fiscal year by the member compensations paid for such fiscal year; provided for the one fiscal year beginning July 1, 1975 and ending June 30, 1976 such member compensations so used shall not exceed 106.09 percent of the active members' annual compensations used in the actuarial valuation determining such contribution percent. (Ord. No. 77-H, Sec. 54-2-7; Ord. No. 462-F, Sec. 8.)

Sec. 16. Repealed. (Ordinance No. 77-H, Sec. 54-2-8).

Sec. 17. Refunds for certain members.

Effective July 1, 1974, a member of the policemen and firemen retirement system who holds the rank of police inspector and above and who is not covered by a collective bargaining agreement shall, notwithstanding any other pension provisions to the contrary, have the right to elect to receive on the effective date of his service retirement a partial or total refund of his accumulated contributions. Effective as of March 8, 2007, a DPOA and fire equivalent retiree who elects not to withdraw his accumulated contributions as of the effective date of his service retirement shall have the option of receiving a quarterly payment of interest credited to his accumulated contributions or to receive periodic withdrawals of the contributions such retiree made to the plan. If a member makes such an election, an annuity payable under any retirement allowance or reduced retirement allowance shall be reduced proportionately. If the total accumulated contributions are withdrawn no annuity shall be payable. The limitations of fifteen twenty-seconds of the maximum earnable compensation of a patrolman and fireman continues in effect. For purposes of determining the fifteen twenty-seconds limitation, a computation based on the annuity which is an actuarial equivalent of the accumulated contributions standing to an above-defined member's credit in the annuity savings fund prior to any partial or total refund will be used. This provision affords the members as defined above a similar option available to members of the general retirement system pursuant to 1973 Charter Amendment K. No other benefits or amounts payable pursuant to other provisions of the policemen and firemen

retirement system are increased by this section. The mechanical steps involved in computing the service retirement allowance of a member as defined above shall be determined by the board of trustees of the policemen and firemen retirement system subject to approval of the law department. (Ord. No. 29-H, § 1; Sec. 54-2-9.)

There shall be no additional contribution expense to the City of Detroit, and the amounts so contributed by the employer on behalf of the employee shall be treated, for tax purposes, as employer contributions and thus shall not be taxable to the employee until these amounts are distributed or made available to the employee.

This provision shall not affect the amount or benefit level of the retirement allowance, or the City of Detroit's obligation thereto.¹¹¹

Any additional amount, required to meet the Regular Interest on the Funds of the System, shall be paid by the City and any excess of earnings, over such amount required, shall be a portion of the amounts to be contributed by the City. (Ord. No. 04-05, Sec. 54-43-9(c); 1918 Detroit City Charter, Title IX, Ch. VII, Art. VIII, § 3.)

(Ord. No. 153-H, Sec. 54-45-6.)

Sec. 7. Enforcement; Civil Action.

A civil action for relief against any act or practice which violates the state law, the 1997 Detroit City Charter, the 1984 Detroit City Code or the terms of the System, may be brought by:

Sec. 1. Assignments prohibited.

The right of a person to a pension, an annuity, or a retirement allowance, to return of contributions, the pension, annuity, or retirement allowance itself, an optional benefit, any other right accrued or accruing to any person under the provisions of this amendment and the moneys in the various funds created by this amendment shall not be subject to execution, garnishment, attachment, the operation of bankruptcy or insolvency law, or any other process of law whatsoever and shall be unassignable except as in this amendment specifically provided. (1918 Detroit City Charter, Title IX, Ch. VII, Art. IX, § 1.)

(1918 Detroit City Charter, Title IX, Ch. VII, Art. IX, § 2.)

Sec. 3. Errors.

Should any change or error in the records result in any member or beneficiary receiving from the System, more or less than he would have been entitled to receive had the records been correct, the Board of Trustees shall correct such error, and as far as practicable, shall adjust the payment in such a manner that the actuarial equivalent of the benefit to which such member or beneficiary was correctly entitled shall be paid. (1918 Detroit City Charter, Title IX, Ch. VII, Art. IX, § 3.)

Sec. 4. Recall of beneficiaries during emergencies.

During an emergency declared by the Commissioner of Police or the Board of Fire Commissioners, the Commissioner or the Board, as the case may be, shall have power, with the consent of a beneficiary, to recall to active duty a beneficiary for such period of service as the commissioner or the Board shall deem advisable; provided, however, that the foregoing power shall not apply in the case of a beneficiary who has reached the age of sixty-four years, and provided further, that any beneficiary so recalled may, at any time, separate from active duty on his own application or by order of the Commissioner or the Board. A beneficiary so recalled shall serve in the rank at which he retired, or a higher rank, and shall receive the pay of such rank without deduction. On subsequent separation from active duty, such beneficiary shall resume the beneficiary status held by him prior to such recall. (1918 Detroit City Charter, Title IX, Ch. VII, Art. IX, § 4.)

Sec. 5. Limitation of other statutes.

No other provision of law, Charter or Ordinance, which provides wholly or partly at the expense of the City for pensions or retirement benefits for Policemen or Firemen, their widows, or other dependents, shall apply to members or beneficiaries of the System established by this amendment, their widows, or other dependents.

- (a) All provisions of laws, inconsistent with the provisions of this amendment, are hereby repealed to the extent of such inconsistency.
- (b) This amendment shall not apply to any person who, at the effective date of this amendment shall be receiving a pension or other benefit from the City under the provisions of Chapter XV or XXI of Title IV of the 1918 Detroit City Charter, or who is excluded from membership in this System as provided by article IV, section 1 (a) of this amendment.
- (c) Savings clause. If any part, article, chapter, section, subsection, sentence, clause or phrase of this amendment is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining parts, articles, chapters, sections, subsections, sentences, clauses and phrases of this amendment or the amendment as an entirety.
- (d) Effective date. The 1940 amendments of this chapter are effective July 1, 1941.

The 1951 amendments to this chapter are effective November 15, 1951.

The 1953 amendments to this chapter are effective November 13, 1953.

The 1964 amendments to this chapter are effective July 1, 1965.

The 1968 amendments to this chapter are effective January 1, 1969.

- (e) (Adopted November 5, 1940. In effect November 15, 1940. As amended November 5, 1968. In effect January 1, 1969) (Historical Reference: Certain amendments and benefits became effective per defacto operation due to historical administration and collective bargaining agreements. Public Employment Relations Act became effective in 1965. Supreme Court ruling that pensions are a mandatory subject of bargaining was issued on February 1, 1974.)

(1918 Detroit City Charter, Title IX, Ch. VII, Art. IX, § 5.)

- (f) System provisions are subject to Public Act 314 of 1965 as amended and applicable case law.
- (g) Distributions. The System will apply the minimum distribution requirements of IRC 401(a)(9) in accordance with the final regulations under IRC 401(a)(9), notwithstanding any provision in the System to the contrary. Pursuant to IRC 401(a)(9), a member's interest must begin to be distributed by the later of (i) April 1 of the calendar year following the

calendar year that he attains the age of 70-1/2, or (ii) April 1 of the calendar year he retires. Distributions will be made in accordance with this Section and Regulations 1.401(a)(9)-2 through 1.401(a)(9)-9. The provisions of this Section and the regulations cited herein and incorporated by reference override any inconsistent plan distribution options. Pursuant to Code Section 401(a)(9)(H), Annuity Savings Fund minimum required contributions otherwise required for 2009 ("2009 RMDs") will not be distributed for 2009 unless the member so chooses to receive them and 2009 RMDs will be treated as eligible rollover distributions.

- (h) Termination. Upon System termination or upon complete discontinuance of contributions under the System, the rights of all employees to benefits accrued to the date of such termination or discontinuance to the extent then funded, or the amounts credited to the employees' accounts are nonforfeitable.

Sec. 6. Tax Qualified Plan.

The Retirement System is intended and has been administered to be a qualified pension plan under § 401 of the Internal Revenue Code, as amended ("IRC" or "Code"), or successor provisions of law, including the Tax Reform Act of 1986 (TRA '86); the Technical and Miscellaneous Revenue Act of 1988 (TAMRA); the Unemployment Compensation Amendments of 1992 (UCA); the Omnibus Budget Reconciliation Acts (OBRA); the Uniformed Service Employment and Reemployment Rights Act of 1994 (USERRA); the Uruguay Round Agreements Act of 1994 (GATT); the Small Business Job Protection Act of 1996 (SBJPA '96); the Taxpayer Relief Act of 1997 (TRA '97); the Internal Revenue Service Restructuring and Reform Act of 1998 (RRA '98); the Economic Growth and Tax Relief Reconciliation Act of 2001 (EGTRRA), and other applicable laws, regulations and administrative authority. The Retirement System is a governmental plan under IRC § 414(d) and is administered for the exclusive benefit of the plan's participants and their beneficiaries. The Retirement System trust is an exempt organization under IRC §501. All applicable provisions of the Internal Revenue Code are incorporated by herein by reference and such IRC provisions supercede any contrary provisions of the Retirement System.

Sec. 7. Definition of Compensation

Compensation will mean compensation as that term is defined in Article II, Sections 14 and 15 of the Plan. For any self-employed individual covered under the Plan, compensation will mean earned income. Compensation shall include only the compensation which is actually paid to the participant during the determination period. The determination period shall be the plan year.

Notwithstanding the above, compensation shall not include any amount which is contributed by the employer pursuant to a salary reduction agreement and which is not includible in the gross income of the employee under sections 125, 402(e)(3), 402(h) or 403(b) of the Internal Revenue Code.

The term compensation means the compensation of the member (participant) from the employer for the year consistent with Article II, Sections 14 and 15. The term "compensation" shall include any elective deferral (as defined in IRC Section 402(g)(3)) and any amount which is contributed or deferred by the employer at the election of the employee and which is not includible in the gross income of the employee by reason of IRC Sections 125, 132(f)(4), or 457.

For purposes of the Internal Revenue Code Section 415 limits, Compensation is defined pursuant to IRC Section 415(c)(3), by incorporating by reference the definition of Compensation pursuant to Treas. Reg. 1.415(c)-2. (Note: Notwithstanding that IRC 415(c)(3) applies only to defined contribution plans, this language is added to the defined benefit plan to satisfy the requirements of the Internal Revenue Service.)

Sec. 8. Limitation of Compensation

The Plan is subject to IRC 401(a)(17) and applicable regulations, as amended which currently provide:

Compensation shall not include any amount which is contributed by the employer pursuant to a salary reduction agreement and which is not includible in the gross income of the employee under sections 125, 402(e)(3), 402(h) or 403(b) or other applicable sections of the Internal Revenue Code.

For years beginning on or after January 1, 1989, and before January 1, 1994, the annual compensation of each participant taken into account for determining all benefits provided under the plan for any plan year shall not exceed \$200,000. This limitation shall be adjusted by the Secretary at the same time and in the same manner as under section 415(d) of the Internal Revenue Code, except that the dollar increase in effect on January 1 of any calendar year is effective for plan years beginning in such calendar year and the first adjustment to the \$200,000 limitation is effective on January 1, 1990.

For years beginning on or after January 1, 1994, the annual compensation limit of each participant taken into account for determining all benefits provided under the plan for any determination period shall not exceed \$150,000, as adjusted for the cost-of-living in accordance with section 401(a)(17)(B) of the Internal Revenue Code. The cost-of-living adjustment in effect for a calendar year applies to any determination period beginning in such calendar year.

If a determination period consists of fewer than 12 months, the annual compensation limit is an amount equal to the otherwise applicable annual compensation limit multiplied by a fraction, the numerator of which is the number of months in the short determination period, and the denominator of which is 12.

If compensation for any prior determination period is taken into account in determining a participant's benefits for the current plan year, the compensation for such prior determination period is subject to the applicable annual compensation limit in effect for that prior period. For this purpose, in determining benefits in plan years beginning on or after January 1, 1989, the annual compensation limit in effect for determination periods beginning before that date is \$200,000. In addition, in determining benefits in plan years beginning on or after January 1,

1994, the annual compensation limit in effect for determination periods beginning before that date is \$150,000.

For year beginning on and after July 1, 2001, the annual compensation of a member taken into account for determining benefits for any plan year shall not exceed \$200,000.00.

Sec. 9. Limitation of Benefits.

The amount of annual benefits and contributions that is credited a member in any given year shall be subject to the following limitations:

- (a) **Defined Benefit Plans.** The maximum permissible Annual Pension Benefit with respect to any member shall be in accordance with IRC §415(b) which provides that such Annual Pension Benefit shall not exceed \$90,000, as adjusted for inflation, which for 2002 is \$160,000 (the “Dollar Limit”).
 - (1) Special Dollar Limitations. If the benefit is payable prior to age 62, the dollar limitation shall be reduced to the actuarial equivalent of a benefit commencing at age 62. In the case of any full-time police or fire employee who is a Qualified Participant as defined in IRC §415(b)(2)(G), there is no reduction in the dollar limitation. If the benefit is not payable until after age 65, the dollar limitation shall be increased to the actuarial equivalent of a benefit commencing at age 65.
 - (2) In the case of an employee who has less than ten (10) years of participation in the Plan, the Dollar Limitation shall be reduced 1/10 for each year of participation in accordance with IRC §415(b)(5).
- (b) **Defined Contribution Plans.**
 - (1) For limitation years beginning after December 31, 1986 the term “annual addition” means, for purposes of this section the sum, credited to a participant’s account for any limitation year, of:
 - a. Employer contributions;
 - b. Employee contributions; and
 - c. Forfeitures.
 - (2) Annual additions that may be contributed or allocated to a participant’s account for a limitation year will not exceed the lesser of:
 - a. 100% percent of participant’s compensation, within the meaning of IRC §415(c)(3), or

- b. \$40,000, as adjusted for increases in the cost of living pursuant to IRC §415(d).

Sec. 10. Direct Rollovers.

The defined benefit plan does not currently provide for lump sum payments. However, to the extent lump sum payments are allowed, the plan will meet the following requirements regarding IRC 401(a)(31).

- (a) **Direct Rollovers.** This section applies to distributions made on or after January 1, 1993. Notwithstanding any provision of the plan to the contrary that would otherwise limit a distributee's election under this part, a distributee may elect, at the time and in the manner prescribed by the plan administrator, to have any portion of an eligible rollover distribution that is equal to at least \$500 paid directly to an eligible retirement plan specified by the distributee in a direct rollover.
- (b) **Eligible rollover distribution:** An eligible rollover distribution is any distribution of all or any portion of the balance to the credit of the distributee, except that an eligible rollover distribution does not include: any distribution that is one of a series of substantially equal periodic payments (not less frequently than annually) made for the life (or life expectancy) of the distributee or the joint lives (or joint life expectancies) of the distributee and the distributee's designated beneficiary, or for a specified period of ten years or more; any distribution to the extent such distribution is required under section 401(a)(9) of the Internal Revenue Code; any hardship distribution described in section 401(k)(2)(B)(i)(iv) received after 12-31-98; the portion of any other distribution(s) that is not includible in gross income (determined without regard to the exclusion for net unrealized appreciation with respect to employer securities); and any other distribution(s) that is reasonably expected to total less than \$200 during a year.
- (c) **Eligible retirement plan:** An eligible retirement plan is an individual retirement account described in section 408(a) of the Code, an individual retirement annuity described in section 408(b) of the Code, an annuity plan described in section 403(a) of the Code, or a qualified plan described in section 401(a) of the Code, that accepts the distributee's eligible rollover distribution. However, in the case of an eligible rollover distribution to the surviving spouse, an eligible retirement plan is an individual retirement account or individual retirement annuity. On and after January 1, 2008, an eligible retirement plan, for purposes of accepting a rollover, shall include a Roth IRA to the extent permitted by Code Section 408A, and the regulations promulgated thereunder.
- (d) **Distributee:** A distributee includes an employee or former employee. In addition, the employee's or former employee's surviving spouse and the

employee's or former employee's spouse or former spouse who is the alternate payee under a qualified domestic relations order, as defined in section 414(p) of the Code, are distributees with regard to the interest of the spouse or former spouse. On and after January 1, 2008, the retirement system shall allow nonspousal beneficiary transfers to an individual retirement plan in accordance with and subject to Internal Revenue Code Section 402(c)(11).

- (e) **Direct rollover:** A direct rollover is a payment by the plan to the eligible retirement plan specified by the distributee.

ARTICLE X.

- (a) The Board of Trustees shall administer the Retirement System consistent with the pension provisions of the 1998-2001 collective bargaining agreement between the City of Detroit and the Detroit Police Officers Association with respect to police officers covered by said collective bargaining agreement. Said provisions are attached as Exhibit A.
- (b) The Board of Trustees shall administer the Retirement System consistent with the pension provisions of the 1998-2001 collective bargaining agreement between the City of Detroit and the Detroit Police Lieutenants and Sergeants Association. Said provisions are attached as Exhibit B.

ARTICLE XI.

Compliance With USERRA.

USERRA. The Retirement System shall comply with applicable, required provisions of Internal Revenue Code Section 414(u). On and after January 1, 2007, notwithstanding anything to the contrary herein, if a member dies while performing qualified military service (as defined in Internal Revenue Code Section 414(u)), to the extent required by Internal Revenue Code Section 401(a)(37) the survivors of the member are entitled to any additional benefits (if any, and other than benefit accruals relating to the period of qualified military service) provided under the Retirement System as if the member had resumed and then terminated employment on account of death.

Notwithstanding anything to the contrary herein, on and after January 1, 2009, if the City decides to provide Differential Wage Payments to individuals who are performing service in the uniformed services (as defined in Chapter 43 of Title 238, United States Code) while on active duty for a period of more than 30 days, such Differential Wage Payment will be treated as compensation under Code Section 415(c)(3) limits, but not for purposes of Plan benefit accruals. For these purposes the term "Differential Wage Payment" means a payment defined in Code Section 3401(h)(2) that is made by the Retirement System to an individual who is performing service in the uniformed services while on active duty for a period of more than 30 days.

ARTICLE XII.

Deferred Retirement Option Plan.

The following provisions are hereby established as the Deferred Retirement Option Plan ("Drop") Program with respect to those members of the Retirement System who are covered by a collective bargaining agreement with a DROP Program (currently DPOA, DPCOA and DFFA and non-union executives of the Police Department and Fire Department).

- (a) In lieu of terminating employment and accepting a service retirement allowance under the plan provisions, any applicable member of this system who is eligible for the DROP Program and who is eligible to immediately receive a 25 year service retirement allowance may elect to participate in the Deferred Retirement Option Plan (DROP) and defer the receipt of retirement benefits in accordance with the provisions of this resolution. This DROP feature is effective for DROP eligible members retiring on or after March 1, 2002 or after IRS approval of the DROP provisions, whichever is later.
- (b) No additional service credit shall be earned by a participant in the DROP program.

- (e) Upon the effective date of the commencement of participation in the plan, active membership in the Retirement System shall terminate. However employer contributions shall continue to be paid into the Retirement System for the DROP participant as if the DROP participant was not a DROP participant. For purposes of this section, compensation and credit service shall remain as they existed on the effective date of commencement of participation in the DROP program. Seventy-five (75%) percent of the monthly retirement benefits (including applicable escalator increases) that would have been payable, had a member elected to cease employment and receive a service retirement allowance, shall be paid into the deferred retirement option plan (DROP) account. Upon termination of employment, deferred benefits (i.e. the DROP account balance) shall be paid as provided by this resolution.
- (f) The ICMA Retirement Trust has been selected as the initial DROP depository entity.
- (g) The Deferred Retirement Option Plan applicable amounts shall be invested as directed by the member within the investment choices as provided by the ICMA Retirement Trust (or substitute entity).
- (h) The fees for the DROP account shall be determined by the ICMA Retirement Trust (or substitute entity), which fees shall be paid by the DROP participant per deduction from the DROP account.

- (i) Upon termination of employment, a participant in the DROP program shall receive, at his or her option either a lump sum payment from the DROP account equal to the payments to the account plus earnings adjusted for any losses or a true annuity based upon his or her adjusted account, or he or she may elect any other method of payment allowed by the ICMA Retirement Trust (or substitute entity); provided, notwithstanding anything to the contrary herein, the Participant's adjusted DROP account balance at termination of employment shall not be less than total system DROP payments into his or her account (not including earnings and losses). The participant's monthly benefits that would have otherwise been paid at retirement prior to participation in the DROP program (i.e. 100%) shall begin to be paid to the retiree. Termination of employment includes termination of any kind, such as, resignation, discharge or disability.
- (j) If a participant dies during the period of participation in the DROP program a lump sum payment equal to his or her account balance shall be paid to his or her named beneficiary, or if none, to his or her estate; provided, notwithstanding anything to the contrary herein, the Participant's adjusted DROP account balance at death during the period of participation shall not be less than total system DROP payments into his or her account (not including earnings and losses).
- (k) In the event that a member dies prior to termination of employment while participating in the DROP, the member's designated beneficiary(ies) shall be entitled to the funds in the DROP account. In addition, the member's retirement allowance, with escalators, will be restored to one hundred percent (100%) of the amount that would have been paid, but for the member's decision to participate in the DROP program shall be paid in accordance with the deceased member's election option; provided, notwithstanding anything to the contrary herein, the Participant's adjusted DROP account balance at death shall not be less than total system DROP payments into his or her account (not including earnings and losses)..
- (l) If an employee becomes disabled after the period of participation in the DROP program but while still an employee and his employment is terminated because he is disabled, he or she (A) shall be immediately retired with the form of retirement selected by the employee at the commencement of the DROP program plus any applicable pension improvement increases, and (B) shall be entitled to the funds in the DROP account (as a lump sum or other allowed method). Such employee shall not be entitled to disability retirement benefits.
- (m) The ICMA Retirement Trust (or substitute entity), consisting of five (5) pages which are attached hereto, will receive the DROP funds and the funds of each participant shall be invested as directed by the member within the investment choices provided by the ICMA Retirement Trust (or substitute entity).
- (n) The Board of Trustees of the Policemen and Firemen Retirement System will enter into an Administrative Services Agreement with the International City Management Association Retirement Corporation "RC" (or substitute entity) which will serve as Investment Advisor to the ICMA Retirement Trust (or substitute entity).

- (o) The ICMA Retirement Trust (or substitute entity) will offer a series of separate funds for the investment of DROP account assets as referenced in the ICMA Retirement Trust's (or substitute entity) disclosure documents.
- (p) Any matters relating to the DROP program not covered by the July 21, 2000 DPOA Act 312 Act Award, collective bargaining provisions, the ICMA Retirement Trust (or substitute entity) or any applicable law or authority shall be resolved by decision of the Board of Trustees of the Policemen and Firemen Retirement System.
- (q) The Board of Trustees may replace the ICMA Retirement Trust with an equivalent trust type vehicle subject to approval of the applicable collective bargaining associations.
- (r) The effective date of the foregoing DROP Program provisions are subject to confirmation from the Internal Revenue Service that the DROP Program does not adversely affect the qualified status of the Defined Benefit Plan of the Policemen and Firemen Retirement System. The appropriate forms applying for a qualified plan determination letter with the DROP provisions shall be filed by the Retirement System and any other applicable party.

The DROP program is subject to all applicable Internal Revenue Service rules, regulations, authority and applicable provisions of the Internal Revenue Code.

2. All loans shall be memorialized by a promissory note made to the Police and Fire Retirement System and properly executed by the participant.
3. Loan shall be repaid by equal payroll deductions over a period not to exceed five (5) years, or, where the loan is for the purpose of buying a principal residence, a period not to exceed fifteen (15) years. In no case shall the amount of the payroll deduction be less than twenty dollars (\$20.00) for any two-week period.
4. Each loan shall be made against the assignment of the participant's entire right, title, and interest in and to the trust supported by the participant's collateral promissory note for the amount of the loan, including interest payable to the order of the trustee.
5. Each loan shall bear interest at a rate determined by the Board. The Board shall not discriminate among participants in its determination of interest rates on loans. Loans initiated at different times may bear different interest rates, where, in the opinion of the Board, the difference in rates is supported by a change in market interest rates or a change in the pension system's current assumed rate of return. The loan interest rate shall bear a reasonable relationship to market rates for secured loans of a similar duration and shall bear a reasonable relationship to the costs to the pension trust of administering the trust. The loan interest rate shall be calculated in a manner that will not negatively affect the City's costs to the trust or the return to trust members.
6. Loan repayments shall be suspended under this plan as permitted by Section 414(u)(4) of the Internal Revenue Code, 26 U.S.C. 414(u)(4). A participant who has an outstanding loan balance from the plan who is absent from employment with the employer, and who has satisfied the requirements of 26 USC 414(u) of the Internal Revenue Code shall not be required to make loan repayments to the fund during said periods of absence.

(f) **Renewal of Loan:** Any loans granted or renewed shall be made and administered pursuant to the participant loan program and Section 72(p) of the Internal Revenue Code, 26 U.S.C.72(p) and the regulations thereunder.

(g) **Loan Balance:** A participant's outstanding loan balance shall be considered a directed investment by the participant and interest payments shall be credited to the participant's account balance (provided that the interest credited shall be reduced appropriately to

cover the administrative cost of the loan program and avoid negatively affecting the City's costs or the trust's investment returns), and shall not be part of net investment income or part of the participant's account balance for the purpose of allocation of net investment income under [Article VII].

- (h) **Distribution:** No distributions shall be made to a participant, former participant, or beneficiary until all loan balances drawn on the applicable vested accumulated balance and applicable accrued interest have been liquidated.
- (i) **Annual Report:** The Police and Fire Retirement System shall include, in their annual report to all members, an accounting of the loan program established by this section, which contains *the* number and amount of loans made, the costs of administering the program, the amount of payments made including interest received by the trust, the amount of loans outstanding, including any defaults or delinquencies, and an evaluation as to whether the interest charged in the fiscal year covered the costs of administering the program.

The parties agree that eligibility for participation in said loan program will be in accordance with the provisions contained herein, and shall be effective immediately upon the signing of this Memorandum of Understanding. All necessary steps shall be taken to ensure that the implementation date of the Employee Loan Program for members of this bargaining unit shall occur as soon as administratively possible so that it coincides with the initial implementation date established by the Police and Fire Retirement System.

The parties agree that this Memorandum of Understanding represents the sole and complete agreement regarding the Participant Loan Program for members of this bargaining unit, that this Agreement shall be incorporated in the Labor Agreement and shall remain in full force for the duration of said agreement, and that no modifications can be made unless collectively bargained and mutually agreed between the parties hereto.¹²⁸

No amendment to the Trust Agreement shall modify the responsibilities of the Board hereunder unless the Board has first consented to such amendment.

Section 8.3 Termination.

(a) Notwithstanding Section 8.1, the Trust and this Trust Agreement may be terminated at any time in writing by the Board with a copy of such written instrument to be provided to the City, or by Court order upon proper motion. Upon termination of this Trust Agreement, the assets of the Trust Fund, if any, shall be paid out at the direction of the Board to the GRS and PFRS as provided in Section IV.F of the Plan of Adjustment. Neither Detroit nor the Board shall have any beneficial interest in the Trust Fund. If the Trust Fund has assets at the time of its termination, it shall remain in existence only until all such assets have been distributed.

(b) Upon termination of the Trust pursuant to Section 8.1 or 8.3, the Board shall continue to have all of the powers provided in this Trust Agreement as are necessary or desirable for the orderly liquidation and distribution of the Trust Fund in accordance with the provisions hereof.

RETIREE HEALTH CARE SETTLEMENT AGREEMENT

SETTLEMENT AGREEMENT

Plaintiffs, the Official Committee of Retirees of the City of Detroit, Michigan (the “Committee”), Detroit Retired City Employees Association, Retired Detroit Police and Fire Fighters Association, and AFSCME Sub-Chapter 98, City of Detroit Retirees (collectively with the Committee, the “Plaintiffs”) and Defendants, the City of Detroit, Michigan (the “City”) and Kevyn Orr, individually and in his official capacity as Emergency Manager of the City of Detroit, Michigan (collectively with the City, the “Defendants”), hereby enter into this Settlement Agreement as of the 14th day of February, 2014 (the “Agreement”), which contains the following terms:

I. GENERAL PROVISIONS

1. **Agreement Modifies March 1, 2014 Plan.** The City agrees to make the changes listed in Part II herein to the City of Detroit Retiree Health Care Plan for the period March 1, 2014 through December 31, 2014. The changes enumerated in Part II are modifications to the City of Detroit Retiree Health Care Plan described in the 2014 Health Care Plan Options Booklet (“Booklet”) distributed approximately January 2, 2014. These modifications are premised on the terms summarized in the Booklet going into effect on March 1, 2014, subject only to the modifications set forth in this Agreement, which resolves the Plaintiffs’ claims in Adversary Proceeding No. 14-04015 (the “Adversary Proceeding”).

2. **Modifications Will Not Decrease Benefits Offered in March 1, 2014 Plan.** None of the modifications in Part II reduces or eliminates any of the benefits in the City of Detroit Retiree Health Care Plan for the period March 1, 2014 through December 31, 2014 as described in the Booklet, except as specified in Part II(4)(a) and (b) below.

3. **Effective Date of Plan Modifications.** The modifications listed in Part II of this Agreement shall be effective with the beginning of the plan on March 1, 2014 unless otherwise noted in the Agreement.

4. **Aggregate Caps.** Unless specifically noted below, there is no cap on the amount that the City will spend to fulfill the modifications listed in Part II. For the two modifications listed in Part II(3)(a)/(b) and (d)/(e) that expressly include capped funds of \$2,500,000 and \$3,000,000, respectively, the City shall aggregate those caps to a total of \$5,500,000 such that if one capped fund is exhausted the City must draw from the other capped fund to the extent that the other capped fund has not been exhausted.

5. **Conditions on Agreement.** This Agreement, and the additional benefits set forth herein, are conditioned upon the City receiving debtor in possession financing that can be used for quality of life purposes on or before May 1, 2014 (the “DIP”). In the event the DIP is not in effect on or before May 1, 2014 and the City is unable to otherwise perform under this

Agreement, this Agreement shall be null and void and the parties shall be returned to their respective positions.

II. MODIFICATIONS TO THE CITY'S RETIREE HEALTH CARE PLAN FOR THE PERIOD MARCH 1, 2014 THROUGH DECEMBER 31, 2014

1. Modification of Dental and Vision Coverage.

- (a) **Dental Coverage.** The City will make available an additional dental benefits option in addition to the dental benefits coverage option described in the Booklet. The additional option will be offered by Golden Dental Inc. ("Golden"). The premium charged for this group coverage option will be no greater than \$23.73 per month for single coverage, \$38.83 per month for two-person coverage, and \$57.17 per month for family coverage, and the benefits will be as described in Exhibit 1 hereto; provided, however, that the amount charged to the retiree shall be increased to include an additional administrative charge, which administrative charge shall not exceed 20% of the applicable premium. The enrolling retiree will be fully responsible to pay the premium associated with this dental option, including the additional administrative charge, and the City shall allow the retirees to utilize the pension reduction feature for payment of the monthly premium. The City will use Reasonable Efforts to have such coverage effective June 1, 2014, including taking Reasonable Efforts to notify retirees by mail of this option as soon as practicable, and taking Reasonable Efforts to minimize the administrative charge. Reasonable Efforts, as used in this Agreement, requires the City to use good faith and reasonable diligence in light of its capabilities.
- (b) **Vision Coverage.** The City will make available an additional vision benefits option in addition to the vision benefits coverage option described in the Booklet. The additional option will be offered by Heritage Vision Plans, Inc. ("Heritage"). The premium for this group coverage option will be no greater than \$6.95 per month for single coverage and \$13.75 per month for 2 or more person coverage; provided, however, that the amount charged to the retiree shall be increased to include an additional administrative charge, which administrative charge shall not exceed 20% of the applicable premium. The option shall be a national network vision option similar to the option that the City provides to active employees. The enrolling retiree will be fully responsible to pay the premium associated with this vision option, including the additional administrative charge, and the City shall allow the retirees to utilize the pension reduction feature for payment of the monthly premium. The City will use Reasonable Efforts to have such coverage effective June 1, 2014, including taking Reasonable Efforts to notify retirees by mail of this option as soon as practicable, and taking Reasonable Efforts to minimize the administrative charge.

2. Modifications for Retirees Eligible for Medicare.

- (a) **Extension of Enrollment Deadline to Opt Out of Medicare Advantage Plan Coverage.** For retirees of the City who are enrolled in Medicare and receive

coverage under a City-sponsored Medicare Advantage Plan through February 28, 2014, the date to opt out of such coverage was extended to February 7, 2014. Such retirees may opt out by hand delivery (no later than close of business February 7) or first-class mail delivery (post-marked on or before February 7) of the designated opt out form to the City Benefits Administration Office at Suite 1026, 2 Woodward Avenue, Detroit MI 48226. Retirees were permitted to request the designated opt out form by calling the City's Benefit Administration Customer Service Line or contacting the City Benefits Administration Office at the address above. The City will use Reasonable Efforts to process any such opt outs for which it receives timely notice in a manner so as to eliminate such Medicare Advantage Plan coverage effective March 1, 2014. To the extent the City is not able to process the timely sent opt out notices in a manner so as to eliminate such coverage effective March 1, 2014, such coverage shall be eliminated effective April 1, 2014. Retirees who did not opt out by February 7, 2014 will be enrolled in a City-sponsored Medicare Advantage Plan as described in the Booklet.

- (b) **HRA Contribution for Medicare-Eligible Retirees Who Opt Out.** For each Medicare-eligible retiree who opted out of coverage under the City-sponsored Medicare Advantage Plans on or prior to February 7, 2014, the City shall automatically enroll such retiree in a City-sponsored Health Reimbursement Arrangement ("HRA"). The HRA shall be administered by Flex Plan, Inc. The City will provide each electing enrollee with a vested \$115 monthly contribution credit to his or her HRA during the remainder of 2014, which will carry forward until used by the retiree or otherwise forfeited under terms to be negotiated by the parties hereto. The City will make all Reasonable Efforts to implement the HRA credits effective May 1, 2014, retroactive to March 1, 2014. The initial monthly credit for May 2014 shall be in an amount equal to the total of \$115 multiplied by the number of months starting March 2014 for which the enrolled retiree did not have Medicare Advantage Plan coverage (e.g., if John Smith had City-sponsored Medicare Advantage Plan coverage until February 28, 2014, the initial monthly credit for May 2014 will be \$345, covering March, April, and May; thereafter, the payments shall be \$115 per month for each month in 2014).
- (c) **Medicare Advantage Plan Catastrophic Drug Expenses.** Each of the Medicare Advantage Plans sponsored by the City for the period March 1, 2014 through December 31, 2014 include Medicare Part D prescription drug coverage, under which, once the \$4,550 out-of-pocket threshold is met, the participant's cost sharing obligation is limited to the greater of 5% of the cost of the prescription, or \$2.55 per prescription for generic and preferred multi-source drugs or \$6.35 per prescription for all other prescription drugs; provided, that the participant's cost sharing obligation shall never be greater than the cost sharing that applied prior to the participant meeting such threshold. For each participant who meets the \$4,550 out-of-pocket threshold while enrolled in one of the City's Medicare Advantage Plans during the period March 1, 2014 through December 31, 2014, the City will reimburse the amount of this cost sharing obligation to the related

retiree. For the avoidance of doubt, participant means both retiree and any retiree's spouse who is covered by the City's Medicare Advantage Plans.

3. Modifications for Retirees Not Eligible for Medicare.

(a) Additional Stipend to Retirees With \$75,000 or Lower Household Income Who Acquire Health Care Coverage on an Exchange.

The City will provide non-duty disabled retirees who are not eligible for Medicare a \$125 stipend that they may use to purchase health care coverage. The City will increase this stipend by \$50 for any non-Medicare eligible retiree who either (i) was enrolled in the City's retiree health program on December 31, 2013 or (ii) transitioned from active City benefits to retiree City benefits on or after November 1, 2013; but only to the extent such retiree described in (i) or (ii) above meets the following requirements:

- i) Not eligible for Medicare or Medicaid;
- ii) Not eligible for a benefit under Part II(4);
- iii) Not a duty-disabled retiree (duty-disabled retirees are eligible for higher stipends as provided for in the Booklet);
- iv) Under 65 years old (non-Medicare eligible retirees age 65 and older may receive an increased stipend under Part II(3)(c) below);
- v) Household income is \$75,000 or less, as demonstrated by satisfaction of the process set forth in Part II(3)(b);
- vi) Does not acquire a City-offered group health plan as set forth in Part II(3)(f); and
- vii) Purchases or is covered by a health insurance policy acquired through a health insurance exchange ("Exchange") established pursuant to the Patient Protection and Affordable Care Act.

(b) Process to Obtain Additional \$50 Monthly Stipend.

- i) The City will retain Aon Hewitt to administer the eligibility process for the additional \$50 monthly stipend set forth above in Part II(3)(a). Retirees will be given a 30-day notice period, to expire no later than April 30, 2014, during which they shall provide to Aon Hewitt the following:
 - (1) Submission of having purchased an insurance policy through an Exchange that covers such retiree. Such submission shall include information necessary to validate the retiree's eligibility, including the name of the insurer, monthly premium amount, and the amount of federal

subsidy, if any, that the retiree is to receive in connection with such Exchange-acquired coverage; and

- (2) If the proof of Exchange-acquired coverage shows that the retiree's premium does not also include a federal subsidy amount, such retiree shall also submit a copy of his or her most recently filed federal income tax return with proof of filing, but in no event a return prior to the 2011 tax year. If such federal income tax return shows household income in excess of \$75,000 and the retiree believes that household income in 2013 was below \$75,000, the retiree shall also submit – along with a copy of the most recently filed federal income tax return – proof sufficient for Aon Hewitt to conclude that his or her household income in 2013 was less than \$75,000.
- ii) Aon Hewitt shall submit to the City its list of retirees eligible for the additional \$50 monthly stipend and the monthly stipends shall be paid to the approved eligible retirees beginning in the month of June 2014 or as soon thereafter as administratively practical, with payments retroactive to March 1, 2014. For example, if the first payment is made in June 2014, it will be in the amount of \$200 for the months of March, April, May, and June; thereafter, the payments shall be \$50 per month for each succeeding month in 2014. The list provided by Aon Hewitt shall be final and no changes shall be made to such list for the remainder of 2014.

The City shall cap the amount that it pays for this additional \$50 stipend during the period from March through December 2014 at \$3,000,000. In the event that there are more retirees meeting the requirements in Part II(3)(a) and (b) (i.e., retirees listed on the final list) than can be paid in full for \$3,000,000, each retiree will have his or her stipend amount reduced pro rata, unless there are additional funds that can be used as detailed in Part I(4).

- (c) **Additional Payment to Non-Medicare Eligible Retirees Age 65 and Older.**
The City will increase the stipend that it gives non-Medicare eligible retirees who are 65-years-old and older to \$300/month. For such purposes, a non-Medicare eligible retiree is any retiree age 65 or older who is not – directly or through his or her spouse – eligible to automatically enroll in and obtain premium-free coverage under Part A of Medicare as evidenced by a denial letter from the Centers for Medicare and Medicaid Services (“CMS”). Retirees who have previously submitted such a letter to the City will not be required to resubmit it. Non-Medicare eligible retirees who are duty-disabled will not be eligible for this increase because their stipend is already \$300 or more. The City will coordinate with Blue Cross Blue Shield of Michigan to determine the number of non-Medicare eligible retirees who are eligible for this \$300 stipend. The increased stipend will apply for each month from March 2014 through December 2014. The City will make all Reasonable Efforts to implement the \$300 increased

monthly stipend beginning April 1, 2014, with payment of the increased amount over the stipend otherwise paid for prior months being retroactive to March 1, 2014; thereafter, the stipend shall be \$300 per month for each succeeding month in 2014. Such eligible retirees will not receive any other stipend amounts from the City that are described in the Booklet or this Agreement.

(d) **\$125 Monthly Stipend For City Retirees' Spouses Who are Under Age 65, With \$75,000 or Lower Household Income, and Are Enrolled in Health Care Coverage on an Exchange.**

The City will provide a \$125 stipend to certain married retirees whose spouses either (i) were enrolled in the City's retiree health program on December 31, 2013 or (ii) transitioned from active City benefits to retiree City benefits on or after November 1, 2013; but only to the extent such spouse described in (i) or (ii) above meets the following requirements:

- i) Not eligible to enroll in one of the City's Medicare Advantage Plans;
- ii) Not eligible for Medicaid;
- iii) Not eligible for a benefit under Part II(4);
- iv) Under 65 years old;
- v) Household income is \$75,000 or less, as demonstrated by satisfaction of the process set forth in Part II(3)(e);
- vi) Does not acquire a City-offered group health plan as set forth in Part II(3)(f); and
- vii) Purchases or is covered by a health insurance policy acquired through an Exchange.

(e) **Process to Obtain \$125 Monthly Spouse Stipend.**

- i) The City will retain Aon Hewitt to administer the eligibility process for the \$125 monthly spouse stipend. Retirees will be given a 30-day notice period, to expire no later than April 30, 2014, during which they shall provide to Aon Hewitt the following proof:
 - (1) Submission of proof that their spouse is covered under an insurance policy purchased through an Exchange, including information necessary to validate the retirees' eligibility, including the name of the insurer, monthly premium amount, and the amount of federal subsidy, if any, that the spouse is to receive in connection with such Exchange-acquired coverage; and
 - (2) If the proof of Exchange-acquired coverage shows that the spouse's premium does not also include a federal subsidy

amount, such retiree shall also submit a copy of his or her most recently filed federal income tax return with proof of filing, but in no event a return prior to the 2011 tax year. If such federal income tax return shows household income in excess of \$75,000 and the retiree believes that household income in 2013 was below \$75,000, the retiree shall also submit – along with a copy of the most recently filed federal income tax return – proof sufficient for Aon Hewitt to conclude that his or her household income in 2013 was less than \$75,000.

- ii) Aon Hewitt shall submit to the City its list of retirees who are eligible for this \$125 monthly stipend and the monthly stipends shall be paid to the approved married retirees beginning in the month of June 2014 or as soon thereafter as administratively practical, with payments retroactive to March 1, 2014. For example, if the first payment is made in June 2014, it will be in the amount of \$500 for the months of March, April, May, and June; thereafter, the payments shall be \$125 per month for each succeeding month in 2014. The list provided by Aon Hewitt shall be final and no changes shall be made to such list for the remainder of 2014, except as follows:

- (1) if an eligible retiree ceases to be married (whether by death or divorce), the retiree's spouse will cease to be eligible for this stipend and the retiree shall be removed from the list effective as of the month immediately following such event; and
- (2) if a retiree's spouse transitions from active City benefits to retiree City benefits during 2014 and meets the eligibility provisions described in Part II(3)(d) and is approved as eligible pursuant to the process described in Part II(3)(e), the related retiree shall be added to the list effective as of the month in which the transition to retiree City benefits occurs, provided there is sufficient availability under the Aggregate Caps as described below.

The City will cap the amount that it pays for spousal stipends at \$2,500,000. In the event that there are more retirees initially satisfying the requirements in Part II(3)(e) (*i.e.*, retirees listed on the first list submitted by Aon Hewitt to the City) than can be paid in full for \$2,500,000, each such retiree will have his or her stipend amount reduced pro rata, provided that if there are additional funds that can be used as detailed in Part I(4), each such retiree will only have his or her stipend amount reduced pro rata to the extent the aggregate amount is not sufficient to satisfy the full amount of such stipends. Retirees who become eligible for this spousal stipend during the year, as described above, shall only be eligible for a stipend to the extent there is sufficient availability under the

Aggregate Caps detailed in Part I(4). The addition or removal of retirees from the list shall not impact the amount of the stipend being paid to other eligible retirees.

- (f) **City Group Plan.** In 2014, the City agrees to contract with Blue Cross Blue Shield of Michigan to offer a fully-insured group health plan option to retirees who are not eligible for Medicare. Such plan option shall be reasonably equivalent to the coverage offered by the City to active employees in 2014. The enrolling retiree will be fully responsible to pay the monthly premium associated with this option. The premium cost to retirees of such policy will include the cost to the City of enrollment and administration related to this policy option, so that the City will not incur any additional expense in offering this policy. The parties will use Reasonable Efforts to have such coverage effective May 1, 2014. The City shall provide a monthly stipend of \$100 to each retiree who enrolls in the City group plan, beginning with the May 1, 2014 payment. No other stipend amounts from the City that are described in the Booklet or this Agreement shall be available to retirees enrolling in this group option, unless either (i) the retiree is duty-disabled, in which case, he or she will instead receive the stipend available to duty-disabled retirees described in the Booklet, or (ii) the retiree is eligible for the stipend described in Part II(3)I, in which case, he or she will instead receive such stipend.

4. Modifications for Retirees Below the Federal Poverty Level.

- (a) **Coverage for Michigan Resident Retirees Eligible For Medicaid Coverage On or After April 1, 2014.** The parties recognize that CMS has approved the State of Michigan's request to operate the "Healthy Michigan" program for adults who will become eligible for Medicaid under Section 1902(a)(10)(A)(i)(VIII) of the Social Security Act, and that on April 1, 2014 Michigan will provide Medicaid coverage to all adults residing in the State with income up to and including 133% of the Federal Poverty Level. "Federal Poverty Level" means the applicable poverty guideline based on state of residence and household size issued annually by the U.S. Department of Health and Human Services. For those retirees who are eligible for Medicaid under the scheduled April 1, 2014 expansion, the City will facilitate their transition in the following manner: Within 10 days of the effective date of this Agreement, the City shall contact by letter those non-Medicare eligible retirees, who, according to the Retirement Systems' records, reside in Michigan and whose annual pension income is in an amount less than 100% of the Federal Poverty Level. Such retirees will be given a 30 day opportunity to submit to Aon Hewitt proof that their income falls below the Federal Poverty Level. Upon receipt by Aon Hewitt of a list of such retirees falling below the Federal Poverty Level, the City shall provide payment to such retirees of the amount equal to the value of the federal subsidy for the month of March that they would have received in connection with the second lowest cost Exchange-purchased silver plan, had such retiree, and to the extent the retiree is married, such retiree's spouse, been eligible for such subsidy for the month of March 2014 for such plan based on a determination of household income at 100% of the Federal Poverty Level. A similar payment will be made by the City in

connection with insurance coverage for April 2014 if such retiree and spouse are not covered by Medicaid. To the extent that the Medicaid expansion rules in Michigan have not provided such retirees the opportunity to migrate into the Michigan Medicaid program by May 1, 2014, the City shall cease its continued payment but the parties agree to negotiate in good faith an additional reasonable accommodation to such retirees that balances the City's and such retirees' interests. *Retirees eligible for payments under this subsection are not eligible for any other payment offered by the City as set forth in the Booklet or as set forth in this Agreement.*

- (b) **Coverage for Non-Medicare Eligible Retirees in States that Have Not Expanded Medicaid.** The City recognizes that not all States have chosen to expand Medicaid coverage in accordance with Title II of the Patient Protection and Affordable Care Act, and certain non-Medicare eligible retirees residing outside the State of Michigan whose incomes fall below 133% of the Federal Poverty Level will not be eligible for Medicaid coverage. Accordingly, in connection with such retirees, the City will pay a monthly amount equal to the lesser of: (1) the second lowest cost monthly premium for a silver plan for such retiree and spouse purchased through an Exchange in their place of residence; or (2) the ratable monthly amount necessary to increase the retiree's annual household income to 100% of the Federal Poverty Level. Within 10 days of the effective date of this Agreement, the City shall contact by letter those retirees, who, according to the Retirement Systems' records, reside in states that do not provide Medicaid coverage to adults up to the Federal Poverty Level, and whose annual pension income is in an amount less than 100% of the Federal Poverty Level. Such retirees will be given a 30 day opportunity to submit to Aon Hewitt proof that their income falls below the Federal Poverty Level. The City shall commence such payments as soon as reasonably practicable after receiving a list of such retirees from Aon Hewitt. *Retirees eligible for payments under this subsection are not eligible for any other payment offered by the City as set forth in the Booklet or as set forth in this Agreement.*

III. RELEASES, FUTURE LEGAL PROCEEDINGS, AND MISCELLANEOUS

1. **Future Claims in City Plan Confirmation Proceedings.** This Agreement is entered into without prejudice to any party to this litigation with respect to any issue involving the rights, claims, obligations, and payments of health care and other post-employment benefits ("OPEB"); provided that the City will not seek to recover directly from the retirees any postpetition OPEB payments made to or on behalf of retirees. Each party expressly reserves its rights on OPEB issues in connection with negotiations of a plan of adjustment, and the Plaintiffs are free to pursue, and the City to oppose, their position that the postpetition OPEB payments the City made to or on behalf of retirees were a business necessity.

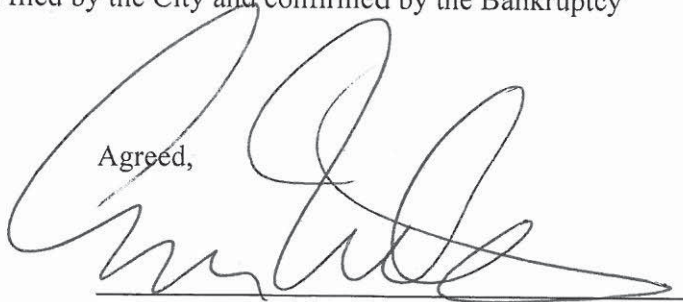

2. **Release.** Following the execution of this Agreement, the Plaintiffs will promptly dismiss the lawsuit – which solely addresses 2014 retiree health care benefits – with prejudice; provided, however, that any party to the lawsuit may bring an action in the Bankruptcy Court to enforce the terms of this Agreement resolving the lawsuit (an "Enforcement Action") and if the

conditions contained in the last sentence of Part I(5) occur, then Plaintiffs are free to reinstate the Adversary Proceeding. Solely for purposes of an Enforcement Action, the City consents, pursuant to 11 U.S.C. § 904, to the Bankruptcy Court's hearing and deciding such Enforcement Action.

3. **Counterparts.** This Agreement may be signed in counterparts, and each counterpart shall be treated as an original.

4. **Good Faith.** As evidenced by the undersigned acknowledgment of Judge Wiley Daniel, Mediator, this Agreement was negotiated and entered into by all parties in good faith.

5. **Plan of Adjustment.** The terms of this Agreement, including Part III(4), shall be incorporated into any plan of adjustment filed by the City and confirmed by the Bankruptcy Court in 2014 in this bankruptcy case.

STATE CONTRIBUTION AGREEMENT

EXECUTION VERSION

CONTRIBUTION AGREEMENT

This Contribution Agreement (“Agreement”), dated as of _____, 2014, is made by and among the Michigan Settlement Administration Authority, a Michigan body public corporate (the “Authority”), the General Retirement System of the City of Detroit, the Police and Fire Retirement System of the City of Detroit and the City of Detroit (the “City”).

RECITALS

A. The City filed a voluntary petition for relief under chapter 9 of the Bankruptcy Code on July 18, 2013 (the “Chapter 9 Case”) in the United States Bankruptcy Court for the Eastern District of Michigan (the “Court”).

B. During the course of the Chapter 9 Case, the City has asserted that the City’s Police and Fire Retirement System (the “PFRS” or a “System”) and the General Retirement System (the “GRS” or a “System” and collectively with the PFRS, the “Systems”) are underfunded.

C. During the course of the Chapter 9 Case, there have been suggestions that the State of Michigan (the “State”) may be obligated to pay all or a portion of the underfunding of pension benefits payable to retirees, a suggestion the State vigorously disputes.

D. As part of the mediation process in the Chapter 9 Case, the mediators asked the State and other parties to assist in reducing the amount of underfunding in the PFRS and GRS pension funds by providing settlement funds for the benefit of pensioners that would not be otherwise available.

E. As part of its determination that the City was eligible to file the Chapter 9 Case, the Court determined that pension obligations of the City can be impaired or diminished in the Chapter 9 Case and are not protected from such impairment or diminution by the State Constitution.

F. In support of confirmation of the City’s Fourth Amended Plan of Adjustment dated May 5, 2014 (as may be further amended from time to time, the “Plan”), the State has agreed, subject to satisfaction of the terms and conditions set forth herein and in the Plan, to make a contribution to the GRS and PFRS in return for releases from, among others, the GRS and PFRS as set forth in the Support and Release Agreement entered into by the State and each of the Systems in connection with this matter.

G. On June 20, 2014, the Authority was established as the disbursement agent for the State with respect to the State Contribution (as defined below).

H. Capitalized terms used in this Agreement but not defined have the same meanings as set forth in the Plan.

NOW THEREFORE, THE PARTIES HERETO AGREE AS FOLLOWS:

1. State Contribution. On the later of (a) the date on which the Conditions Precedent have been satisfied, and (b) 60 days after the Effective Date of the Plan, the Authority shall disburse \$98,800,000 to GRS and \$96,000,000 to PFRS (collectively, the “State Contribution”) for the purpose of increasing the assets of the PFRS and GRS. The total aggregate State Contribution is equal to the net present value of \$350,000,000 payable over 20 years determined using a discount rate of 6.75%, which results in a total contribution by the State of \$194,800,000. The State Contribution shall only be used to fund payments to holders of GRS Pension Claims and PFRS Pension Claims, each as defined in the Plan.

2. Governance Requirements of the GRS and PFRS. At all times during the 20 year period following the disbursement of the State Contribution to the GRS and PFRS, the GRS and PFRS each must establish an investment committee (the “Investment Committee”) for the purpose of making recommendations to, and approving certain actions by, the respective System's board of trustees and/or making determinations and taking action under and with respect to Investment Management, as set forth in the terms and conditions enumerated on **Exhibit A** and **Exhibit B**, respectively, each attached to and incorporated by reference into this Agreement. Further, the Emergency Manager for the City and any subsequently appointed emergency manager for the City, appointed under PA 436 or under any successor or replacement statutes to PA 436, shall not seek to exercise any powers granted under section 12(1)(m) of PA 436 (or equivalent provision under any successor or replacement statute) against the Board of GRS or the Board of PFRS until the earlier of (a) one year following entry of an order confirming the Plan, and (b) December 31, 2015.

3. Income Stabilization Funds and Income Stabilization Payments. The City, GRS and PFRS shall establish an income stabilization program and amend the governing documents for GRS and the governing documents for PFRS to include the following:

- a. A supplemental pension income stabilization payment (the “Income Stabilization Payments”) payable on an annual basis beginning not later than 120 days after the Effective Date, to each Eligible Pensioner equal to the lesser of (a) the amount needed to restore the Eligible Pensioner's reduced pension benefit to the amount of the pension benefit that the Eligible Pensioner received from GRS or PFRS in 2013, or (b) the amount needed to bring the total annual household income of the Eligible Pensioner up to 130% of the Federal Poverty Level in 2013.
- b. In addition, to the extent an Eligible Pensioner's Estimated Adjusted Annual Household Income in any calendar year is less than 105% of the Federal Poverty Level in that year, the Eligible Pensioner will receive an additional benefit (“Income Stabilization Benefit Plus”). The Income Stabilization Benefit Plus shall be equal to the lesser of either (a) 100% restoration of pension benefits, including escalators and cost of living adjustments; or (b) the amount needed to bring the Eligible Pensioner's Estimated Adjusted Annual Household Income in that calendar year up to 105% of the Federal Poverty Level in that year.

- c. An Eligible Pensioner's "Estimated Adjusted Annual Household Income" shall be calculated as follows: (i) the annual pension benefit amount paid in 2013 shall be subtracted from the Eligible Pensioner's 2013 total household income (per their (or in the case of minor children, their legal guardian's) 2013 income tax returns or equivalent documentation) as adjusted for inflation or Social Security COLA increases to create a base additional income amount, plus (ii) the following three items as applicable, (x) the reduced pension benefit that GRS will pay the Eligible Pensioner for that year, (y) any GRS pension restoration due to an improved GRS funding level, and (z) the Eligible Pensioner's Income Stabilization Benefit. Notwithstanding the foregoing, Income Stabilization Payments, including the Income Stabilization Benefit Plus, under both GRS and PFRS shall not exceed \$20 million in aggregate.
- d. A separate recordkeeping sub-account called the "Income Stabilization Fund" will be set up under each of GRS and PFRS for the sole purpose of paying the Income Stabilization Payments to Eligible Pensioners. The assets credited to the sub-accounts will be invested on a commingled basis with the applicable System's assets and will be credited with a pro-rata portion of the System's earnings and losses.
- e. Amounts credited to the Income Stabilization Fund, including the Assigned UTGO Bond Tax Proceeds, may not be used for any purpose other than the payment of Income Stabilization Payments to Eligible Pensioners, except as expressly provided in subparagraph (f) below.
- f. In 2022, provided that the State has not issued a certificate of default with respect to a System at any time prior to 2022, the Investment Committee for that System shall conduct a valuation to determine the Income Stabilization Payments anticipated to be made from the System in the future, in order for the System to fulfill the obligation to make Income Stabilization Payments (the "Estimated Future Liability"). In the event that 75% of the independent members of the Investment Committee determine that the GRS or PFRS Income Stabilization Fund is credited with assets in excess of its Estimated Future Liability (the "Excess Assets"), the Investment Committee may, in its sole discretion, recommend to the Board of Trustees that the Excess Assets, but not more than \$35 million, be used to fund each System's payment of Adjusted Pension Amounts. The Investment Committee shall have the right to engage professionals to assist in this task as necessary, and such expenses shall be paid by the Systems. If any funds remain in the GRS or PFRS Income Stabilization Fund on the date upon which no Eligible Pensioners under their respective System are living, the remainder of each System's Income Stabilization Fund shall be used to fund each System's payment of Adjusted Pension Amounts.

- g. “Eligible Pensioners” are those retirees or surviving spouses who are at least 60 years of age or those minor children receiving survivor benefits from GRS or PFRS, each as of the Effective Date, whose pension benefit from GRS or PFRS will be reduced by the confirmed Plan, and who have a total household income equal to or less than 140% of the Federal Poverty Line in 2013 (per their (or in the case of minor children, their legal guardian’s) 2013 income tax returns or equivalent documentation). No new persons will be eligible to receive an Income Stabilization Payment at any time in the future, and any minor child receiving survivor benefits shall cease to be an Eligible Pensioner after he or she turns 18 years of age.
- h. The initial determination of Eligible Pensioners, and the amounts of Income Stabilization Payments payable to Eligible Pensioners shall be made by the State in its sole discretion. The State shall transmit the list of Eligible Pensioners to the Investment Committee and the Board of Trustees of GRS and PFRS, as applicable. The Board of Trustees, with the assistance of the Investment Committee of GRS and PFRS, shall be responsible for properly administering the respective Income Stabilization Fund and annually certifying to the Treasurer that it has properly administered the requirements for eligibility and payment of benefits with respect to Eligible Pensioners.

4. Conditions Precedent. The Authority’s obligations under this Agreement are not effective or enforceable until each of the following conditions (the “Conditions Precedent”) have been met to the satisfaction of the Authority and the Treasurer, unless any one or more of such conditions are waived in a writing executed by the Authority and the Treasurer:

- a. The Authority receives the State Contribution from the State.
- b. An endorsement of the Plan by the Official Retiree Committee which will include a letter from the Official Retiree Committee as part of the Plan solicitation package recommending to Classes 10 and 11 a vote in favor of the Plan, or equivalent assurances from member organizations representing a majority of retirees in the respective classes.
- c. Cessation of all litigation, including the cessation of funding of any litigation initiated by any other party, as it relates to the City (a) challenging PA 436 or any actions taken pursuant to PA 436, including but not limited to, a dismissal with prejudice of the cases set forth on **Exhibit D**, or (b) seeking to enforce Article IX, Section 24 of the Michigan Constitution; provided, however, (i) until the State Contribution is received by the Systems, the Systems agree to stay any pending litigation described in this subparagraph, and (ii) that as a condition precedent to the GRS and the PFRS dismissing any pending litigation described in this subparagraph that they are prosecuting, the GRS and the PFRS have the right to receive written confirmation from the Authority

that the Authority is prepared and authorized to disburse the State Contribution in accordance with this Agreement and the Plan, subject only to the dismissal by the GRS and PFRS of any pending litigation described in this subparagraph that they are prosecuting.

- d. Active support of the Plan by, a release of and covenant not to sue the State from, and an agreement not to support in any way (including funding) the litigation described in subparagraph 4(c) by the parties listed on **Exhibit C**, or equivalent assurance of litigation finality (which, as to the Systems, shall be deemed satisfied by the execution of the Support and Release Agreement to be entered into by the State and each of the Systems in connection with this matter).
- e. Classes 10 and 11 accept the Plan.
- f. By December 31, 2014, the Court enters a final, non-appealable order confirming the Plan that includes, at a minimum, the following:
 - i. A release of the State and State Related Entities by each holder of a Pension Claim of all Liabilities arising from or related to the City, the Chapter 9 Case, including the authorization given to file the Chapter 9 Case, the Plan, all Exhibits, the Disclosure Statement, PA 436 and its predecessor or replacement statutes, and Article IX, Section 24 of the Michigan Constitution that such party has, had or may have against the State and any State Related Entities.
 - ii. A requirement that the governing documents of GRS and the governing documents of PFRS be amended to include:
 - a) the governance terms and conditions set forth in Paragraph 2, Exhibit A and Exhibit B of this Agreement; and
 - b) the Income Stabilization Payments and Income Stabilization Fund described in Paragraph 3 of this Agreement.
 - iii. Approval of, and authority for the City to enter into, the UTGO Settlement.
 - iv. A requirement that the City irrevocably assigns the right to receive not less than an aggregate amount of \$20,000,000 of the payments on the Reinstated Stub UTGO Bonds to the Income Stabilization Funds of the GRS and PFRS. Such payments will be made to the Income Stabilization Funds in the form of annual installment payments over a 14 year period, pursuant to a payment schedule approved by the State.

- v. Approval of, and authority for the City to enter into, the DIA Settlement.
- vi. Agreement to and compliance with MCL 141.1561 and cooperation with the transition advisory board appointed pursuant to MCL 141.1563, or compliance with any new legislation that is enacted regarding post-bankruptcy governance.
- g. Evidence satisfactory to the State of an irrevocable commitment by:
 - i. The Foundations to fund \$366,000,000 (or the net present value thereof) as part of the DIA Settlement; and
 - ii. The DIA Corp. to fund \$100,000,000 (or the net present value thereof) as part of the DIA Settlement.
- h. The Plan Effective Date occurs on or before April 1, 2015.

5. Non-occurrence of Conditions Precedent. If the Conditions Precedent are not met to the satisfaction of the Authority and the Treasurer on or before April 1, 2015, upon written request of the Treasurer, the Authority shall remit the State Contribution to the Department and shall have no further obligations under this Agreement.

6. Default by GRS and PFRS; Cure Period; Remedies.

- a. A System will be in default if the System has not materially complied with any of the terms and conditions set forth in (i) the Plan, (ii) the Governing Documents, or (iii) this Agreement, including, but not limited to, failing to make the required Income Stabilization Payments or using funds in the Income Stabilization Fund for unauthorized purposes. For the purposes of this Agreement, “Governing Documents” shall mean, (x) for the GRS, the Combined Plan for the General Retirement System of the City of Detroit, Michigan, and (y) for the PFRS, the Combined Plan for the Police and Fire Retirement System of the City of Detroit, Michigan. Notwithstanding subparagraph ‘e’ below, there shall not be an event of default for purposes of this paragraph 6 unless and until the Treasurer delivers to the alleged defaulting System a written notice declaring and specifically identifying the facts of an alleged default (the “Default Notice”). Nothing herein shall prohibit the subject System from contesting the alleged default; provided, however, until the contest over the alleged default is resolved, the subject System may not include its State Contribution, as adjusted for earnings and losses, for purposes of determining whether benefits reduced by the Plan may be restored.
- b. In the event of a default by a System, the System shall have 100 days after receiving the Default Notice in accordance with subparagraph ‘a’ above (the “Cure Period”) to cure such default by remedying the damages sustained as a result of the default, as well as making any delinquent

Income Stabilization Payments, and restoring any funds improperly removed from any other fund maintained by the System, including the Income Stabilization Fund, as applicable. Prior to the expiration of the Cure Period, at least six of the seven total aggregate votes of the Investment Committee for the defaulting System must certify to the Treasurer that (i) the default has been cured, and (ii) that no material damages have been caused by the default that have not otherwise been remedied (the “Cure Certification”). During the Cure Period, the defaulting System may not include its State Contribution, as adjusted for earnings and losses, for purposes of determining whether benefits reduced by the Plan may be restored.

- c. If the Investment Committee for the defaulting System provides the Cure Certification to the Treasurer in accordance with subparagraph ‘b’ above, then the default will be deemed cured and the defaulting System may once again include its State Contribution, as adjusted for earnings and losses, for purposes of determining whether benefits reduced by the Plan may be restored.
- d. If the Investment Committee for the defaulting System fails to provide the Cure Certification to the Treasurer in accordance with subparagraph ‘b’ above, then no portion of the total State Contribution to the defaulting system, as adjusted for earnings and losses, may be taken into consideration by the System during the remainder of the 20 year period following the date of such default for purposes of determining whether benefits reduced by the Plan may be restored. Notwithstanding the foregoing, if at any time during or after the Cure Period the Investment Committee certifies by a simple majority vote, that (i) the default has been cured; and (ii) that no material damages have been caused by the default that have not otherwise been remedied, then the Treasurer may consent to the defaulting System once again including its State Contribution, as adjusted for earnings and losses, for purposes of determining whether benefits reduced by the Plan may be restored, which consent shall not be unreasonably withheld.
- e. Each Investment Committee shall provide compliance reports to the Treasurer on a semi-annual basis and at such other times as the Treasurer reasonably may request (each, a “Compliance Report”) that certifies that the Investment Committee is not aware of any defaults, or, if the Investment Committee is aware of a default, specifically identifying the facts of such default. After review of a Compliance Report, the Treasurer shall provide to the System either a certificate of compliance or a Default Notice.
- f. Notwithstanding the foregoing, in the event of a default, the Treasurer and the Authority shall have the right to pursue all available legal and

equitable remedies against the Board of Trustees for the defaulting System, the Investment Committee, or any other person.

7. Execution in Counterparts. This Agreement may be executed in counterparts, each of which when so executed and delivered shall be deemed to be an original and all of which taken together shall constitute one and the same instrument.

8. Governing Law/Jurisdiction. This Agreement shall be construed in accordance with the laws of the State of Michigan, without reference to its conflict of law provisions, and the obligations, rights and remedies of the parties hereunder shall be determined in accordance with such laws. The Bankruptcy Court of the Eastern District of Michigan shall have exclusive jurisdiction over any action or proceeding solely with respect to this Agreement, and each party, to the extent permitted by law, agrees to submit to such jurisdiction and to waive any defense based on venue or jurisdiction of such court.

9. Amendment. This Agreement may be amended, modified, superseded or canceled, and any of the terms, covenants, representations, warranties or conditions hereof may be waived only by an instrument in writing signed by each of the Parties.

10. Limitation of Liability. The obligation to make the State Contribution is not a general obligation or indebtedness of the State or the Authority and is subject to satisfaction of the conditions described herein. Furthermore, neither the State nor the Authority has any liability or obligation arising from or related to the contributions and funding of the Income Stabilization Fund of each System. Notwithstanding anything contained herein to the contrary, no State Related Entity or board member of the Authority shall have any liability for the representations, warranties, covenants, agreements or other obligations of the State or the Authority hereunder or in any of the certificates, notices or agreements delivered pursuant hereto.

11. Severability. If any one or more of the covenants, agreements or provisions of this Agreement shall be determined by a court of competent jurisdiction to be invalid, the invalidity of any such covenants, agreements and provisions shall in no way affect the validity or effectiveness of the remainder of this Agreement, and it shall continue in force to the fullest extent permitted by law.

12. Headings. Any headings preceding the text of the several articles and sections hereof, and any table of contents or marginal notes appended to copies hereof, shall be solely for convenience or reference and shall not constitute a part of this Agreement, nor shall they affect its meaning, construction or effect.
